Cruise Ship Art Theft Stuart St Paul,2024-05-03 The wealthy owner of the most expensive cruise ships at sea tasks a young and expanding cruise investigation agency with finding his priceless originals. The gang cannot know the owner has discovered the replacement forgeries or that they are being investigated, or they and the art will vanish. A new ship is being fitted out and the maiden voyage draws nearer, but the web is found to spread wider and be far more complex so a young assistant at the investigators office who is a talented artist is sent undercover and into danger, with no training other than her Miami street wit.

Still Reading Romance Josefine Smith,Kathleen W. Taylor Kollman,2025-04-01 In a world that commodifies feminism, is adapting romance novels for small and big screen projects, and the Romance Writers Association is evolving to a more inclusive representative group, it is imperative for researchers to reevaluate the cultural assumptions and gender norming work happening in the romance genre. It is time to question the cultural capital of traditional archetypes, explore the experience of romance readers, and question how romance and cultural studies researchers create quantitative, qualitative, and mixed methods research. This work centers around a data set collected with a revised version of Janice Radway's Reading the Romance survey that will be shared with all the authors of this anthology. By having access to this pool, authors will have the opportunity to explore different elements of reader experience and cultural norms in romance fiction, and potentially reflect on changes since Janice Radway's seminal work. The norms and negotiations readers experience while consuming romance is especially interesting as romancelandia becomes a more mainstream part of popular culture with the popularity of Bridgerton and romance series like Ice Planet Barbarians exploding on BookTok. No other book in romance or popular culture studies identifies a data set as the connecting element, and to do so creates an exciting opportunity to create a more inclusive study of popular romance, offer truly interdisciplinary research on the question of how readers read romance, and generate diverse areas of future scholarship. This edited volume explores multiple issues in romance fiction, based on survey data from real romance readers. An updated version of Janice Radway's influential survey looking at romance readers in the early 1980s, this time scholars explore romance readers' habits and attitudes in the twenty-first century. Each contributor in this volume uses the same survey data to make unique statements about gender, intersectionality, popular fiction, and popular culture. By using a common data set but approaching it from different perspectives, this unique volume is able to apply multiple methodologies to the same subject.

One Flip, Two Flip, Three Flip, Four Crystel Patterson, 2021-05-17 Ruby is stuck in the house on a rainy day with nothing to do. Making the best of her situation, she discovers something that brings her a lot of joy. So much so, it becomes a constant in her life. As she grows up, she learns that the sky's the limit when you dream big and work hard to pursue something you love. One Flip, Two Flip, Three Flip, Four is the first book of the Inspired to be... Series. The Inspired to be... book series is a collection of children's books, meant to spread Black inspiration by promoting representation and positive stories inspired by Black people. This book inspires children to dream big and stay committed to their goals. The moral of the story is simply: The sky's the limit when you dream big and work hard to pursue something you love. All you have to do is take it one step at a time.

The Trail Back Out Jadi Campbell, 2020-08-19 This collection is Jadi Campbell's fourth book and her first finished work in four years. She completed many of these stories during the coronavirus lockdown. From tales of Eddie, high on LSD and trapped by What Died in the Fridge, and a compulsive gambler hiding during a Category Five storm in Better Weather, to the luminous title story of two strangers meeting by chance in the backwoods during a pandemic, her stories describe the pain and humor of being alive. Included in this collection are Rules to Live By, a funny and deeply thoughtful story about what we choose to teach our children. The author examines our responsibility to others when a hunter is shot and left for dead in The Green Under the Snow. In Do Dreams Float? a wife considers a hit-man's offer of revenge. And the eternal search for happiness is carried out by a gloomy little girl nicknamed Princess Rain Clouds. In ten stories, Campbell paints vivid

descriptions of everyday life in strange times. Whether during the upheaval of the last century or the present COVID-19 crisis, *The Trail Back Out* guides the reader through a labyrinth of questions about how to live and love.

How to Market a Book Ricardo Fayet, 2021-01-27 Writing a book is hard. Marketing it can be even harder. Marketing a book in 2023 can seem like a full-time job, what with the crazy number of things authors seem to be expected to do: social media, blog tours, advertising, price promotions, mailing lists, giveaways, you name it. But here's a little secret: you don't need to do all those things to successfully set your book on the path to success. What you need is a solid plan to find the one or two tactics that will work, and start to drive sales... in a minimum amount of time. And that's exactly what you'll find in this book. Instead of drowning you in information or inundating you with hundreds of different tactics and strategies that eventually prove fruitless, this book will guide you through a step-by-step framework to find the ones that actually work for you and your book, so that you can start marketing more efficiently. In particular, you'll learn: □ How to change your mindset and sell more books with less effort.; □ How to write books that guarantee a lasting, profitable career; □ How to get Amazon's Kindle Store to market your book for you; □ How to get thousands of readers into your mailing list before you even release the book; □ How to propel your book to the top of the charts at launch; and □ How to automate your marketing so that you can spend less time marketing and more time writing, After helping over 150,000 authors crack the marketing code through a popular weekly newsletter, Reedsy's Co-founder Ricardo Fayet is sharing everything he's learned over the past few years in this beginner-friendly, jargon-free guide to book marketing. Best of all, the ebook version is and will always remain 100% FREE. Get your copy now and benefit from all the experience of a seasoned marketing professional.

Thoughts and Prayers 2023 ,2023

Hello Universe, It's Me Deepika Sandhu, 2021-01-11 I had no reason to question the life I was living. I did everything I was supposed to do to live an amazing life - great education, great career, married, mother, home-owner, nice-car owner, fancy vacation taker - or so I thought. I was just rushing to cross things off my to-do list one after another, never stopping to ask myself if all this doing was making me happy. None of my checklists said find joy, be fulfilled, authentically align with my soul. But then through a series of serendipitous circumstances, perfectly orchestrated by the Universe, it all came crashing in on me. I was forced to realize that none of the life I created made me happy. My life was amazing on the outside. But on the inside, I longed for something deeper, meaningful, more. So, I scheduled a breakdown. Hello Universe, It's Me is not just my wakeup call. It's yours too. I take you on my journey but as I do I provide you with the tools you need to see that your story matters, the way you navigate your life matters, and finding who you are meant to be and what you are meant to offer this world matters too.

The Keeper of Happy Endings Barbara Davis, 2021-10-01 An enchanting novel about fate, second chances, and hope, lost

and found, by the Amazon Charts bestselling author of *The Last of the Moon Girls*. Soline Roussel is well schooled in the business of happy endings. For generations her family has kept an exclusive bridal salon in Paris, where magic is worked with needle and thread. It's said that the bride who wears a Roussel gown is guaranteed a lifetime of joy. But devastating losses during World War II leave Soline's world and heart in ruins and her faith in love shaken. She boxes up her memories, stowing them away, along with her broken dreams, determined to forget. Decades later, while coping with her own tragic loss, aspiring gallery owner Rory Grant leases Soline's old property and discovers a box containing letters and a vintage wedding dress, never worn. When Rory returns the mementos, an unlikely friendship develops, and eerie parallels in Rory's and Soline's lives begin to surface. It's clear that they were destined to meet—and that Rory may hold the key to righting a forty-year wrong and opening the door to shared healing and, perhaps, a little magic.

Waiting for Grace Caroline E. Zani, 2020-02-04 Eli Cranston, Esq. has fled his Los Angeles law practice after the loss of his wife and daughter. Thirty-four hundred miles away a new life was waiting; one in which Eli could find redemption, forgiveness, and a purpose, if only he would allow it. In a small cottage by the sea, Eli launches a new career in Forward Life Progression--a practice which pushes patients past their traumas and addictions to build a new resilient existence, one they can work toward simply by knowing it exists. But what happens when a client sees a future that includes Eli? Life on a farm in Bar Harbor, Maine, holds the promise of a long winter haunting Eli with unopened boxes and letters. But here, where the light is surreal, transformation can take place. Eli finds Hope; caring for two miniature horses, Ink and Smudge, a pregnant cat, and a handyman named Clem, he sees his own new future. He finds comfort at the market, not in the mysterious fire cider, but in the owner of Full Circle Farm, Rebecca. Can he keep his secrets and move forward? Is anyone ever really allowed to leave their past behind completely? Eli's monthly visits to his idol, Dr. Otto Gunther, an eighty-six-year-old holocaust survivor, reveals a past life from this future-life expert that Eli was not expecting. As it turns out, everyone is

looking for second chances, and waiting for redemption in whatever form, and however long, it takes.

Lovelight Farms B.K. Borison,2021-11-10 One of Amazon's Best Romances of June! Two best friends fake date to reach their holiday happily ever after in this first romantic comedy in the Lovelight series. A pasture of dead trees. A hostile takeover of the Santa barn by a family of raccoons. And shipments that have mysteriously gone missing. Lovelight Farms is not the magical winter wonderland of Stella Bloom's dreams. In an effort to save the Christmas tree farm she's loved since she was a kid, Stella enters a contest with Instagram-famous influencer Evelyn St. James. With the added publicity and the \$100,000 cash prize, Stella might just be able to save the farm from its financial woes. There's just one problem. To make the farm seem like a romantic destination for the holidays, she lied on her application and said she owns Lovelight Farms with her boyfriend. Only...there is no boyfriend. Enter best friend Luka Peters. He just stopped by for some hot chocolate and somehow got a farm and a serious girlfriend in the process. But fake dating his best friend might be the best Christmas present he's ever received.

The Reality Creators Christopher Hall,2020-03-21 We're alone together on Earth. We try to make do sorting things out the best we can living on this rock in space. Unfortunately, a few powerful people manage the private and public sectors we call the corporate-government complex or the political economy. They are the Reality Creators. We must create our own reality.

Rook to King Carina Taylor,2023-04-09 A romantic adventure Bodie King My entire life revolves around convincing people to do what I want. Some people call me a con man. Some people call me...other things. I prefer to call myself a broker. (I even made business cards, so it must be official.) Charming someone into helping me has never been a problem-until now. The Bennetto chess set is rumored to lead to a priceless fortune. Who better to find it than me? I need an authenticator to help me buy the missing pieces of the chess set. The problem is finding someone who knows the set but is still honest-a quality I lack. Enter Gracen Winthrop. She's knowledgeable. Annoyingly trustworthy. And, most importantly, available. After some persuasion, she seems to catch the treasure hunting bug as well. Unfortunately, I don't actually want to share. Now Gracen refuses to be left behind, despite a homicidal, grudge-holding ex-employee of mine chasing after us. I can't protect her...but turns out she can handle herself just fine. The closer we get to the chess set, the slower I want to find it. Because once I find the missing pieces? I'm going to disappear into the sunset, never to see Gracen again. But Gracen has her own secrets...and how could I expect her to ever love a con?

The Pyramids of Atlantis Jason Shaw,2018 The Pyramids of Atlantis is a fantasy novel about hope and survival of the human race. But one that incorporates within its story a definite suspicion of truth. In 2020 the body of a time traveler and his malfunctioning time machine materialize in the apartment of the main character. The machines primary task is to help save the world from destruction by aliens who visit this planet seeking friendship and trade but most are cruelly slaughtered

simply for being different. The survivors escape, returning in force in 2156 and destroy the Earth. But we have guardians. Another alien race has been observing this planet for thousands of years. Against all their teachings they use the time machine to change the future by modifying human development. Vast numbers of cerebral computers are to be produced. The task of producing them in sufficient numbers proves to be impossible. And the decision is taken to use implants. The aliens will first introduce a global pandemic. The implants will be hidden in the antidote capsules sent by their home planet. But the numbers of the capsules sent will only be sufficient to save a percentage of the population resulting in two and a half billion humans being culled. However the survivors are to be offered the choice of living a disease free lifespan of between four to five hundred years. In the meantime the machine is at the disposal of the main character. Where would you visit if you had your own time machine? Would they include Ancient Rome, Athens, Troy. Or Egypt when the pyramids were being built? And then of course there is Atlantis. Extracts from a professional critique done on the book

The very first impression I gained from *The Pyramids of Atlantis* is that it is a very professionally written and highly competently constructed novel which held my attention literally from first paragraph to last. It has drama, mystery and a sophisticated plot. I found myself reading the book in two sittings which is probably indicative of its quality since it is by no means a short novel. The book as a whole has a great deal to recommend it, not least the carefully conceived and generally well executed plot which I found to be very suitable for the target demographic. Overall, this is undoubtedly one of the best books of its type that I have read for some time. The locations, background and context as well as the more abstract psychological elements represent very specialised environments so it is important that the setting rings true. I would suspect that the author has either carried out a great deal of thorough research or was familiar with the context to an extent already. To look now at certain specifics, the plot of this work is very good indeed and the author has done well to fashion a credible plot from some situations which could have appeared a little exaggerated (but this can be forgiven in a book of this type where fantasy is reality and vice versa). This is, in part, because the novel is as much character driven as it is narrative driven.
