The User's Directory of Computer Networks Tracy Laquey, 2014-06-28 Your map through the network jungle. Here's how to track down virtually every network available to academics and researchers. This new book, with its detailed compilation of host-level information, provides everything you need to locate resources, send mail to colleagues and friends worldwide, and answer questions about how to access major national and international networks. Extensively cross-referenced information on ARPANET/MILNET, BITNET, CSNET, Esnet, NSFNET, SPAN, THeNet, USENET, and loads of others is all provided. Included are detailed lists of hosts, site contacts, administrative domains, and organizations. Plus, a tutorial chapter with handy reference tables reveals electronic mail 'secrets' that make it easier to take advantage of networking.

Cases on Higher Education Spaces: Innovation, Collaboration, and Technology Carpenter, Russell G., 2012-12-31 Higher education spaces are undergoing radical transformations in an attempt to respond to the needs of 21st-century learners and a renewed interest in collaboration that spans beyond the walls of departments, colleges, and libraries. *Cases on Higher Education Spaces: Innovation, Collaboration, and Technology* highlights key innovations and collaborative ventures in space design from across campuses and institutions. Including writing and communication centers, studios, libraries, digital media labs, learning commons, and academic learning spaces, this collection is ideally suited for university and professional administrators.

Distributed Computing Raman Khanna, 1994 Focusing on distributed computing implementation, this work presents the current state-of-the-art in distributed computing in industry and academia. Covers OSF DCE and DME, ONC, NFS, distributed file systems, user services management and security in a distributed environment. Features case studies of actual implementations at leading corporations, universities, and industry consortia.

Principles, Methodologies, and Service-Oriented Approaches for Cloud Computing Yang, Xiaoyu, 2013-01-31 Innovations in cloud and service-oriented architectures continue to attract attention by offering interesting opportunities for research in scientific communities. Although advancements such as computational power, storage, networking, and infrastructure have aided in making major progress in the implementation and realization of cloud-based systems, there are still significant concerns that need to be taken into account. Principles, Methodologies, and Service-Oriented Approaches for Cloud Computing aims to present insight into Cloud principles, examine associated methods and technologies, and investigate the use of service-oriented computing technologies. In addressing supporting infrastructure of the Cloud, including associated challenges and pressing issues, this reference source aims to present researchers, engineers, and IT professionals with various approaches in Cloud computing.

Campus Strategies for Libraries and Electronic Information Caroline Arms, 2014-06-28 A look at how ten American colleges and Universities bridged the gap between computing, administrative, and library organisations Detailed case studies from ten American colleges and universities will prepare you to make better plans and decisions for an electronic library, integrated information management system, or unified information resource. You'll find models and guidelines covering reference services, latest philosophies and strategies, management and organization issues, delivery mechanisms, and more.
