CELBANPrep Writing Level One Textbook Kim Kara,2019-07-04 Preparing for an English Proficiency exam requires more than simply sitting down and writing. Those who get the highest scores know how to do two things: 1) how to manage their time effectively and 2) how to identify their own errors and correct them before the time is up. For over ten years Internationally Educated Nurses have increased their scores for the CELBAN Writing task by mastering these skills. Through CELBANPrep Writing Level One, by managing their time so that they have time left to find mistakes and correct them - IENs have been able to increase their scores not only on the CELBAN but also the IELTS and every other written test/assignment/task that they have completed after taking CELBANPrep. Now, for the first time ever, CELBANPrep Writing Level One is available as a textbook! TWO COMPONENTS1. This Kindle Textbook2. A Membership at www.CELBANPrep.info to access the teaching videos and writing samples.Having learned how to use time efficiently, followed by both identifying

and correcting errors, learners are then ready for CELBANPrep Writing Level Two: Writing in a Nursing Context. It is in this second volume that IENs apply these advanced test taking strategies to writing incident and assessment report. Many people want to skip CELBANPrep Writing Level One and go right to Level Two: without having learned how to manage their time effectively and without having learned how to turn their weaknesses when it comes to grammar, punctuation, and organization into strengths. There are faults in this way of thinking that cause people to fail exams. Learning how to organize your thoughts in a timely fashion; learning how to identify and correct your errors: mastering these skills has been a key for success for hundreds of nurses from across Canada and around the world. So take the time to consider: do you want to pass the exam? Then what are you willing to do? How much time and effort are you willing to invest in your future. Decide. Commit. Practice. Overcome. Achieve. That is the CELBANPrep way. The CELBANPrep Method has been proven effective and trusted over ten years! Now it is available as a text book! (Learn more about Kim and CELBANPrep on the Dear Kim blog: https: //dear-kim.com or www.iepc.ca.)Mind you, reading a book is one thing. Doing the assignments is another. All of the CELBAN preparation material created by Dear Kim includes: instructions, videos, examples and assignments. It is recommended that you spend 30 minutes a day practicing. It is also recommended that you work with a tutor. There is a special section for tutors/teachers/mentors and guides. CELBANPrep Writing is accessible on your computer, your laptop, your table and/or your phone. Additional resources have been created so that you can access them on your iPhone or iPad. This means that CELBANPrep Writing reviewers are available across Canada. In fact, CELBANPrep is also available internationally through other Amazon sites! **NOTE** As a Kindle Interactive Edition, the CELBANPrep Suite available through Amazon has been created to look exactly like a textbook; it is not formatted like e-book novels with reflowable pages. Instead links and videos are embedded in textbook. When using the FREE Kindle App every device interprets this information differently. Links/Videos/Audios and other features will present differently on each device: desktop, laptop, tablet and phone (iPad and iPhone). Using the FREE Kindle app, on different devices will allow you to become familiar with the strengths and limitations of each one. Once you become familiar with how to access the videos it will be easier! A Membership is available to access videos at www.CELBANPrep.info if you can not access the videos on your device(s). It also grants you access to Writing Assignments for lessons 1-4 written by Internationally Educated Health Professionals who have taken CELBANPrep Writing before you!Get both!
