Anita Desai

A Diamond in the Dust Frauke Bolten-Boshammer, 2018-10-23 The powerful true story of how one woman turned outback dust into a diamond empire. Within minutes of landing in Kununurra, Frauke Bolten had made up her mind to get on a plane back home to Germany. It was 1981 and the dusty frontier town was no place for a woman. However, Frauke stayed, determined to help her husband carve out a new life farming. Tragedy struck just three years later when Friedrich took his own life and she was left to raise their family alone. Twenty-six years after she sold her first necklace off the back porch, Kimberley Fine Diamonds in Kununurra is now home to one of the world's largest collections of Argyle pink diamonds, with a client list that includes Nicole Kidman and Hugh Jackman. Frauke is credited for not only pioneering an industry, but for putting the tiny outback town and its precious diamonds on the map. *A Diamond in the Dust* is a tale of love and loss, hardship and heartache, but ultimately the inspiring story of how a young girl from Germany overcame tragedy to pioneer a diamond empire in one of the most unforgiving terrains on earth.

Diamond Dust and Other Stories Anita Desai, 2001 This is a collection of stories where the protagonists set out on journeys and find themselves suddenly beyond the pale, or back where they started from. A beloved dog brings chaos, and a businessman sees his own death.

Sweet Diamond Dust Rosario Ferre, 1996-10-01 Rosario Ferre uses family history as a metaphor for the class struggles and political evolution of Latin America and Puerto Rico in this highly provocative, profound, and delightfully readable collection of stories. Originally published in Spanish under the title *Maldito Amor* (Cursed Love), *Sweet Diamond Dust* introduced American readers to a voice that is by turns lyrical and wickedly satiric. In this tale the De La Valle family's secrets, ambitions, and passions, interwoven with the fate of the local sugar mill, are recounted by various relatives, friends, and servants. As the characters struggle under the burden of privilege, the story, permeated with haunting echoes of Puerto Rico's own turbulent history, becomes a splendid allegory for a nation's past. The three accompanying stories each follow the lives of the descendants of the De La Valle family, making the book a drama in four parts, raising troubling issues of race, religion, freedom, and sex, with Ferre's trademark irony and startling imagery.

Diamonds in the Dust Charmaine Pauls, 2020-05-11 A DARK MAFIA ROMANCE Men like us, we see things. We do things, things that make us unfeeling. That's the price of power and money, of living la belle vie and running the French

mafia. Then she came along like a pretty wildflower pushing through the cracks on a dirty pavement - fragile yet resilient, a breath of beauty among the filth. She was supposed to be just another job, a nameless person I was to pluck from her life and hand to my brother, nothing but a pawn in the gamble of our diamond business. There's a psychological label for men like us. We lack empathy and guilt. We do things to have what we want, things that make flowers wilt. * Diamonds in the Dust is Book 1 of the Diamonds are Forever trilogy and ends on a cliffhanger. Diamonds in the Rough (Book 2) will be released on 14 July 2020, and Diamonds are Forever (Book 3) on 15 September 2020. Diamonds in the Dust Saurabh Mukherjee, Rakshit Ranjan, Salil Desai, 2021-08-16 Over the last few years, there has been a growing realization among Indians that their life's savings, the bulk of which are parked in physical assets like real estate and gold, are unlikely to help them generate sufficient returns to fund their financial goals, including retirement. At the same time, many have lost their hard-earned money trying to invest in financial assets, including debt and equities. Such losses have occurred due to many reasons, such as corporate frauds, weak business models and misallocation of capital by the companies in whose shares unsuspecting investors parked their savings. What options do Indian savers then have to invest in, and build their wealth? Diamonds in the Dust offers Indian savers a simple, yet highly effective, investment technique to identify clean, well-managed Indian companies that have consistently generated outsized returns for investors. Based on in-depth research conducted by the award-winning team at Marcellus Investment Managers, it uses case studies and charts to help readers learn the art and science of investing in the US\$3 trillion Indian stock market. The book also debunks many notions of investing that have emerged from the misguided application of Western investment theories in the Indian context. Vital and indispensable, this book will serve as the ultimate manual on investing and provide practical counsel to readers to achieve their financial goals.
