Gideon the Ninth “Deft, tense and atmospheric, compellingly immersive and wildly original.” —The New York Times on Gideon the Ninth She answered the Emperor's call. She arrived with her arts, her wits, and her only friend. In victory, her world has turned to ash. After rocking the cosmos with her deathly debut, Tamsyn Muir continues the story of the penumbral Ninth House in Harrow the Ninth, a mind-twisting puzzle box of mystery, murder, magic, and mayhem. Nothing is as it seems in the halls of the Emperor, and the fate of the galaxy rests on one woman's shoulders. Harrowhark Nonagesimus, last necromancer of the Ninth House, has been drafted by her Emperor to fight an unwinnable war. Side-by-side with a detested rival, Harrow must perfect her skills and become an angel of undeath — but her health is failing, her sword makes her nauseous, and even her mind is threatening to betray her. Sealed in the gothic gloom of the Emperor's Mithraeum with three unfriendly teachers, hunted by the mad ghost of a murdered planet, Harrow must confront two unwelcome questions: is somebody trying to kill her? And if they succeeded, would the universe be better off? Fantasy Fiction Jennifer Pullen, 2023-12-14 The first fantasy-writing textbook to combine a historical genre overview with an anthology and comprehensive craft guide, this book explores the blue prints of one of the most popular forms of genre fiction. The first section will acquaint readers with the vast canon of existing fantasy fiction and outline the many sub-genres encompassed within it before examining the important relationship between fantasy and creative writing, the academy and publishing. A craft guide follows which equips students with the key concepts of storytelling as they are impacted by writing through a fantastical lens. These include: - Character and dialogue - Point of view - Plot and structure - Worldbuilding settings, ideologies and cultures - Style and revision The third section guides students through the spectrum of styles as they are classified in fantasy fiction from Epic and high fantasy, through Lovecraftian and Weird fiction, to magical realism and hybrid fantasy. An accompanying anthology will provide students with a greater awareness of the range of possibilities open to them as fantasy writers and will feature such writers as Ursula Le Guin, China Miéville, Theodora Goss, Emrys Donaldson, Ken Liu, C.S.E. Cooney, Vandana Singh, Sofia Samatar, Rebecca Roanhorse, Jessie Ulmer, Yxta Maya Murray, and Rachael K. Jones. With writing exercises, prompts, additional online resources and cues for further reading throughout, this is an essential resource for anyone wanting to write fantastical fiction.

Genre Cross Points Ethan Parker, AI, 2025-04-07 Genre Cross Points explores the increasing integration of LGBTQ+ themes within genre fiction, particularly in graphic novels and comics. It investigates how these narratives reflect and influence societal perceptions of identity, sexuality, and representation. The book demonstrates how LGBTQ+ representation has evolved from early, often coded, appearances to today's diverse and explicit narratives, highlighting how genre fiction offers a unique space for exploring complex issues and challenging heteronormative assumptions. For instance, the book

analyzes how LGBTQ+ characters, often relegated to the sidelines, take center stage in these narratives, subverting expectations. The book examines specific examples across genres like fantasy, science fiction, romance, and horror, critically analyzing narrative strategies and character development. It also considers the social and political contexts shaping these representations, such as the impact of the AIDS crisis and the fight for marriage equality. Structured in three sections, *Genre Cross Points* first introduces key concepts, then offers detailed analyses of specific works, and finally synthesizes findings to discuss implications for LGBTQ+ visibility and social change. The book approaches information with an academic yet accessible tone, making it valuable for scholars, educators, creators, and anyone interested in the power of storytelling.

Fantasy Publishing Facts Jacob Smith, 2025-02-20 *Fantasy Publishing Facts* explores the business and social science aspects of the fantasy genre, revealing the economic engines and social dynamics that drive this popular form of entertainment. The book delves into the publishing industry, examining sales data and market trends to understand the financial scale of fantasy literature. It also investigates reader demographics and the influence of social media on readership, providing a comprehensive view of the fantasy ecosystem. A key insight is the demonstration of how the fantasy genre functions as both a creative endeavor and a complex system. The book uses a data-driven approach, integrating economic analysis with social science insights to reveal the interplay between publishers and readers. For instance, author incomes and reader demographics are analyzed alongside social media trends to showcase the economic impact and social influences

shaping the genre. The book progresses through four sections, starting with core concepts and methodologies, then analyzing the production side (sales, incomes, publishing houses), followed by an examination of readership (demographics, communities, social media), and finally, synthesizing these findings to offer practical implications for authors, publishers, and marketers. This multi-dimensional approach makes *Fantasy Publishing Facts* uniquely valuable for anyone seeking a deeper understanding of the fantasy publishing world.

Cosplayers A. Luxx Mishou, 2021-05-30 *Cosplayers: Gender and Identity* is an examination of identity practices in cosplay, as expressed by cosplayers themselves. It challenges the assumed correlation between cosplay and cosplayer identity and considers the lived experiences of cosplayers engaging in the fan practice of sartorial performance. Through a series of chapters covering the blurring lines of gender, sexualized fantasy in real spaces, and nostalgia, the author argues that observational data run the risk of affirming normative expectations of identity in the absence of cosplayer narratives, and produce misreadings that generalize. The work develops and builds an understanding of a complex cultural system of art, engaging with multiple methodologies to make identity, fandom, and critical analysis on the parts of participants and observers alike. This is an accessible and innovative study suitable for scholars and students in gender studies, cultural studies, sexuality studies, sociology, and media studies.

Southern Writers at Century's End Jeffrey J. Folks,James A. Perkins,2014-10-17 Since the end of World War II, the South has experienced a greater awareness of growth and of its accompanying tensions than other regions of the United States. The rapid change that climaxed with the war in Vietnam, the Cold War, civil rights demonstrations, and Watergate has forced the traditional South to come to terms with social upheaval. As the essays collected in *Southern Writers at Century's End* point out, southern writing: since 1975 reflects the confusion and violence that have characterized late-twentieth-century public culture. These essays consider the work of twenty-one of the foremost southern writers whose most important fiction has appeared in the last quarter of this century. As the region's contemporary writers have begun to gain a wide audience, critics have begun to distinguish what Hugh Holman has called the fresh, the vital, and the new in southern literary culture. *Southern Writers at Century's End* is the first volume to take an extensive look at the current generation of southern writers. Authors considered include: James Lee Burke, Fred Chappell, Robert Drake, Andre Dubus, Clyde Edgerton, Richard Ford, Kaye Gibbons, John Grisham, Barry Hannah, Mary Hood, Josephine Humphreys, Randall Kenan, Richard Marius, Bobbie Ann Mason, Cormac McCarthy, Tim McLaurin, T.R. Pearson, Lee Smith, Anne Tyle,r Alice Walker, and James Wilcox.
