Hussin A.Rothana

Mobster's Angel Amy Rachiele, 2013-12-14 Being smart doesn't save you from terror and doesn't teach you how to live with it. You can't escape the mob. It's part of your existence! Vito has grown up in the underworld of the mob. He has recently reached age eighteen. His family has been involved since the thirties. In 2014, the rules haven't changed much. What worked then, works now; power, violence, and loyalty. Love isn't something you can control. As much as Vito, mobster enforcer, wish he could, he can't. And falling in love with someone who is close to jail-bait age is even tougher. Vito bides his time and waits. For a hasty guy with limited self-control, it's difficult to curb his impulses. At age fifteen, Erin just wants to forget. Erin's world came crashing down when she learned her family was not what they seemed. She's been living in a lie. No one told her her family was mob. The cliché ignorance is bliss becomes a sharp stabbing realization when she has to learn to cope with the aftermath. "Sometimes I hear him whispering in my ear as if my conscience has grown and matured into a six foot three dark haired male. The studying, reading, and listening I did to impress adults are nothing compared to what I learned from Vito." ~ Erin New Adult Contemporary Mafia Romance Novel mobster romance books, organized crime romance, mafia romance novels, free ebooks store, new adult contemporary romance novel, free mobster book, mobsters and gangsters

And in THE OTHER, Spidey faces his biggest threat yet - a foe so insidious he can't hope to handle it alone. With friends like Reed Richards, Stephen Strange and Hank Pym, he won't have to. It's True! You eat poison every day (18) Peter Macinnis,Bettina Guthridge,2006-01-01 Pssst! It's true! This is the best book on poisons you'll ever read. Did you realise that you take poison at least once a day? There's cyanide in apple pips and harm in herbs, not to mention food preservatives, art supplies, fabric dyes and treatments once used for skin care and headlice. In this book, you read about toxic wallpaper that killed even bedbugs; find out why Bath buns were bad for bun buyers and how poison might cure cancer; and bone up on murder mysteries, including the one about glow-in-the-dark soup. Treat your friends to toxic tales and poisonous plots!

Work with Me Simon Dowling,2016-08-03 Lead from any level with the power of buy-in Work with Me shows you how to master the art of the 'buy-in.' You achieve better results when people go along with your ideas because they want to, not because they have to; the key is knowing how to build that kind of commitment This is the art of buy-in, and it's one of the most powerful skills you can have. When people are fully on board, they bring their full selves to the project. This drives their priorities, their performance, their innovation and ultimately, your outcome. Buy-in sits at the heart of creative and collaborative cultures; it drives highly adaptive and nimble teams. This book is a how-to guide for achieving buy-in, regardless of your leadership level. It's not about using power and authority, it's about building support and commitment to your ideas and initiatives. You can lead from any level, even laterally, and have a positive impact on the way things are done in your organisation. This book is your coach for speaking up, standing out and embracing the changes that fuel engaged workplaces and better business. Build engagement, agreement, commitment and ownership Overcome obstacles and drive stellar performance Deliver optimal outcomes through enthusiastic collaboration Boost creativity, passion, energy and focus In the shift from traditional industrial economies to a value-focused economy of ideas, organisations thrive on great ideas, but those ideas don't count unless they're actually implemented. Work with Me shows you how to get people on board so you can bring great ideas to life.

The Hills of Faraway Diana Waggoner,1978 A study and bibliography of modern fantasy novels and stories, concentrating on books that have taken on somewhat classic proportions, but examining others as well. Chapter one defines fantasy as a type of modern literature, establishing certain set subgenres, using terminology derived from J.R.R. Tolkien's *On Fairy-Stories* and Northrop Frye's *Anatomy of Criticism*. Chapter two is a historical overview of fantasy from George MacDonald and William Morris to the present. The bibliographical guide consists of approximately one thousand annotated entries, evaluating the works and placing them in their appropriate subgenres ... Four appendices list fantasies by subgenre, by year of appearance, and by awards given to them. There is also a discussion, with examples, of the current state of fantasy illustration.
