The Book Of Love Klaus Wirtz,2019-12-26 I try to explain love from my point of view, divide and explain it in the individual variations. A couple of food for thought give to partnership and what is necessary for a happy relationship, to respond to the magic of love and love spells, to heartache and how one can possibly overcome it more easily. I would be happy if this book succeeds in making it easier for one or the other to understand love and or his or her partner a little better, if perhaps a troubled relationship becomes more harmonious again or if the crisis does not even occur. I think it makes perfect sense if both people in a partnership read this book, either each for themselves or both together, read this book and discuss the individual points, which will improve understanding can arise and the relationship can grow. I also want this book to help overcome heartache, or even better, the heartache does not arise at all.
