Love in the Time of Cholera (Illustrated Edition) Gabriel García Márquez,2020-10-27 A beautifully packaged edition of one of García Márquez's most beloved novels, with never-before-seen color illustrations by the Chilean artist Luisa Rivera and an interior design created by the author's son, Gonzalo García Barcha. In their youth, Florentino Ariza and Fermina Daza fall passionately in love. When Fermina eventually chooses to marry a wealthy, well-born doctor, Florentino is devastated, but he is a romantic. As he rises in his business career he whiles away the years in 622 affairs—yet he reserves his heart for Fermina. Her husband dies at last, and Florentino purposefully attends the funeral. Fifty years, nine months, and four days after he first declared his love for Fermina, he will do so again.

Romantic Love in Cultural Contexts Victor Karandashev,2016-12-24 This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people, in various historical eras, and in all the world's cultures. Yet, love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel, think, and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting-edge research that has advanced the field.

Divided into three parts, the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world, focusing particularly on the development of romantic love as a cultural ideal of the modern cultures. Finally, the book concludes by summarizing the major achievements in this field of study and predicts future development. A timely and thoughtful addition to the literature, *Romantic Love in Cultural Contexts* delivers thought-provoking insights to researchers in relationship scholarship, sociology, anthropology, and cultural studies, and all those interested in the universal human concept of love. Overall I find Dr. Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross-cultural research and of anthropology. In our increasingly connected world *Romantic Love in Cultural Contexts* updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures. Romantic love encompasses the life span, rather than being a phenomenon largely confined to youthful years. The topic of this project concerns the deepest of our sentiments and pervades life from birth to death. This book contributes to better knowledge of this phenomenon across generations. Love in the Time of Cholera Gabriel García Márquez, 1995 Based on the bestselling novel by Nobel Prize winning author, Gabriel Garcia Marquez, comes an epic love story that spans a lifetime, set against the breathtaking backdrop of South America during the turn of the century. Love In The Time Of Global Warming, With Betty And Veronica, And Zombies Martin Avery, 2013-09-04 *Love In The Time Of Global Warming, With Betty And Veronica, and Zombies*, lives up to all the promise in its title. Fidel & Gabo Angel Esteban, 2011-10-12 An exposé of the controversial friendship between Nobel-prize winning author Gabriel Garcia Marquez and Fidel Castro. Few contemporary writers are more revered by Americans than Gabriel Garcia Marquez, the Nobel prize-winning author of *Love in the Time of Cholera* and *One Hundred Years of Solitude*. And few political leaders are more reviled than Fidel Castro. Yet these two seemingly disparate men are close friends. What could possibly unite these two men in friendship? In *Fidel and Gabo*, Márquez scholars Ángel Esteban and Stéphanie Panichelli examine this strange, intimate, and incredibly controversial friendship between the beloved author and Cuban dictator,

exposing facets of their personalities never before revealed to the greater public. For years, Márquez, long fascinated with power, solicited and flattered Castro in hopes of a personal audience, for he viewed Castro's Cuba as the model on which Latin American would one day build its own brand of socialism. Upon their first meeting, Castro quickly came to regard Márquez as a genius and still calls him his closest friend and confidant. To this day, Márquez still gives Castro "first look" at all his manuscripts and craves his approval. Fidel and Gabo is a vivid and in-depth look at two of the most influential men of the modern era, their worlds, and the effect this friendship has had on their life and works.

Perspectives on the life and works of Gabriel García Márquez Gustavo Arango,2023-04-11 Perspectives on the life and works of Gabriel García Márquez: Caribbean Troubadour explores both the big picture and the small details about the Colombian Nobel Prize winner: his development as an artist, the construction of his public persona, the characteristics and the significance of his most relevant works, the secrets and the agonies of his trade, the blurred line between fact and fiction, and the recurrent themes of solitude, truth, love. Arango brings special attention to García Márquez's Caribbean background, as well as the deep roots of his works in the tradition of the medieval troubadours.
