

Mapa Del Cruce De Los Andes

Academia Argentina de Geografía

Mas Liviano Que El Aire Nelson Montes-Bradley, 2007-01-01

Mapas, planos, croquis y dibujos sobre Cuyo durante el período hispánico (1561-1810) Pedro Santos Martínez, 1994 Brief historical overview is followed by rather poorly reproduced maps, sketches, and architectural drawings related to the Cuyo district (including Mendoza and San Juan), culled from archives in Spain and America. Largest number of illustrations are either general maps or road maps, although sketches of urban and rural terrenos are also numerous. Perhaps most interesting are drawings for bridges, colegios, and churches. Worthwhile catalog deserves better quality reproductions-- Handbook of Latin American Studies, v. 58.

Frontera argentino-chilena. Memoria presentada al Tribunal nombrado por el gobierno de su Majestad británica "para considerar e informar sobre las diferencias suscitadas respecto a la frontera entre las repúblicas argentina y chilena" a fin de justificar la demanda argentina de que el límite se trace en la cumbre de la cordillera de los Andes de acuerdo con los Tratados de 1881 y 1893 Argentina, 1902

Nuestra historia, 1968

El mapa de Las Pampas Ramiro Martínez Sierra, 1975

Viajes y geografías Perla Zusman, Hortensia Castro, 2007 La época actual se caracteriza por la intensificación y el aumento en la heterogeneidad de los desplazamientos. Esos movimientos han tenido y tienen diferentes causas, motivaciones y duraciones: dentro de una amplia gama de prácticas de movilidad puede distinguirse aquellas vinculadas a las migraciones laborales o provocadas por fenómenos naturales, hambrunas y conflictos políticos o religiosos, hasta aquellas relacionadas con motivos de estudio, empresariales, científicos y de turismo. Frente a esta situación, algunos estudios inscriptos en las Ciencias Sociales han revisado los conceptos y los métodos tradicionales, y han elaborado nuevos enfoques analíticos para examinar problemáticas asociadas al viaje, al traslado y al movimiento. La Geografía no ha escapado a esta situación. Este libro reúne diversos estudios que abordan el papel de los desplazamientos en la configuración de lugares en tiempos pasados y presentes. En el marco de los procesos de desterritorialización y reterritorialización del capital, la reflexión sobre las prácticas de los viajeros, de los turistas y de los migrantes, ofrece elementos para construir una Geografía Cultural que encuentre así sus bases en el desplazamiento y no sólo en el sedentarismo o, en todo caso, en la yuxtaposición de ambas

prácticas, donde, en términos de James Clifford, importan no sólo las raíces sino también las rutas.

Argentina en el siglo XIX Celina Bonini,2005

Nueva historia argentina Myriam Noemí Tarrago, Enrique Tandeter, 2000 Un Atlas Historico de la Argentina? Tiempo y espacio se unen en esta síntesis de la evolución histórica de la Argentina en sus dimensiones políticas, económicas, sociales y culturales. Quiénes habitaron el territorio, cómo fue conquistado y ocupado por la corona española, cuando y por qué estallaron las revoluciones, cuál fue el proceso de conformación del Estado nacional, quiénes eran los habitantes y cómo evolucionó la población, cómo se transformaron las ciudades, de qué forma se producía y quiénes eran los productores en el campo y en la ciudad, quiénes gobernaron y cómo era el sistema político: son algunas de las preguntas que se formulan las personas interesadas en el pasado argentino. El Atlas Histórico de la Nueva Historia Argentina ayuda a responder esos interrogantes de la manera ordenada y sistemática. Es un instrumento de trabajo y una obra de consulta indispensable. Desde la historia de los hombres que poblaron el actual territorio de la Argentina en tiempos prehistóricos hasta hace apenas unos pocos años, el texto articula la información y los mapas contribuyen a comprender los cambios espaciales y temporales así como complementan al texto mismo. En suma, las claves del proceso histórico se encuentran contrastadas con abundante material visual (mapas, gráficos, imágenes) y con la síntesis cronológica de los acontecimientos.
