Robert Cleverdon

Tourism in India and India's Economic Development Kartik Chandra Roy, 1998 Just as the environment needs to be sustained to encourage ecotourism, other types of tourism must also be thought of in terms of sustainability. With issues generalizable to other developing countries, 17 papers by contributors primarily from India and Australia analyze the importance of tourism in India's economic development and measures taken to ensure sustainable growth of this industry. Specialists narratively and graphically detail aspects of India's tourism such as trends in number and satisfaction ratings of tourists, national policies, environmental issues, employment generation, regional tourism, eco-friendly and national park tourism. The Need for Sustainable Tourism in an Era of Global Climate Change Pardeep Singh, Shikha Daga, Kiran Yadav, Abhay Jain, 2024-12-02 This insightful work analyses how the tourism and hospitality industry may lower its carbon footprint and maintain its long-term viability by implementing energy-efficient and waste-reduction technology. The book will discuss how sustainable tourism may achieve its sustainable development objectives and contribute to a green global economy.

A Textbook of Tourism for Class XI (A.Y. 2023-24) Onward Nimit Chowdhary, 2023-05-20 A Textbook of Tourism [Subject Code 806] for Class 11 is designed to facilitate the job role of Travel Blogger, Airline Staff, Hotelier, Tourism Manager, Travel Consultant, Front Office Executive, Travel Executive, Tourist Guide, Transport Agent and Tour Operator. This book has been developed as per the latest syllabus and examination pattern prescribed by the CBSE. The language in the book is deliberately kept reader-friendly, allowing easy accessibility and grasp of knowledge. This book on tourism provides detailed information on tourism concepts. It also emphasises the connections between tourism and India's and the world's history and geography. The book also highlights the role of hospitality, accommodations, tourism activities and ancillary services in tourism. A discussion on different types of tourism organisations in the world has also been presented, emphasising their roles in promoting and developing the travel and tourism industry. Nowadays, the hospitality and tourism industries are among the world's largest. It began with travel during human civilisations when humans began to live in an organised society. In modern and post-modern times, tourism has evolved manifold, and its demand has also increased.

Travel and tourism promote happiness for various reasons, from leisure and pleasure to psychological and physical well-being and benefits. Considering the growth and development of travel and tourism, the need for professionals to cater to the needs of this dynamic industry was felt. Tourism professionals require an in-depth knowledge gained through multi-disciplinary approaches such as history, geography, culture, anthropology, psychology and tourism business, and thus, the need for competency-based vocational education was realised. In this regard, CBSE introduced travel and tourism courses as part of the tourism and hospitality stream. Each chapter has been divided into the following parts: (a) Introduction: It introduces you to the chapter's topic and learning objectives. (b) Relevant Knowledge: This part of the unit provides you with relevant information on the topics covered. The knowledge developed through this part will enable the students to perform certain activities listed at the end of each topic. (c) Assignment: The various questions included in this part of the chapter will help the students to check their understanding of the topics learnt. Sincere attempts have been made to keep the language of the book simple. The concepts have also been explained through pictorial illustrations wherever necessary. This will allow the students to have a swift reading of the book, making the content of the book easy to understand. We also hope that this book will boost the students' morale and enormously benefit the teachers. Constructive suggestions for the improvement of the book are most welcome. The authors would be glad to read the feedback and implement it in upcoming books. -Authors

Tourism Economics Ozan Bahar, Metin Kozak, 2008 The development of tourism in a country/region carries some social and economical changes with their positive, as well as negative, aspects. It is possible to assess the effect of tourism on the balance of payments, its income constituting effect including employment, balanced development among the regions, other industries in the economy, and the effect on the improvement of the superstructure, as well as infrastructure within the scope of macro economical effects. Similarly, its effect on the real wages and prices, opportunity cost; internal and external economies effect are the selected examples of the micro effects of tourism. This book aims to examine both effects of tourism in a national economy in detail. To achieve this, it gives detailed information from the knowledge, as well as some practical examples which fits nicely into the subject.

Tourism and Sustainable Economic Development Amedeo Fossati,Giorgio Panella,2012-12-06 For many countries tourism is an industry of great economic significance; it is seen as a main instrument for regional development, as it stimulates new economic activities. Tourism may have a positive economic impact on the balance of payments, on employment, on gross income and production, but it may also have negative effects, particularly on the environment. Questions arise as to whether it is possible to keep on developing tourism in a certain area without negative or irreversible influences on the environment. *Tourism and Sustainable Economic Development* provides a theoretical framework for these problems, as well as practical illustrations on the following topics: the conditions under which specialization in tourism is not harmful for economic growth; the trade-offs, if any, between tourism development and economic growth; the need for government intervention and the various policy options and instruments available to policy makers. The book comprises two parts. The first part presents general views on tourism and sustainable economic development, and some opinions on the relationship between tourism and the environment. Some of the basic concepts implicit in sustainability are examined in relation to regional development, urban tourism, art cities, and rural tourism. The second part of the book concentrates on strategies and policy instruments. The purpose is to concisely define and bring together some policies which appear to be necessary, and whose implementation is required if we are to reconcile tourism development with the protection and conservation of the environment. Some analytical tools for policy making with regard to tourism and the environment are developed. As will become clear, there are many gaps in our knowledge that need to be filled if we are to be successful in controlling tourism in a way that puts this important industry onto a sustainable development path.

Environmental Impacts of Tourism in Developing Nations Ravi Sharma,Prakash Rao,2018 In the face of rapid industrialisation in the last few decades, the tourism economy has blossomed into a major industry with positive impacts such as economic growth, infrastructure development, employment, and income generation. However, tourism brings negative environmental effects such as degradation of landscapes and habitats, increased vulnerability of avifauna and wildlife, and pollution leading to the decline of species. Environmental Impacts of Tourism in Developing Nations is a pivotal reference source that explores some of the critical challenges faced in the tourism economy particularly with regard to the impacts on the environment in developing nations. It also explores the impact tourism plays in the biophysical environment such as the issue of climate change. While highlighting topics such as environmental justice, ecosystems, and ecotourism, this book is ideally designed for academicians, policymakers, environmentalists, tourism professionals, and graduate-level students seeking current research on the environmental and economic impacts of tourism.
