*Romans: a Devotional Commentary* Chris Tiegreen, 2025-08-05 With accessible expository commentary paired with inspirational devotional thought, The See Series speaks to both the heart and mind--unlocking a deeper understanding of the Bible often reserved for scholars and theologians. The letter of Romans is not just a general statement of Christian beliefs. It's a personal letter to believers struggling with real issues and still learning the implications of believing in the God of Israel. Throughout this letter, vital truths emerge, including humanity's universal predicament, the nature of the message of salvation by grace through faith, the relationship between faith and works, the death of our old life and the gift of new life through the resurrection of Christ, how this all fits in God's overall plans, and what it all means for daily life. Read this letter for the depth and details, but never lose sight of the breadth of the vision it presents. Written by beloved devotional writer and biblical scholar Chris Tiegreen, each book of The See Series does more than encourage us simply to know and then do; rather, casts a vision for us to see, then be, then live. Like Jesus, who incorporated visual language into all his teaching, this series aims at refocusing our inner eye. If we can see what biblical writers saw and live according to that vision, we can be transformed. A valuable resource packed with insight, each commentary includes: an introduction to the biblical book to aid your study an introduction for each subsection of the book, explaining its place and purpose in the text, the historical context or background of that section, and how it fits into the big-picture vision of biblical truth a series of devotionals on the text that further explain purpose and meaning, offer suggestions for practical application, and inspire and challenge you to re-envision--to learn to see in new ways a discussion guide in the back to help you further reflect on the Scripture passages

and/or talk about them with others to expand your spiritual vision even more Romans: A Devotional Commentary guides you through this New Testament epistle from the apostle Paul, bringing transformation for your mind, heart, and imagination.

*I, Paul . . .* Allienne R. Becker, 2002-01-27 *I, Paul . . .*: The Life of the Apostle to the Gentiles is the true and exciting story of Saul of Tarsus who encounters Christ on the road to Damascus and is transformed into Paul, the fearless apostle who carries Christ across the Roman Empire and finally dies for his faith by the sword in Nero's Rome. Although fictionalized to make the events come alive for the reader, the story adheres to the Biblical narratives and Church tradition.

**Copernicus and the Scientific Revolution** Edward Rosen, 1984 The wisest philosophers and the ablest astronomers agreed with the age-old belief of the common people that the earth is motionless. But the competing astronomical systems based on a stationary earth had to resort to unnecessary complications. The desire to get rid of a basic complication impelled Copernicus to proclaim the earth's true cosmic status as a natural satellite of the sun. This innovation of Copernicus started the scientific revolution, which has continued from his time to ours and is still going on. The authors's investigations are freshly presented here in a concise and fascinating form.

**From Plato to Christ** Louis Markos, 2021-08-03 Christians throughout the history of the church and even today have inherited aspects of the ancient Greek philosophy of Plato. To help us understand the influence of Platonic thought on the Christian faith, Louis Markos offers careful readings of some of Plato's best-known texts and then traces the ways that his work shaped some of Christianity's most beloved theologians.

Reflections of Nero Jaś Elsner, 1994

Bathsua Makin, Woman of Learning Frances N. Teague, 1998 Unfortunately, the most basic facts of her life were not known until the 1960s: scholars thought she had grown up as an orphan, whereas she was the daughter of a loving schoolmaster; they thought she had written a pamphlet about debtor's prison that is, in fact, someone else's work; they did not realize that she had published her first book, an extraordinary collection of poetry in many languages, when she was sixteen years old.

*One True Life* C. Kevin Rowe, 2016-03-08 In this groundbreaking, cross-disciplinary work of philosophy and biblical studies, New Testament scholar C. Kevin Rowe explores the promise and problems inherent in engaging rival philosophical claims to what is true. Juxtaposing the Roman Stoics Seneca, Epictetus, and Marcus Aurelius with the Christian saints Paul, Luke, and Justin Martyr, and incorporating the contemporary views of Jeffrey Stout, Alasdair McIntyre, Charles Taylor, Martha Nussbaum, Pierre Hadot, and others, the author suggests that in a world of religious pluralism there is negligible gain in sampling from separate belief systems. This thought-provoking volume reconceives the relationship between ancient philosophy and emergent Christianity as a rivalry between strong traditions of life and offers powerful arguments for the exclusive commitment to a community of belief and a particular form of philosophical life as the path to existential truth.

"Age Doesn't Matter Unless You're a Cheese" Kathryn Petras,Ross Petras,2002-03-08 This collection of 350 quotes of wisdom from our elders brings together Albert Einstein's equation for happiness, Colette on the virtues of astonishment, and Julia Child's secret of longevity: Red meat and gin.
