Xavier Herbert's, Poor Fellow My Country Debra K. Stockall, 1979

Poor Fellow My Country Xavier Herbert, 2014-10-01 'Poor Fellow My Country is an Australian classic, perhaps THE Australian classic' - The Times Literary Supplement. From Australia's oldest publisher comes the longest Australian novel ever published. The winner of the 1975 Miles Franklin Award is now back in print with a new introduction by Russell McDougall. In *Poor Fellow My Country*, Xavier Herbert returns to the region made his own in Capricornia: Northern Australia. Ranging over a period of some six years, the story is set during the late 1930s and early 1940s; but it is not so much a tale of this period as Herbert's analysis and indictment of the steps by which we came to the Australia of today. Herbert parallels an intimate personal narrative with a tale of approaching war and the disconnect between modern Australia and its first inhabitants. With enduring portraits of a large cast of local and international characters, Herbert paints a scene of racial, familial and political disparity. He lays bare the paradoxes of this wild land, both old and wise, young and flawed. Winner of the Miles Franklin award on first publication in 1975, *Poor Fellow My Country* is masterful storytelling, an epic in the truest sense. This is the decisive story of how Australia threw away her chance of becoming a true commonwealth and it is undoubtedly Herbert's supreme contribution to Australian literature. Will we ever reach the dream of 'Australia Felix' - the happy south land?

Semantics, Culture, and Cognition Anna Wierzbicka, 1992-10-22 Not everything that can be said in one language can be said in another. The lexicons of different languages seem to suggest different conceptual universes. Investigating cultures from a universal, language-independent perspective, this book rejects analytical tools derived from the English language and Anglo culture and proposes instead a natural semantic metalanguage formulated in English words but based on lexical universals. The outcome of two and a half decades of research, the metalanguage is made up of universal semantic primitives in terms of which all meanings--including the most culture-specific ones--can be described and compared in a precise and illuminating way. Integrating insights from linguistics, cultural anthropology, and cognitive psychology, and written in simple, non-technical language, *Semantics, Culture, and Cognition* is accessible not only to scholars and students, but also to the general reader interested in semantics and the relationship between language and culture.

Xavier Herbert Xavier Herbert, Frances De Groen, 1992 This ground-breaking first biography explores the contradictions at the core of Xavier Herbert's turbulent life and career (1901-1984). Charting his lifelong quest to discover the reality of his existence and to forge a larger-than-life identity, it highlights Herbert's compulsion to write and illuminates his abiding themes. Labelled at various times ratbag and mug genius as well as master writer, Xavier Herbert led a life characterised by controversy and contradiction. His signature books, *Capricornia* (1938) and *Poor Fellow My country* (1975), were to change the face of Australian novel writing.

Uncomfortable Australia Ross Flutter, 2019-04-16 A critical review of Herbert's major novel identifying the literary qualities as well as the social criticism. What happens when the white inhabitants have no understanding of the land and are dismissive of the experience of the indigenous population. Herbert's contention is that the land requires a creole understanding. -- Author.

In Search of the Never-Never Ann McGrath, 2019-04-09 Mickey Dewar made a profound contribution to the history of the Northern Territory, which she performed across many genres. She produced high-quality, memorable and multi-sensory histories, including the Cyclone Tracy exhibition at the Museum and Art Gallery of the Northern Territory and the reinterpretation of Fannie Bay Gaol. Informed by a great love of books, her passion for history was infectious. As well as offering three original chapters that appraise her work, this edited volume republishes her first book, *In Search of the Never-Never*. In Dewar's comprehensive and incisive appraisal of the literature of the Northern Territory, she provides brilliant, often amusing insights into the ever-changing representations of a region that has featured so large in the Australian popular imagination
