

Postcards From The Grand Canyon

Michael Seilmaier

Postcards from the Grand Canyon Katherine Watters, 2004

Grand Canyon National Park Jeff Nicholas, 2003 Glorious full-color postcard sets that capture the landscapes and scenes to be shared with friends and family. 5 x 7, 15 postcards each.

Grand Canyon National Park Thomas Alan Ratz, 2009 Arizona is proud to have one of the Seven Natural Wonders of the World--the Grand Canyon. With the arrival of the Santa Fe and Union Pacific Railroad in the early 20th century, the development of the canyon began in earnest. The railroads, along with the Santa Fe's business partner, the Fred Harvey Company, greatly promoted the Grand Canyon as a tourist destination through books, pamphlets, and magazine advertisements. On February 26, 1919, Congress established the Grand Canyon National Park, and the federal government became a promoter of the Grand Canyon, too. But perhaps the best promoters of the Grand Canyon were the people who wrote home on picture postcards telling their friends and families about the amazing canyon. A number of the postcards published about the park can be found within the pages of this book.

Grand Canyon National Park Postcard Book Browntrout Publishers, 1996-08 BrownTrout postcard books are first and foremost beautiful little books. There are over 120 subjects ranging from the sublime (Desert Light) to the slightly ridiculous (Outhouses). Each card is a token which reflects two directions: upon the addressee who receives a beautiful card with the sender's personal message; and on the sender who chose the card for the recipient. Whether you actually send them to friends and relations or simply save the books to enjoy yourself, BrownTrout's books of postcards are great products.

Postcard America Jeffrey L. Meikle, 2016-01-20 This illustrated history of the colorized linen postcards of the 1930s and '40s is "an incredible tour . . . A veritable treasure trove of American culture" (Crave Online). From the Great Depression through the early postwar years, any postcard sent in America was more than likely a "linen" card. Colorized in vivid, often exaggerated hues and printed on card stock embossed with a linen-like texture, linen postcards celebrated the American scene with views of majestic landscapes, modern cityscapes, roadside attractions, and other notable features. These colorful images portrayed the United States as shimmering with promise, quite unlike the black-and-white worlds of documentary photography or Life magazine. Linen postcards were enormously popular, with close to a billion printed and sold. Postcard America offers the first comprehensive study of these cards and their cultural significance. Drawing on the production files of

Curt Teich & Co. of Chicago, the originator of linen postcards, Jeffrey L. Meikle reveals how photographic views were transformed into colorized postcard images—often by means of manipulation—adding and deleting details or collaging bits and pieces from several photos. He presents two extensive portfolios of postcards—landscapes and cityscapes—that comprise a representative iconography of linen postcard views. For each image, Meikle explains the postcard’s subject, describes aspects of its production, and places it in social and cultural contexts. In the concluding chapter, he shifts from historical interpretation to a contemporary viewpoint, considering nostalgia as a motive for collectors and others who are fascinated today by these striking images.

Railroad Postcards of Yellowstone Frank Ferris, 2015 The fastest way to travel long distances in the beginning of the 20th century was by railroad. Railroad companies competed to attract business and vacationing travellers by advertising in brochures and issuing postcards. The postcards included railroad logos and descriptions of Western adventures that travellers would experience by booking with a particular rail line. The Northern Pacific Railroad and Chicago, Milwaukee & St. Paul Railroad have provided some of the most captivating images of the unique Yellowstone National Park (YNP) hydrologic, geologic, and geothermal features. The Union Pacific Railroad built the full-scale Old Faithful Lodge at the Panama-Pacific International Exposition of 1915; the National Park Service data show the YNP attendance more than doubled in that year. Both the Union Pacific Railroad and Burlington Route provided high-quality postcards to promote their routes to visit YNP. The Burlington Route and Northern Pacific Railroad included American Indian-related postcards for diversity.

Framing Nature Yolonda Youngs, 2024-06 Winner of the 2024 John Brinkerhoff Jackson Prize from American Association of Geographers The Grand Canyon of the Colorado River is an internationally known feature of the North American landscape, attracting more than five million visitors each year. A deep cultural, visual, and social history has shaped the Grand Canyon’s environment into one of America’s most significant representations of nature. Yet the canyon is more than a vacation destination, a movie backdrop, or a scenic viewpoint; it is a real place as well as an abstraction easily summoned in the minds of Americans. The Grand Canyon, or the idea of it, is woven into the fabric of American cultural identity and serves as a cultural reference point—an icon. In *Framing Nature* Yolonda Youngs traces the idea of the Grand Canyon as an icon and the ways people came to know it through popular imagery and visual media. She analyzes and interprets more than fourteen hundred visual artifacts, including postcards, maps, magazine illustrations, and photographs of the Grand Canyon, supplemented with the words and ideas of writers, artists, explorers, and other media makers from 1869 to 2022. Youngs considers the manipulation and commodification of visual representations and shifting ideas, values, and meanings of nature, exploring the interplay between humans and their environments and how visual representations shape popular ideas and

meanings about national parks and the American West. Framing Nature provides a novel interpretation of how places, especially national parks, are transformed into national and environmental symbols.

With his fourth book in the series, award-winning illustrator Dave Ember transports you to Grand Canyon National Park where you can unleash your inner artist on intricate coloring designs of the park's North and South Rims, wildlife and wildflowers, rugged trails and river rapids, and the park's historic lodges and hotels. The book also features 8 postcards and 4 bookmarks for coloring on extra-heavy perforated paper to share with family and friends.

Greetings from Grand Canyon Arizona Parks Company, 2000-03 Featuring post cards from the past, this little book contains reproductions of 20 of the most striking vintage cards originally sold in and around Yosemite National Park. Full color.

Postcards of the Night John A. Jakle, 2003 Illustrated with eighty vintage city postcards made between the turn of the twentieth century and through the 1970's (with the emphasis on the first four decades), historical geographer, John A Jakle turns his attention to early-twentieth-century nocturnal views of America's cities and to the role of the picture postcard in popular culture. 'Postcard images', the author writes, offered important visual 'fixes' -- mental templates for visualising cities -- the vista of a downtown street at night, or a bird's eye view of a vividly lit downtown, or the dramatic lighting of monuments and other architectural landmarks. As a result, the popularity and proliferation of the penny postcard influenced how Americans thought about cities as landscape displays.

Postcards from Ed Edward Abbey, 2006 But hell, I do like to write letters. Much easier than writing books. And write letters Ed Abbey did. In his famous -- or infamous -- 45-year career, Abbey's cards and letters became as legendary as his books for their wit, vitriol, and ability to speak truth to power. Published here for the first time, the letters offer a fascinating, often hilarious glimpse into the mind of one of America's most iconoclastic and beloved authors. No subject was too banal, too arcane, or too deep for Abbey to expound on: sex, cheerleaders, Mormons, Aspen, and the Bond girls are covered as gleefully as Stegner, Dylan, Chomsky, Buddhism, and betrayal. Whether scolding an editor to simplify (I've had to waste hours erasing that storm of fly-shit on the typescript) or skewering the chicken-hawk proponents of the war in Vietnam, Abbey's righteous indignation gives hope and inspiration to a generation that desperately needs both.

Grand Canyon Jeff Nicholas, 1998-08-01 Share the splendor and beauty of America's National Parks and natural areas with these postcard books. Each title features the work of America's finest landscape photographers.

Postcards from Route 66 Joe Sonderman, 2014-06-15 DIVThere is perhaps no better visual record of Route 66's iconic sites than the thousands of illustrated and photographic postcards that have been produced over the years to promote

the Mother Roadâ€™s motels, hotels, tourist traps, trading posts, bustling burgs, greasy spoons, and natural wonders. This massive collection gathers together more than 400 of the finest examples of postcard art from Route 66â€™s golden age: the 1930s through the mid-1960s, an era before long-distance car travel was largely supplanted by the airlines.

Route 66 historian Joe Sonderman has curated the very best out of his 20,000-card archive to document a journey down the Mother Road through the decades, state-by-state from east to west. Visit landmark stops like the Rock Village Court, the Meramec Caverns, Mule Trading Post, and Wigwam Village in cities that include Chicago, Springfield, Amarillo, Tucumcari, Flagstaff, Barstow, Santa Monica, and many, many more.

The fruit of Sondermanâ€™s labor is the definitive book collection of Route 66 postcards. Postcards from Route 66 is a valuable visual reference documenting the evolution of the famous highway and its equally famous roadside stops as well as a historical record of the time period, complete with many notes both hastily scribbled and thoughtfully composed by Route 66 travelers through the decades.
