Charles L. Zelden

Sandra Day O'Connor Ann Carey McFeatters,2006-03-15 On July 1, 1981, President Ronald Reagan interviewed Sandra Day O'Connor as a candidate for the United States Supreme Court. A few days later, he called her. Sandra, I'd like to announce your nomination to the Court tomorrow. Is that all right with you? Scared and wondering if this was a mistake, the little-known judge from Arizona was on her way to becoming the first woman justice and one of the most powerful women in the nation. Born in El Paso, Texas, O'Connor grew up on the Lazy B, a cattle ranch that spanned the Arizona-New Mexico border. There she learned lifelong lessons about self-reliance, hard work, and the joy of the outdoors. Ann Carey McFeatters sketches O'Connor's formative years there and at Stanford University and her inability to find a job--law firms had no interest in hiring a woman lawyer. McFeatters writes about how O'Connor juggled marriage, a career in law and politics, three sons, breast cancer, and the demands of fame. In this second volume in the Women's Biography Series, we learn how O'Connor became the Court's most important vote on such issues as abortion, affirmative action, the death penalty, the role of religion in society, and the election of a president, decisions that shaped a generation of Americans.

Connection Generation Iggy Pintado,2009 A fascinating and remarkable study of how connection affects our place in society and business and the challenges and opportunities this connectedness presents.

Ruth Objects Doreen Rappaport,2020-02-04 Ruth Bader Ginsburg is a trailblazer. A fighter. And a public servant who has dedicated her life to the pursuit of equality. When Ruth was a young girl, her mother encouraged her to read, be independent, and stand up for what she thought was right. Ruth graduated first in her class at Cornell University and tied for top of her graduating class at Columbia Law School. But she faced prejudice as both a woman and a Jew, making it difficult to get a job. Ruth eventually found work as a law clerk, and her determination, diligence, and skill led to a distinguished career as a lawyer. In 1993, she became the second woman ever appointed to the United States Supreme Court. As a Supreme Court justice, Ruth has inspired fierce admiration and faced fervent opposition for her judgments in high-profile cases, many of which have involved discrimination. She has been lauded for her sharp wit and boldness, even when her opinions differ from that of the majority. As a student, teacher, lawyer, and judge, Ruth often experienced unfair treatment. But she persisted, becoming a cultural icon, championing equality in pay and opportunity. Her brilliant mind, compelling arguments, and staunch commitment to truth and justice have convinced many to stand with her, and her fight continues to

this day. This installment of the award-winning Big Words series brings a legendary figure into focus with Doreen Rappaport's incisive prose combined with Ruth's own words. Eric Velasquez's dynamic illustrations infuse every scene with life in a moving tribute that will inspire young justice seekers everywhere.

Notable Women Arlene J. Morris-Lipsman, Morris Lipsman Arlene J, 1990 These lesson plans compose a classroom guide to teach about notable women in history. Traditionally, many fields were closed to women and only recently have women made strides in achieving professional careers. Some women, however, succeeded in becoming known throughout the world and became pioneers in their respective fields. The lives and career struggles of 23 successful women are used as the foundation for lessons and models for classroom teaching. Discussion questions are included with each of the individual biographies and each unit encourages students to question and imagine the struggles women encountered. Each segment reinforces key concepts and all activities emphasize critical and creative thinking skills involving written, oral, dramatic and art projects. Students also are asked to complete a chart comparing the lives of the women presented. Included among the 23 biographies are Louisa May Alcott, Benazir Bhutto, Amelia Earhart, Sandra Day O'Connor, Sally Ride, Eleanor Roosevelt, and Harriet Tubman. (NL)

Threatening in English Julia Muschalik, 2018-01-15 Threatening is among the less pleasant “things we do with words”, but, together with other conflictive speech acts, it seems to play a central role in communication. Yet, little is still known about how and when exactly speakers threaten. The present volume addresses this void by giving an in-depth analysis of the form and function of this speech act. A set of authentic threat utterances is used to probe questions on the linguistic repertoire employed and the different objectives speakers pursue with their threats. Based on the central findings, a classification of two types of threats is proposed, each with distinctive formal and functional properties. The analysis employs

a mixed method approach with a two-fold aim; by combining a qualitative discussion of examples with the application of innovative statistical methodology, the findings allow new insights into research on threats and, simultaneously, offer new perspectives on general research methodology.
