I Want To Marry You But...: A Marriage Guide For The Young Adult Jennifer Yeo, 2017-01-17 Lawyers may have a tendency to treat marriage as a strict legal agreement between two parties with certain legal rules and terms that must be followed. Though in some ways akin to a contract, the institution of marriage goes far beyond contractual obligations. It encompasses social, financial, and emotional bonds between both parties. The law may seem daunting for many non-legally trained individuals. This unique book, written from the perspective of Singapore law, provides an insight into the impact the law will have on him or her. It simplifies the labyrinth of legislation and case law to allay fears, encourage an understanding of what marriage entails, and flag out possible difficulties the reader may face during the course of his or her relationship. The guide will also showcase the rights and responsibilities that result from a marriage.

Majulah!: 50 Years Of Malay/muslim Community In Singapore Zainul Abidin Rasheed, Norshahril Saat, 2016-05-24 The Malay/Muslim community, comprising approximately 13% of Singapore's population, is an integral part of modern Singapore's formative years. The community has come a long way and accomplished plenty. Prime Minister Lee Hsien Loong lauded the community's growth and its efforts in nation-building in the 2015 National Day Rally, 'The Malay/Muslim community is an integral part of Singapore ... and they have contributed significantly to our nation's harmony and progress.' 50 Years of Malay/Muslim Community in Singapore highlights the progress, the contributions and the challenges of the community for the past 50 years since Singapore's independence in 1965. While progress is significant, challenges remain an uphill battle towards a comprehensive community development. As the book narrates stories from the past — the

successes and the challenges — it is also important for the community to reflect and to look ahead — Majulah!

Singapore Women's Charter Theresa W Devasahayam,2003-08-01 The chapters in this book are an assembly of commentaries by a distinguished team of specialists on the social impact of the Singapore Women's Charter on women and men. The Women's Charter is the main legislation protecting women's rights in the context of the family in Singapore. Highlights of this book include the reasons for the significance of legislation to protect women's rights in marriage; how the legislation came about; case studies from Southeast Asia; how the Singapore Women's Charter evolved and became established; how the Charter goes beyond protecting women's rights by reinforcing men's and women's obligations and duties in a marital partnership; how the Charter has come to be perceived by men and women especially in its enforcement in the context of divorce; and the social repercussions of the Charter on the family in its application. There has been ongoing discussion on the implications of the Charter on the lives of Singaporean women and men for some years since its implementation. The purpose of this book is to enrich our understanding of this legislation further - its objectives, efficacy and shortfalls.
