Rocky Horror Picture Show Sal Piro, Michael Hess, Jim Hetzer, 2012-10 New Updated Collector's Guide Rocky Horror Picture Show remains one of the great cult phenomenas of the last 25 years. Late night showings with audiences interacting with the film have made it the most successful midnight showing film of all time. This book serves as a guide to audience participation for viewers and is provided by the President of the Rocky Horror Fan Club. Includes the audience call backs, props, and much of the script and lyrics in addition to fan contributions.

The Complete Book of 2000s Broadway Musicals Dan Dietz, 2017-04-06 In the first decade of the twenty-first century, Broadway was notable for old-fashioned, feel-good shows (Hairspray, Jersey Boys), a number of family-friendly musicals (Little Women, Mary Poppins), plenty of revivals (Follies, Oklahoma!, Wonderful Town), a couple of off-the-wall hits (Avenue Q, Urinetown), several gargantuan flops (Dance of the Vampires, Lestat), and a few serious productions that garnered critical acclaim (The Light in the Piazza, Next to Normal). Unlike earlier decades which were dominated by specific composers, by a new form of musical theatre, or by numerous British imports, the decade is perhaps most notable for the rise of shows which poked fun at the musical comedy form, such as The Producers and Spamalot. In The Complete Book of 2000s Broadway Musicals, Dan Dietz examines in detail every musical that opened on Broadway from 2000 through the end of 2009. This book discusses the era's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Patti LuPone, Chita Rivera, and Martin Short. Each entry contains the following information: Plot summary Cast members Names of all important personnel, including writers, composers, directors, choreographers, producers, and musical directors Opening and closing dates Number of performances Critical commentary Musical numbers and the performers who introduced the songs Production data, including information about tryouts Source material Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of black-themed shows and Jewish-themed productions. This comprehensive book contains a wealth of information and provides a comprehensive view of each show. The Complete Book of 2000s Broadway Musicals will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

Screenplay of the cult classic film, The Rocky Horror picture show, where the young couple, Brad and Janet, seek shelter from a storm and discover a gothic ensemble led by Dr. Frank N. Furter from Transsexual Transylvania.

Theatre in a Media Culture Amy Petersen Jensen, 2014-11-04 As the media have increasingly become the lens through which we see the world, media styles have shaped even the fine arts, and contemporary theatre is particularly indebted to mass media's dramatic influence. In order to stay culturally and financially viable, theatre producers have associated theatrical productions and their promotion with film, television, and the Internet by adopting new theatrical practices that mirror the form and content of mass communication. This work demonstrates how mediatization, or the adoption of the semantics and the contexts of mass media, has changed the way American theatre is produced, performed, and perceived. Early chapters use works like Robert Wilson's 3D digital opera *Monsters of Grace* and Thecla Schophorst's digitally animated *Bodymaps* to demonstrate the shifting nature of live performance. Critical analysis of the interaction between the live performer and digital technology demonstrates that the use of media technology has challenged and changed traditional notions of dramatic performance. Subsequent discussion sustains the argument that theatre has reconfigured itself to access the economic and cultural power of the media. Final chapters consider the extent to which mediatization undermines theatrical authorship and creativity.

Interpersonal Culture on the Internet Sarah N. Gatson,Amanda Zweerink,2004 Community is a highly contested concept, and in the milieu of mass media, it is even more highly fraught. The book is a community formation narrative, adding to our common database of emergent community practice on the Internet. The book bolsters our understandings of the substantive processes involved, particularly those of boundary formation, spatial dimensions of communities, and how communities are always both embedded and emerging entities. Finally, it deals with the question of how seamless and/or disruptive the new technology of the Internet is vis-a-vis our traditional practices of community formation and maintenance. We are interested in a problem with communities based in media fandoms. Eventually, the artist will quit making music, the movie will cease to have sequels, or the television show will get cancelled. What happens to these communities when their basis of interest goes away? Is the bond of community enough to keep them together? Why do people fracture into other groups? Why do some hold on to the one-for-all-all-for-one mentality? chosen offline, or do they stick by the friends they made in the community, who would not ordinarily be their type? In the last couple of years of working with this community, the ways in which one gauges when a community ends, and when it merely morphs into some other kind of interpersonal

phenomenon have been at the forefront of our research. The book is ethnographic in method, and deals with community concepts such as networks, geography, boundaries, and politics.
