Leigh Ann Wheeler

And I Quote, Revised Edition Ashton Applewhite, Tripp Evans, Andrew Frothingham, 2003-03-19 The popular guide to quotable quotes returns in a totally revised and updated edition including all-new material.

Reclaiming the Strike Zone Victor Alexander Baltov, 2012-09-18 America has steadily regressed from a Republic under the Sign of the Cross towards a mobacracy under the Sign of the Scorpion. Social responsibility and the ethics of conscience have vacated the Field of Dreams like a Baroid tater -- an all about me cult of celebrity has evolved. Reclaiming the Strike Zone traces the metaphorical cleat marks through forbidden history. The Inside Baseball version of the Soviet Socialist Paradise and Nazi Germany is pitched shekel free. Sub-systems of the American superstructure featuring education, entertainment, youth activities and family are explored in-depth. The search for something that has been lost -- the secret of the American Dream and American Exceptionalism -- is pursued. All base paths lead to the Christian Church and Jewish Nation. Wise Christian philosophy has been Billy-Goated off the playing field -- secular humanism has taken The Hill. Karl Marx and Sigmund Freud have taken a turn at-bat and gone long. Red tide has been harnessed into Economic Determinism by the F&F Boys. The hidden ball trick has been pulled on the sheeple. Disciples of General Zod lack American patriotism. Time is of the essence to restore what has been taken -- its the bottom of the 9th with two away. DO IT AMERICAN and dont give up the ship are battle cries. Intellectual Millenials must step up to the plate and reclaim what their baby booming Spock baby parents baptized in Dewey waters booted. Identifying the proton pseudos and resetting is the task. Restoring sub-systems [especially education] while playing small ball is the answer. Truth and patriotic leadership are catalysts. A burning desire to be an American -- free and independent -- without getting JFKd is the secret. There is a happy ending -- it is certain. The Good News delivers that promise.

The Reagan Presidency Paul Kengor, Peter Schweizer, 2005-04-29 In this important new volume, editors Paul Kengor and Peter Schweizer bring together original essays from leading scholars who examine topics as varied as Iran Contra, abortion, the Cold War, governmental management, and economic policy. Through critical analysis, these essays...

How Sex Became a Civil Liberty Leigh Ann Wheeler, 2013 *How Sex Became a Civil Liberty* shows how we came to see sexual expression, sexual practice, and sexual privacy as fundamental rights enshrined in the Constitution, thanks to the work of ACLU leaders and attorneys who forged legal principles that advanced the sexual revolution.

Thoughts and Perils of a Baby Josie Gwen Williams,2024-08-13 Thoughts and Perils of a Baby shows how serious abortions are. They not only take the life of a baby but also affect the life of the woman having the abortion, the family of both parents and other people around her. An abortion not only stops a heartbeat, which starts by the second month of pregnancy, but can also possibly affect the woman for the rest of her life. Thoughts and Perils of a Baby shows there are other alternatives to abortion like adoption. I believe and show the unborn has a right to life just like we do. I use scripture and research to prove this fact. The unborn (baby) is not part of the mother's body. In some cases, the baby can have a different blood type than the mother. We are all human beings and have a right to live. In Thoughts and Perils of a Baby, I list the types of abortions and how they can affect the woman having the abortion. I list ways that some people have to use like artificial means to survive to no fault of their own. This is to show everyone has a right to life. Read this book and then come away with your own opinion. Is the unborn a baby or not?

A Hard Rain Frye Gaillard,2018-07-01 Frye Gaillard has given us a deeply personal history, bringing his keen storyteller's eye to this pivotal time in American life. He explores the competing story arcs of tragedy and hope through the political and social movements of the times — civil rights, black power, women's liberation, the War in Vietnam, and the protests against it. But he also examines the cultural manifestations of change — music, literature, art, religion, and science — and so we meet not only the Brothers Kennedy, Martin Luther King Jr and Malcolm X, but also Gloria Steinem, Janis Joplin, Jimi Hendrix, Johnny Cash, Harper Lee, Mister Rogers, Rachel Carson, James Baldwin, Andy Warhol, Billy Graham, Thomas Merton, George Wallace, Richard Nixon, Angela Davis, Barry Goldwater, the Beatles, Bob Dylan, and the Berrigan Brothers. "There are many different ways to remember the sixties," Gaillard writes, "and this is mine. There was in these years the sense of a steady unfolding of time, as if history were on a forced march, and the changes spread to every corner of our lives. As future generations debate the meaning of the decade, I hope to offer a sense of how it felt to have lived it. A Hard Rain is one writer's reconstruction and remembrance of a transcendent era — one that, for better or worse, lives with us still."

it a horse race, and in this election the candidates got out of the gate early. But it's still hard to tell them apart and make a choice. Mark Halperin, veteran reporter and political analyst, sizes up the White House hopefuls with intelligence, insight, and his trademark wit, offering engaging, in-depth examinations of the histories, qualifications, agendas, and personal beliefs of the major candidates—including Hillary Clinton, John Edwards, Rudy Giuliani, John McCain, Barack Obama, Mitt Romney, and Fred Thompson, as well as some dark horse contenders. Among the features in this book: Issue-by-issue charts defining where each candidate stands on the war in Iraq, health care, taxes, the economy, and other significant points of debate. An assessment of each candidate's strengths and weaknesses. A hypothetical glimpse into the future of each candidate's potential presidency. Areas of possible controversy that could spark heated discussion and affect the outcome of the race. Personal facts and anecdotes about each candidate—including exclusive Q&As covering everything from their junk food weaknesses to their biggest superstitions.

Way Out There In the Blue Frances FitzGerald, 2001-03-12 Using the Star Wars missile defense program as a magnifying glass on his presidency, Pulitzer Prize-winning journalist Frances FitzGerald gives us a wholly original portrait of Ronald Reagan. Drawing on extensive research, FitzGerald shows how Reagan managed to get billions in funding for a program that was technologically impossible by exploiting the fears of the American public. The Reagan who emerges from FitzGerald's book was a gifted politician with a deep understanding of the national psyche, and an executive almost totally disengaged from the policies of his administration. Both appalling and funny, *Way Out There in the Blue* is the most penetrating study of Reagan's presidency to date.
