Cracking the TOEFL CBT George S. Miller, Timothy R. Wheeler, Princeton Review (Firm), 2003 The Princeton Review realizes that acing the TOEFL is very different from getting straight A's in school. We don't try to teach you everything there is to know about English-only what you'll need to score higher on the exam. There's a big difference. In *Cracking the TOEFL*, we'll teach you how to think like the test writers and -Eliminate answer choices that look right but are planted to fool you - Ace the Structure and Writing sections by remembering a few basic grammar rules -Use vocal emphasis cues to master Listening questions -Use Process of Elimination to score higher on Sentence Completion and Error Identification questions This book includes a full-length practice TOEFL exam, plus an audio CD with Listening exercises and a full transcript. The questions and exercises are like the ones you'll see on the actual TOEFL. We also give book buyers online access to full-length simulated TOEFL exams, complete with instant score reporting and answer explanations.
