The Art of People Dave Kerpen, 2016-03-15 What does it take to win success and influence? Some people think that in today's hyper-competitive world, it's the tough, take-no-prisoners type who comes out on top. But in reality, argues New York Times bestselling author Dave Kerpen, it's actually those with the best people skills who win the day. Those who build the right relationships. Those who truly understand and connect with their colleagues, their customers, their partners. Those who can teach, lead, and inspire. In a world where we are constantly connected, and social media has become the primary way we communicate, the key to getting ahead is being the person others like, respect, and trust. Because no matter who you are or what profession you're in, success is contingent less on what you can do for yourself, but on what other people are willing to do for you. Here, through 53 bite-sized, easy-to-execute, and often counterintuitive tips, you'll learn to master the 11 People Skills that will get you more of what you want at work, at home, and in life. For example, you'll learn: · The single most important question you can ever ask to win attention in a meeting · The one simple key to networking that nobody talks about · How to remain top of mind for thousands of people, everyday · Why it usually pays to be the one to give the bad news · How to blow off the right people · And why, when in doubt, buy him a Bonsai A book best described as "How to Win Friends and Influence People for today's world," The Art of People shows how to charm and win over anyone to be more successful at work and outside of it.

The Art of Living Other People's Lives Greg Dybec, 2017-01-03 When he isn't responsible for pleasing 73 million online readers a month, Elite Daily managing editor Greg Dybec worries about rent, sex, love, family, and the most millennial topic of them all: the desire to leave a legacy. In *The Art of Living Other People's Lives*, Greg delivers a funny, brash, and insightful collection of twenty never-before-published stories on becoming a pick-up artist to get over an ex-girlfriend, late-night adventures with his Uber driver, having a Twitter-induced panic attack, picking up a gig writing about men's underwear, and more.

The Art of Dealing With People Les Giblin, 2001-01-01 What is the one quality that all successful people have in common? They have mastered the art of dealing with people! Let this book show you how to: Achieve your goals Handle the human ego Become a master conversationalist Make others feel good about themselves And much more! Skill with people is the one essential ingredient for success and happiness at home and in business. *The Art of Dealing With People* gives you the skills to take your people skills to a level that you never thought possible! Skill in human relations is similar to skill in any other field, in that success depends on understanding and mastering certain basic general principles. You must not only know what to do, but why you're doing it. As far as basic principles are concerned, people are all the same. Yet each individual person you meet is different. If you attempted to learn some gimmick to deal successfully with each separate individual you met, you would be faced with a hopeless task. Influencing people is an art, not a gimmick. When you apply gimmicks in a superficial, mechanical manner, you go through the same motions as the person who has a way, but it doesn't work for you. The purpose of this book is to give you knowledge based upon an understanding of human nature: why people act the way they do. The methods presented in this book have been tested on thousands of people who have attended my human relations seminars.

They are not just my pet ideas of how you should deal with people, but ideas that have stood the test of how you must deal with people. That is, if you want to get along with them and get what you want at the same time. Yes, we all want success and happiness. And the day is long past, if it ever existed, when you could achieve these goals by forcing people to give you what you want. And begging is no better, for no one has respect for, or any desire to help, the person who constantly kowtows and literally goes around with his hand out, begging other people to like him. The one successful way to get the things you want from life is to acquire skill in dealing with people. Download now and you will learn how.
