The Awakening of Intelligence Jiddu Krishnamurti, 1986 This comprehensive record of Krishnamurti's teachings is an excellent, wide-ranging introduction to the great philosopher's thought. With among others, Jacob Needleman, Alain Naude, and Swami Venkatesananda, Krishnamurti examines such issues as the role of the teacher and tradition; the need for awareness of 'cosmic consciousness; the problem of good and evil; and traditional Vedanta methods of help for different levels of seekers.

The Seed of A Million Years J. KRISHNAMURTI, ABOUT THE BOOK This series of six talks, given by Krishnamurti in Madras in 1979-80, marks a departure from his usual style of exposition. Usually, in the opening talk he would dwell first on the problems of the world and then on the psycho-logical factors underlying them. But here he starts straightaway with the most ancient quest of man to find that which is sacred. 'Man must have asked a million years ago, from the beginning of time, if there is a reality, if there is a truth, if there is something timeless, something that cannot be measured by man. And that inquiry, that seed, is still with us. . . . And during these talks we are going to find out whether it is possible for that seed to grow and flower, multiply and cover the earth.' These and other statements, such as 'Sorrow is like the shadow of our life', 'Meditation can never be premeditated', make this book essential reading for those who wish to understand the religious spirit that suffuses the whole of Krishnamurti's teachings.

The Mirror of Relationship J Krishnamurti, 2022-09-09 The answer to the question, 'What are you Seeking?', is simple: We want to find truth, God, everlasting peace. The real question, says Krishnamurti, is: 'Why do you seek at all?' Knowing conflict, repression, self-doubt, and fear as consistent companions, we naturally wish for them to come to an end. So begins the search for relief, the search for everlasting peace--through ideas, religions, self-help, self-analysis, etc., and we think of

this search as a right action towards finding what we are looking for. But do we know what we are looking for, or are we merely seeking relief from what is happening presently? Are we seeking at that point only an idea, the supposed opposite of the emotion that we are experiencing now? It is the search that maintains the present emotion and its projected opposite in a state of mutually co-existent conflict, inherently.

What is Right Action ? J Krishnamurti,2022-09-09 This volume covers talks given in New Zealand, Ojai, New York, South America and Mexico. Krishnamurti begins by stating What we call problems are merely symptoms, which increase and multiply because we do not tackle the whole life as one but divide it as economic, social or religious problems. ..Now it is my intention to show that so long as we deal with these problems apart, separately,we but increase the misunderstanding, and therefore the conflict, and thereby the suffering and the pain... An extensive compendium of Krishnamurti's talks and discussions in the USA, Europe, India, New Zealand, and South Africa from 1933 to 1967—the Collected Works have been carefully authenticated against existing transcripts and tapes. Each volume includes a frontispiece photograph of Krishnamurti , with question and subject indexes at the end. The content of each volume is not limited to the subject of the title, but rather offers a unique view of Krishnamurti's extraordinary teachings in selected years. The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form.
