

The Extra Dimensionals True Tales And Concepts Of Alien Visitors

Jacques Vallee

The Extra-Dimensionals John Desouza,2016-12-04 Extra-Dimensionality is the key to understanding everything... By everything, we mean all the areas in which we have been deceived to believe the physical world is the beginning and end of all things. The Extra-Dimensionals is the stark revelation of where Alien Visitors are actually coming from and to where they are returning. Understanding Extra-Dimensionality is the way to unfold the truth of the paranormal, the spiritual and even the physical world. These Visitors have been with us since time immemorial and their messages to us are everywhere around us. The truth will eventually explode into our field of vision. If we refuse to listen then we are only delaying the inevitable to a time when an alarm will be sounded that is so loud that it will consume everything upon the Earth. Once the black swans arrive, once we awaken to numerous mile long shadows cast by these ancient ships-hanging over our major cities, soundless, motionless, maddening; it will be too late. It is in these final moments that we can still, with open minds and clear hearts, decipher that which has been intentionally hidden from humanity for so long-the truth of Extra-Dimensionality. That comprehension will, in turn, illuminate every hidden truth of our material existence. Then, we will find that for the first time, we will finally have the key to understanding everything.

My Cosmic Trigger Matt Vaughn,2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd. It involves the intersection of multiple paranormal phenomena, revealing an eerie undergirding of reality. MY COSMIC TRIGGER is a deep dive into the subject, covering its history, theories, and notable researchers, analyzing mechanisms behind this cosmic enigma. The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level, helping people navigate their own 'synchromystic initiation' with a sense of clarity, fostering a constructive relationship with odd occurrences (not a destabilizing one), and enabling readers to successfully pull their own cosmic trigger.

Extra Dimensional Visitation (Large Print) Bob Gebhardt,2014-07-08 Caution! If you read Extra-Dimensional Visitation you could be transported into the feasible realm of dimensional interaction with other beings, basically the same as us, with some interesting but different evolutionary and technical progress. Well some of our most educated scientist profess that there are different dimensions which we cannot now detect but are most assuredly present. They talk of dimensional warp, worm holes, the bending of the fabric of space and other mind boggling theorem. This text may provide tacit answers to some nagging unanswered and mysterious questions about Sasquatch, Bigfoot, flying saucers, or how we have advance so rapidly in the last decade, etc., but also may create many more. Read at your own risk and attempt to hang on to reality, whatever that is. Enjoy!

The Extra-Dimensional Universe John R. Violette,2005-05-12 UFO sightings and alien abductions, mystical experiences and psychic phenomena, the near-death and the out-of-body experience--millions of ordinary people around the world report experiencing these events at some point in their lives. Yet, because there is no accepted scientific theory to explain the paranormal, the events--and the people who report them--are ridiculed and dismissed. The problem isn't the people, it's the science. While some cutting-edge researchers and quantum physicists are speculating more frequently that these experiences are caused by something beyond our world--some kind of higher-dimensional reality--any proposed extra-dimensional theories put forth thus far have lacked one key ingredient--expanded consciousness. Extra-Dimensional Universe presents an expanded framework of space, time, and consciousness. This, for the first time, explains how paranormal phenomena can exist. Violette's landscape-altering theory is fully compatible with all the findings of modern scientific research--and ancient wisdom traditions--and clearly explains the science of paranormal events such as UFOs and abductions, mystical and psychic phenomena, and the near-death experience. Violette even reveals that expanded consciousness is the key to understanding why some people experience psychic phenomena such as UFOs or ghosts when others don't. An advancement of the classic theories of R. M. Bucke and P. D. Ouspensky, Extra-Dimensional Universe is itself

destined to become a classic of the science of spirituality.

Beyond Strange Rob MacGregor, Trish MacGregor, 2017-05-20 Strange things sometimes happen to ordinary people as they go about their everyday lives. Two men are stalked across a golf course by a seemingly sentient bank of fog. A veterinarian comes face-to-face with strange interdimensional creatures. A young couple walk into the past. A former police officer travels out of body to a vast mansion in another reality. Alien abductions, hauntings, psychokinetic powers, and more populate the pages of *Beyond Strange*. The stories we've picked—sent to us over the years—are astonishing by any reckoning and address a fundamental issue: the existence of a more expansive reality beyond the one we ordinarily experience.

Dimensions Jacques Vallee, 1988 Throughout the modern UFO era, thousands of honest scientists and informed laymen have seen through the official denials, the suppressions, and the whitewash -- and realized that, indeed, we are not alone. To them, author Jacques Vallee, the world's most renowned UFO expert, presents a tantalizing question. What if -- just if -- these alien visitors are Not from other planets? What if they have always been among us? What if we can finally prove the case to which so much evidence points: That they have lived on earth for centuries, perhaps, from the beginning of time. That they may inhabit another dimension, a dimension so startlingly different from our own that our consciousness lurches to experience it religiously. At once exhilarating and persuasive, Vallee's brilliant insights include a metaphysical odyssey through some of the most mystifying incidents in religious and mythological lore. The miraculous visions of the Lady of Fatima in 1917. The cloudships said to have visited medieval France. The ancient Tzeltal Indians of Mexico kidnapped by flying half humans. With his unparalleled knowledge of thousands of close encounters. Vallee -- the UFO authority celebrated in Steven Spielberg's *Close Encounters of the Third Kind* -- constructs an eye-opening, yet ultimately irresistible theory: one that reveals the shocking reality of the ever-present, ever-powerful interdimensional aliens of Earth... and humanity's persistent inability to understand them.

Does It Rain in Other Dimensions? Mike Oram, 2007 *Dimensions?* describes one man's experience of communicating and working with other-dimensional and extra-terrestrial beings over a 50 year period. It shows how he worked through the fearsome experiences engendered to find a new spiritual perspective. Use the symbols in this book, that were given to the author by Light Beings, to aid your own consciousness-awakening process and be ready for the coming Shift.

Real Visitors, Voices from Beyond, and Parallel Dimensions Brad Steiger, Sherry Hansen Steiger, 2016-03-21 The mysteries of strange visitors is explored, revealed and recounted by two respected experts on the unexplained and paranormal. Are we alone or are there intelligent life-forms out there? Or are they already amongst us? Can we even know the Truth? Exploring the myths, stories, history, and facts of documented encounters, mysterious experiences, and unexplained visitors, *Real Visitors, Voices from Beyond, and Parallel Dimensions* by Brad Steiger and Sherry Hansen Steiger examines the “other” forms, entities and beings inhabiting our universe. Building on their decades of research into the paranormal, mystical, and supernatural, the Steigers analyze the influences and theories behind these mysterious “visitors,” whether they appear as aliens, ghosts, spirits, angels, demons, monsters, or some other form. The visitors have been called metaterrestrial, extradimensional, interdimensional, ultraterrestrial, and supraphysical intelligences, but regardless of the label, these inscrutable existences have left their mark on the people they've met—and a host of weird, wondrous, and horrifying stories. There are more than 200 thought-provoking stories that make you wonder about the Truth, including ... A U.S. Air Force jet chasing a UFO in the form of a blue fireball A ten year-old's encounter with an angelic, beautiful, glowing girl in the woods A troubling figure from the Spirit World spreads an eerie cold light A medieval monk, with a long, flowing robe and a huge hood covering his face An out-of-body experience and directions to utter a prayer that ultimately saves a life A visit from a recently deceased grandmother As well as stories on time-travel, strange energies, dreams, meditation, unidentified terrestrial life forms, and more. Tracing the perplexing and lasting effects of these otherworldly beings, *Real Visitors, Voices from Beyond, and Parallel Dimensions* exposes their power and reach throughout centuries of legends, myths, and today's world. Read with care!
