He has left each of them a clue to their true heritage, but Star – the most enigmatic of the sisters – is hesitant to step out of the safety of the close relationship she shares with her sister CeCe. In desperation, she decides to follow the first clue she has been left, which leads her to an antiquarian bookshop in London, and the start of a whole new world . . . A hundred years earlier, headstrong and independent Flora MacNichol vows she will never marry. She is happy and secure in her home in the Lake District, living close to her idol, Beatrix Potter, when machinations outside of her control lead her to London, and the home of one of Edwardian society's most notorious players, Alice Keppel. Flora is pulled between passionate love and duty to her family, but finds herself a pawn in a game – the rules of which are only known to others, until a meeting with a mysterious gentleman unveils the answers that Flora has been searching for her whole life . . . As Star learns more of Flora's incredible journey, she too goes on a voyage of discovery, finally stepping out of the shadow of her sister and opening herself up to the possibility of love.

Confronting / Defining the Self John A. McCarthy, 2024-07-01 Early 20th-century literary critics Joseph Collins, Hermann Hesse, and Percy Lubbock concluded that the pages of a book present a succession of moments that the reader visualizes and reinterprets. They feared that few would actually commit themselves to memory, and that most were likely to soon disappear. As you turn these pages, you will (re)discover the value of the literary canon through the Self. My objective is to examine how the Self is formed, lost, and regained through creative strategies that confront and define its shapes and distortions on nearly every page of a canonical work. You can consider *Confronting / Defining the Self: Formation and Dissolution of the 'I' from La Fayette to Grass* as offering an apology for the study of literature and the humanities in an era when technology and commerce dominate our consciousness, drive our daily expectations, and shape our career goals.
