Wes Craven John Kenneth Muir,2004-03-09 Filmmaker Wes Craven has consistently and imaginatively scared movie audiences since the early 1970s. His films encompass a variety of styles, elements and themes, from the nihilistic existentialism of *The Last House on the Left* to the successful *A Nightmare on Elm Street* (which sent horror in a bold new direction), to the hallucinatory dreamscapes of *The Serpent and the Rainbow*. And in the nineties, Craven returned with the Scream films, which were simultaneously funny, clever and scary films that overturned the horror cliches of the eighties. The present work provides a history of Craven's film career since 1972, examining all the themes and techniques the filmmaker explored. For each film, a synopsis, cast and credits, historical context, and critical commentary are provided. Also covered in detail are Craven's forays into television, including movies such as *Stranger in the House* and work on such series as *The New Twilight Zone*.

The 1990s Teen Horror Cycle Alexandra West,2018-06-05 Many critics and fans refer to the 1990s as the decade that horror forgot, with few notable entries in the genre. Yet horror went mainstream in the '90s by speaking to the anxieties of American youth during one of the country's most prosperous eras. No longer were films made on low budgets and dependent on devotees for success. Horror found its way onto magazine covers, fashion ads and CD soundtrack covers. Girl power feminism and a growing distaste for consumerism defined an audience that both embraced and rejected the commercial appeal of these films. This in-depth study examines the youth subculture and politics of the era, focusing on such films as *Buffy the Vampire Slayer* (1992), *Scream* (1996), *I Know What You Did Last Summer* (1997), *Idle Hands* (1999) and *Cherry Falls* (2000).

Film Trilogies C. Perkins,C. Verevis,2012-02-21 Drawing on a wide range of examples, this book – the first devoted to the phenomenon of the film trilogy– provides a dynamic investigation of the ways in which the trilogy form engages key issues in contemporary discussions of film remaking, adaptation, sequelization and serialization.

Horror Films of 2000-2009 John Kenneth Muir,2023-03-22 Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009, including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines.

Scream Steven West,2019-03-19 Wes Craven's *Scream* (1996) emerged at the point where the early eighties American slasher cycle had effectively morphed into the post-Fatal Attraction trend for Hollywood thrillers that incorporated key slasher movie tropes. *Scream* emerged as a spiritual successor to Wes Craven's unpopular but critically praised previous film *New Nightmare* (1994), which evolved from his frustration at having lost creative control over his most popular creation,

Freddy Krueger, and rebirthed the character in a postmodern context. *Scream* appropriates many of the concepts, conceits, and in-jokes inherent in *New Nightmare*, albeit in a much more commercial context that did not alienate teenage audiences who were not around to see the movies that were being referenced. This *Devil's Advocate* offers a full exploration of *Scream*, including its structure, its many reference points (such as the prominent use of *Halloween* as a kind of sacred text), its marketing (the new thriller from Wes Craven - not a horror film), and legacy for horror cinema in the new millennium.
