DJ Losen

Three Bags Full Leonie Swann, 2010-10-29 A witty philosophical murder mystery with a charming twist: the crack detectives are sheep determined to discover who killed their beloved shepherd. On a hillside near the cozy Irish village of Glennkill, a flock of sheep gathers around their shepherd, George, whose body lies pinned to the ground with a spade. George has cared devotedly for the flock, even reading them books every night. Led by Miss Maple, the smartest sheep in Glennkill (and possibly the world), they set out to find George's killer. The A-team of investigators includes Othello, the "bad-boy" black ram; Mopple the Whale, a Merino who eats a lot and remembers everything; and Zora, a pensive black-faced ewe with a weakness for abysses. Joined by other members of the richly talented flock, they engage in nightlong discussions about the crime, wild metaphysical speculations, and embark on reconnaissance missions into the village, where they encounter some likely suspects. Along the way, the sheep confront their own all-too-human struggles with guilt, misdeeds, and unrequited love. Funny, fresh, and endearing, it introduces a wonderful new breed of detectives to Canadian readers.

Three Bags Full Leonie Swann, 2007 After a herd of sheep discover their shepherd pinned to their pasture with a spade, they embark on an investigation to nail his murderer. While some of the detectives insist on chewing the evidence, Miss Maple, keeps her cohorts in line.

American Fiction, American Myth Philip Young, David Morrell, Sandra Spanier, 2010-11 Few experts in American literature have written as insightfully and brilliantly as did Philip Young, renowned Hemingway critic and scholar at large. His unique work bursts with a joy in the humanities, with a sensibility, a humor, and a style that communicate to academics and general readers alike. Although Young died in 1991, he survives in his remarkable prose. *American Fiction, American Myth* features

nineteen groundbreaking essays in which Young masterfully reveals the &so what?& that he insisted all literary studies ought to have. In the first section, he demonstrates his fascination with such American myths as Pocahontas and Rip Van Winkle, reaching powerful conclusions about America and its people. In the second section, he becomes &Our Hemingway Man,& explaining his germinal and still provocative theory that Hemingway's severe wounding in World War I so traumatized the novelist that his fiction was to a great degree unwitting self-psychoanalysis. Young's book on Hemingway was the first of its kind, but Young was more than a one-author critic, as his essays demonstrate in the third section, exploring such diverse topics as Hawthorne's secret love, the Lost Generation that was never lost, F. Scott Fitzgerald's debt to T. S. Eliot, and the relationship between American fiction and American life. What Hemingway once said about himself can be equally applied to Young: &I am a very serious but not a solemn writer.& The reader comes away from these essays dazzled by the power of Young's observations and the grace with which he expresses them.
