Summary of Debbie Ford's The Dark Side of the Light Chasers Everest Media,2022-05-24T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Dark Side of the Light Chasers is about revealing the part of ourselves that destroys our relationships, kills our spirit, and prevents us from fulfilling our dreams. It is what the psychologist Carl Jung called the shadow. #2 When you make peace with your shadow, you will no longer have to pretend to be someone you're not. You will no longer have to prove yourself good enough. When you embrace your shadow, you will no longer have to live in fear. #3 The Dark Side of the Light Chasers is about working through those walls and taking down the barriers we've constructed, and looking at who we are and what we're doing here. #4 You must learn how to give all of who you are permission to exist. If you want to be free, you must stop judging yourself and others. When you judge others, you automatically judge yourself.

Brief Candle in the Dark Richard Dawkins,2024-04-16 In this hugely entertaining sequel to the New York Times

bestselling memoir *An Appetite for Wonder*, Richard Dawkins delves deeply into his intellectual life spent kick-starting new conversations about science, culture, and religion and writing yet another of the most audacious and widely read books of the twentieth century— *The God Delusion*. Called one of the best nonfiction writers alive today (Stephen Pinker) and a prize-fighter (*Nature*), Richard Dawkins cheerfully, mischievously, looks back on a lifetime of tireless intellectual adventure and engagement. Exploring the halls of intellectual inquiry and stardom he encountered after the publication of his seminal work, *The Selfish Gene*; affectionately lampooning the world of academia, publishing, and television; and studding the pages with funny stories about the great men and women he's known, Dawkins offers a candid look at the events and ideas that encouraged him to shift his attention to the intersection of culture, religion, and science. He also invites the reader to look more closely at the brilliant succession of ten influential books that grew naturally out of his busy life, highlighting the ideas that connect them and excavating their origins. On the publication of his tenth book, the smash hit, *The God Delusion*, a resounding trumpet blast for truth (Matt Ridley), Richard Dawkins was catapulted from mere intellectual stardom into a circle of celebrity thinkers dubbed, *The New Atheists*—including Christopher Hitchens, Sam Harris, and Daniel Dennett. Throughout *A Brief Candle in the Dark*, Dawkins shares with us his infectious sense of wonder at the natural world, his enjoyment of the absurdities of human interaction, and his bracing awareness of life's brevity: all of which have made a deep imprint on our culture.
