

Wilfred Bion Aprendiendo De La Experiencia

Hernán Solís Garza

Learning From Experience Wilfred Bion, 2023-09-28 Wilfred R. Bion was one of the foremost psychoanalysts of his generation, whose work has shaped and enriched psychoanalysis and psychotherapy indelibly. Renowned for some highly original and sometimes cryptic ideas, such as the alpha function and theory of the grid, Learning from Experience is arguably his most important and enduring work. Bion brings knowledge into the psychoanalytic spotlight. What forces, he asks, interfere with knowledge? Crucially, Bion doesn't mean knowing only facts, but the lifelong process of understanding and coming to know things that is a consequence of the development of knowledge. However, Learning From Experience is perhaps best-known for its emphasis on the way emotion and knowledge are interwoven. Bion links the emotional capacity to develop and know to the capacity to tolerate frustration: if we can hold ourselves in check whilst we endure frustration, then we can come to know things. A remarkable and brilliant work by a fascinating psychoanalyst and thinker, Learning From Experience continues to inspire psychoanalysis and psychotherapy. This Routledge Classics edition includes a new Foreword by Robert Hinshelwood.

Psicoanálisis, deconstrucción y crítica de lo psicopolítico Rosaura Martínez Ruiz, 2021-12-01 Este libro en su conjunto parte de la idea de que el psicoanálisis es más que una teoría de la mente y una clínica para el tratamiento de afecciones nerviosas. Desde nuestra lectura, es también una crítica a la cultura. Así, debe intervenir en el discurso y en las prácticas sociales que instrumentan y ejercen violencia para denunciarlas y resistirlas. Los autores de esta compilación consideramos que, más allá de las malas, irresponsables y nihilistas lecturas que se han hecho de la obra de Sigmund Freud, es que hacer de la reflexión psicoanalítica construir argumentos fuertes que deconstruyan la ontologización de la pulsión de muerte. Por lo tanto, nos interesa hacer una crítica de la violencia al tiempo que queremos mostrar los caminos que abren el horizonte para la construcción de organizaciones sociales complejas y, sí, tensas, pero en las que el lazo social se torna indispensable y deseable mas no amenazante de la seguridad e identidad de una comunidad.

Learning from Experience Wilfred R. Bion, 1994-05-01 In this book Bion describes his use of the term alpha-function to conceptualize how the data of emotional experience is processed and digested. This includes his thinking on contact barriers and the bearing of projective identification on the genesis of thought. A Jason Aronson Book

El Siglo del Prejuicio Confrontado Fanny Blanck-Cerejido, 2018-12-20 This book questions whether 'autonomy' is a

pivotal psychotherapeutic value. Basing his discussion upon the key Kleinian concept of 'projective identification', the author argues that 'integration' should be the aim of psychoanalysis, and - furthermore - that actions can be judged ethical or unethical according to whether they foster or hinder integration.

Aprendiendo de la experiencia Wilfred R. Bion, 1975

Negociar con sabiduría Sergio Kaplan, 2016-09-30 ¿Cómo se mantiene un conflicto en su máxima efervescencia? ¿Qué se necesita para que sus participantes salgan cada vez más lastimados? ¡Nada! Sólo obedecer impulsos. Ahora, si la pregunta fuera “¿Cómo transformar ese ambiente belicoso en un escenario cordial y constructivo?”, la respuesta cambia: se precisa alguien con la habilidad de un escultor cuya inspiración logra convertir un bloque de piedra macizo, inerte, en una obra que conmueve y emociona. El arte de negociar, semejante al del escultor, aspira a transformar una situación áspera y aparentemente sin salida en un encuentro donde las partes se retiran de la confrontación, se focalizan en las coincidencias, en las consecuencias futuras de sus actos y le dan un nuevo significado a esa relación que estaba próxima a extinguirse. ¿Cómo procurar que emerja el artista negociador que subyace en cada uno de nosotros? A lo largo de este libro hablaremos de las herramientas que permiten desarrollar ese don que todos tenemos.

Lengua oral: destino individual y social de las niñas y los niños Cabrejo Parra, Evelio, 2020-06-14 Éste es el primer libro que Evelio Cabrejo, especialista en primera infancia, decide publicar. Aunque tiene un buen número de artículos publicados en diferentes medios impresos, tanto en español como en francés, no existe ninguna obra que recopile sus investigaciones sobre lingüística, adquisición del lenguaje y primera infancia. El único libro que ha escrito, en coautoría con varios investigadores, es *Premièrs récits, premièrs conquêts: Une littérature au berceau*. En *Lenguaje y literatura: alimentos necesarios para la construcción psíquica del niño*, Evelio centrará su análisis en la importancia del lenguaje y de la literatura como instrumentos para comprender la construcción psíquica, cultural y cognoscitiva de los niños durante la primera infancia.

Los que se creen dioses Hernán Solís Garza, 2000-01-01

Aprendiendo de la experiencia Wilfred R. Bion, 1980 Este libro está dedicado a estudiar los problemas vinculados con la experiencia del aprendizaje. En primer lugar, insiste especialmente en que el hecho de intentar conocer algo implica un sentimiento doloroso que es inherente a la experiencia emocional misma del conocimiento. Luego explica, de acuerdo con la capacidad de la personalidad para tolerar la frustración, el dilema entre eludir o modificar dicho dolor. Seguidamente, estudia el proceso del pensamiento sobre la base de la práctica psicoanalítica con pacientes que presentan síntomas severos de trastornos del pensamiento. También plantea la necesidad de reformar las ideas acerca del origen y la naturaleza de los pensamientos y sobre los mecanismos mediante los cuales. Y, finalmente, considera y analiza las funciones de la personalidad

y los factores que corresponden a dichas funciones.

Sábato y sus fantasmas Julio Woscoboinik, 2006 El autor presenta una investigación psicoanalítica de ese extenso y complejo capítulo de Sobre héroes y tumbas, Informe sobre ciegos- Tal vez, las consideraciones del autor puedan ser resumidas en una expresión del mismo Sabato: la búsqueda de donde se hacen y deshacen los destinos. María Rosa Lojo - escritora y crítica literaria- comenta que Woscoboinik apela al saber del psicoanálisis, cruzando su lectura con textos literarios, filosóficos, míticos y religiosos. Rastrea en el rico tapiz de la novela de Sabato ese tejido fantasmático que siempre se está volviendo a tejer..... Desde una mirada especializada, Raquel Zak de Goldstein, psicoanalista, entiende que el arte del artista nos lleva, y nos pulsa, conduciendo nuestros ecos hacia aquello de lo vivido no pensado aún. Sabato visita lo siniestro, como todo autor que se atreve, sostenido en la letra que nos brinda en sus escritos. Julio Woscoboinik acompaña, paso a paso, pensando el dolor.
