## Antoine de Saint-Exupéry

*The Little Prince* Antoine de Saint-Exupéry, Antoine de Saint-Exupéry, 2020-01-14 *The Little Prince* (French: *Le Petit Prince*) – is an allegorical fable and the most famous work of Antoine de Saint-Exupéry. It was first published in April 1943 by publisher “Reynal & Hitchcock” in both English and French. Saint-Exupéry wrote the novella while living in New York City; a city he fled to after the occupation of his native France by Nazi Germany. The literary roots of the fable are based on the wandering plot of the rejected prince; while the emotional – on a child’s view of the world. The story line is built around the travels of the Little Prince who hails from the tiny planet B-612. Gradually, his journey becomes not just the literal movement from planet to planet, but more of a way to discover life and the world. Thanks to Saint-Exupéry’s artistic methods, adult readers see in the fable, a transcript of a conversation of two old friends; while children get a vivid and easily understandable description of the world that surrounds them. Due mostly to these two factors, *The Little Prince* has achieved such high levels of recognition and popularity.

**The Little Prince** Antoine de Exupéry, Katherine Woods, 2023-11-14 The Little Prince [Le Petit Prince], is a novella and the most famous work of the French aristocrat, writer, poet and pioneering aviator Antoine de Saint-Exupéry (1900-1944). The novella is both the most-read and most-translated book in the French language, and was voted the best book of the 20th century in France. After the outbreak of the Second World War Saint-Exupéry became exiled in North America. In the midst of personal upheavals and failing health, he produced almost half of the writings for which he would be remembered, including a tender tale of loneliness, friendship, love and loss, in the form of a young prince fallen to Earth. An earlier memoir by the author had recounted his aviation experiences in the Sahara Desert, and he is thought to have drawn on those same experiences in The Little Prince. Since its first publication in the United States, the novella has been adapted to numerous art forms and media, including audio recordings, radio plays, live stage, film screen, television, ballet, and operatic works. The Little Prince is a poetic tale, with watercolour illustrations by the author, in which a pilot stranded in the desert meets a young prince fallen to Earth from a tiny asteroid. The story is philosophical and includes social criticism, remarking on the strangeness of the adult world. It was written during a period when Saint-Exupéry fled to North America subsequent to the Fall of France during the Second World War, witnessed first hand by the author and captured in his memoir Flight to

Arras. The adult fable, according to one review, is actually ...an allegory of Saint-Exupéry's own life--his search for childhood certainties and interior peace, his mysticism, his belief in human courage and brotherhood.... but also an allusion to the tortured nature of their relationship. Though ostensibly styled as a children's book, *The Little Prince* makes several observations about life and human nature. For example, Saint-Exupéry tells of a fox meeting the young prince during his travels on Earth. The story's essence is contained in the lines uttered by the fox to the little prince: *On ne voit bien qu'avec le cœur. L'essentiel est invisible pour les yeux.* (One sees clearly only with the heart. What is essential is invisible to the eyes.) Other key thematic messages are articulated by the fox, such as: *Tu deviens responsable pour toujours de ce que tu as apprivoisé.* (You become responsible, forever, for what you have tamed.) and *C'est le temps que tu as perdu pour ta rose qui fait ta rose si importante.* (It is the time you have lost for your rose that makes your rose so important.) The fox's messages are arguably the book's most famous quotations because they deal with human relationships.

*Au centre du désert* Antoine de Saint-Exupéry, 2021-01-12 One day I decided to attempt a long-distance flight from Paris to Saigon. When, on December 29, 1935, I took off, I had no notion that the sands were preparing for me their ultimate and culminating ordeal. This is how Antoine de Saint-Exupéry begins his account of three days in the heart of the desert without water and people, which allowed the insights to mature in him that found expression six years later in the "*Little Prince*". - With documentary photos before and after his accident.

***The Little Prince*** Antoine Saint-Exupéry, 2016-10-14 *The Little Prince* recounts the relationship between an adult and a child. The adult is an aviator who has crash landed in the Sahara desert. The child is a golden-haired prince who has arrived

on Earth after taking a circuitous route from his home on a distant asteroid. The prince's tales of sheep and baobab trees and roses and the inhabitants of miniscule planets reveal many truths about the absurdness of the adult world. Caroline Gourmand's beautiful new illustrations enhance a text which oscillates between narrative and dialogue, and between the language of an adult and the language of a child. It is truly unfortunate that we can never know how Antoine de Saint Exupéry would have wanted his book to be interpreted, but he has graciously bequeathed us with the simplest of means to reflect on life, love and mortality. For children aged 8 and upwards.
