**LGBT Psychology** Michele K. Lewis, Isiah Marshall, 2011-11-02 Same-sex attracted, and non-gender conforming African-Americans are substantial in number, yet underrepresented in the social and behavioral science literature. This volume addresses the issues of African-American LGBT psychology as a case of indigenous psychology. The authors present the research of scholars who are developing theory, practice, and services that are couched within the specific cultural complexities of this population. Some key topics addressed in African-American Issues in LGBT Psychology are gender, spirituality, family, racism, coming out, generational differences, health and safety issues, urban vs. rural realities, and implications for researchers.

*Postmodern Practices* Thomas Dörfler, 2002

**American Self-Radicalizing Terrorists and the Allure of "Jihadi Cool/Chic"** Caroline Picart, 2017-03-07 American Self-Radicalizing Terrorists and the Allure of Jihadi Cool/Chic provides a critical legal analysis of how American self-radicalizing terrorists become what they are by analyzing, in detail, the stories of Colleen LaRose, America's first Most Wanted Female Terrorist, and the Tsarnaev brothers, Tamerlan and Jahar (Dzhokhar), the Boston Marathon Bombers. Drawing from the analytic tools of cutting-edge studies on terrorism by global experts, as well as the latest news reports, policy papers, Congressional Hearings, and legal documents, the book illustrates how the internet provides the means through which a self-activating terrorist may first self-radicalize through some imaginary or sympathetic connection with an organized terrorist network. Additionally, it shows how the romance of "jihadi cool/chic," packaged by its mastery of Hollywood-style shots and editing, resulting in slick, high resolution productions micro-tailored to appeal to different audiences, is a pivotal factor in the evolution of self-radicalizing terrorists. While showing how there is no single deterministic pathway to radicalization, the book also demonstrates how the internet and imagined relations cemented by the rhetorics of "jihadi cool" or "jihadi chic" function as crucial catalysts, galvanizing "monster talk" into monstrous action. It includes an analysis of "America's Most Watched Trial," United States v. Tsarnaev, as it moved through its "guilt" and "penalty" phases, and its culmination in Jahar's being sentenced to death by lethal injection as America's youngest self-radicalizing terrorist. The book closes with concise updates regarding America's self-radicalizing terrorists, such as, among others, Syed Rizwan Farook and Tashfeen Malik, the couple who sprayed a crowd of their colleagues with bullets at a San

Bernardino holiday party on December 2, 2015; Omar Mateen, the security guard whose rampage at an Orlando nightclub on June 12, 2016 resulted in America's worst mass shooting thus far; and Ahmad Khan Rahami, the individual arrested in relation to the New York and New Jersey bombings and attempted bombings on September 17-18, 2016.

**Arab Youth** Samir Khalaf, Roseanne Saad Khalaf, 2012-01-30 In 2011, Arab youth took to the streets in their thousands to demand their freedom. Although it is too early to speculate on the ultimate outcome of the uprisings, one auspicious feature stands out: they reveal the genesis of a new generation sparked by the desire for civil liberties, advocacy for human rights, and participatory democracy. This unique volume explores some of the antecedents of the upheavals and anticipates alternative venues of resistance that marginalized youth - from Lebanon, Syria and Palestine to Saudi Arabia, Morocco and Iran - can mobilize to realize their emancipatory expectations. Themes covered include the forging of meaningful collective identities in times of risk and uncertainty; youth militancy, neighborhood violence and youth gangs; the surge of youthful activism; and youths' expressive outlets through popular arts and street music.

**American Cultural Studies** Neil Campbell, Alasdair Kean, 2016-01-29 Exploring the central themes in modern American cultural studies and discussing how these themes can be interpreted, American Cultural Studies offers a wide-ranging overview of different aspects of American cultural life such as religion, gender and sexuality, regionalism, and ethnicity and immigration. The fourth edition has been revised throughout to take into account the developments of the last four years. Updates and revisions include: discussion of Barack Obama's time in the White House consideration of 'Hemispheric American Studies' and the increasing debates about globalisation and the international role of the USA long-form television and American Studies up-to-date case studies, such as *Girls*, *The Wire* and *Orange Is the New Black* more material on Detroit, the Mexican border, same-sex relationships and Islam in America updated further reading lists and new follow-up work. Illustrated throughout, containing follow-up questions and further reading at the end of each chapter, and accompanied by a companion website ([www.routledge.com/cw/campbell](http://www.routledge.com/cw/campbell)) providing further study resources, American Cultural Studies is a core text and an accessible guide to the interdisciplinary study of American culture.

**Countering Jihadi Cool** Caroline Joan "Kay" S. Picart, 2025-08-07 Using an aesthetic culture and techniques termed as jihadi cool, terrorist groups have been able to recruit members from around the world, so how do we begin to respond? This book analyzes the rhetorical and ethical dynamics of a culture of jihadi cool/chic, and why these rhetorical and aesthetic techniques have been such a powerful recruitment force for particular transnational terrorist groups. The author uses an evidence-based approach, with frameworks derived from law, politics, philosophy, rhetoric, feminist theory, and communication studies, to examine various attempts to construct counter-narratives to the jihadi cool master narrative. The book closes with an examination of how to begin to respond critically and effectively to the lure of jihadi cool.

**Muslim Youth in the Diaspora** Pam Nilan, 2017-02-17 In a world where the term Islam is ever-increasingly an

inaccurate and insensitive synonym for terrorism, it is unsurprising that many Muslim youth in the West struggle for a viable sense of identity. This book takes up the hotly-debated issue of Muslim youth identity in western countries from the standpoint of popular culture. It proposes that in the context of Islamophobia and pervasive moral panic, young Muslims frame up their identity in relation to external conditions that only see 'good' and 'bad' Muslims, on both sides of the ideological fence between Islam and the West. Indeed, by attempting to break down the 'good' versus 'bad' Muslim dichotomy that largely derives from western media reports, as well as political commentary, *Muslim Youth in the Diaspora: Challenging Extremism through Popular Culture* will enlighten the reader. It illuminates the way in which diasporic Muslim youth engage with, and are affected by, the radical Islamist meta-narrative. It examines their popular culture and online activity, their gendered sense of self, and much more. This original book will be of interest to students and scholars interested in the fields of sociology, cultural studies and social anthropology. It offers a particular focus on Islam for research in youth studies, youth culture, political radicalisation and religious identity. It will also be relevant to the sector of youth and social work, where practitioners seek to build cultural bridges with a new generation.

*Rocking Islam* Fatma Sagir, 2021 Music has the universal power to move individuals, peoples and societies. Music is one of the most important signifiers of cultural change. It is also most significant for youth movements and youth cultures. While Islam has a historically and traditionally rich culture of music, religious controversy on the topic of music is still ongoing. However, young Muslims in today's globalised world seek pop cultural tools such as music, and particularly hip hop music, as way of exploring and expressing their manifold identities, whilst challenging Islamophobia, stigma and racism on the one hand and traditional and religious challenges on the other hand. In this volume, following an international conference with the same title, scholars and young academics from a variety of disciplines seek to explore and highlight the phenomena surrounding the two, somewhat artificially separated, realms of music and religion. The contributions not only look into different genres of music, from Tunisian metal over German female hip hop to Egyptian folk, but take the reader on a journey from continent to countries to cities and rural areas and thus give space and time to a widely neglected area of research: that of Muslim popular culture and young Muslims.

**New York City English** Michael Newman, 2014-10-09 New York City English is one of the most recognizable of US dialects, and research on it launched modern sociolinguistics. Yet the city's speech has never before received a comprehensive description and analysis. In this book, Michael Newman examines the differences and similarities among the ways English is spoken by the extraordinarily diverse population living in the NY dialect region. He uses data from a variety of sources including older dialectological accounts, classic and recent variationist studies, and original research on speakers from around the dialect region. All levels of language are explored including phonology, morphosyntax, lexicon, and discourse along with a history of English in the region. But this book provides far more than a dialectological and historical

inventory of linguistic features. The forms used by different groups of New Yorkers are discussed in terms of their complex social meanings. Furthermore, Newman illustrates the varied forms of sociolinguistic significance with examples from the personal experiences of a variety of New Yorkers and includes links to sound files on the publisher's site and videos on YouTube. The result is a rigorous but accessible and compelling account of the English spoken in this great city.

**Egyptian Hip-Hop: Expressions from the Underground** Ellen R. Weis, 2016-09-15 This ethnographic study of the Egyptian underground hip-hop scene examines the artists who collectively molded the scene and analyzes their practices and explores how these artists have interacted with and responded to political and social upheaval and change. It reveals how rappers approached and reformulated the genre in times of revolution and stasis to reveal how rap acts as a multi-layered form of expression. More specifically, it examines the location of the art form within the broader history of oppositional cultural expression in Egypt, outlining the artists' oppositions to various hegemonic structures and critically deconstructing them to reveal that they often reflect dominant ideology.

**Hip Hoptionary™** Alonzo Westbrook, 2002-10-15 The bumpin' book for hip-hop disciples (a.k.a. fiends), songwriters, all other writers, pop culture fans, linguists, and parents who are just trying to figure out what their kids are saying. The inventive sounds of hip-hop (which became America's number two music genre in 2001, outselling country) have echoed far from their Bronx beginnings of twenty years ago. Making its way from Compton sidewalks to suburban malls, garnering commentary from The Wall Street Journal alongside Vibe, hip-hop by definition delivers its messages in the most creative language possible. Celebrating hip-hop's boon to the realm of self-expression, Hip Hoptionary™ translates dozens of phrases like "marinating in the rizzi with your road dawg" (relaxing in your car with your friend), including: • Big bodies: SUVs or luxury vehicles • Government handle: registered birth name • 411: the latest scoop or information • Bling-bling: diamonds, big money, flash and cash • Brick City: Newark, New Jersey • 1812: war, fight (as in War of 1812) In addition to the lexicon of idioms and beeper codes, Hip Hoptionary™ also features lists of hip-hop fashion labels, books, mixed drinks, and brief bios of America's famous rappers, making this the ultimate guide for a Double H (hip-hop) nation.

This book is a special collection of the four books DJ, MC, B-Boy, and Graffiti (A Children's Guide to Hip Hop). **The Hip-Hop Underground and African American Culture** J. Peterson, 2014-09-11 The underground is a multi-faceted concept in African American culture. Peterson uses Richard Wright, KRS-One, Thelonius Monk, and the tradition of the Underground Railroad to explore the manifestations and the attributes of the underground within the context of a more panoramic picture of African American expressivity within hip-hop.

*You Mean, There's Genius in My Hip Hop?* F. W. Gooding Jr, 2015-12-12 Have you ever listened to Hip Hop? Or watched a Hip Hop video on TV? Or listened to someone recite rhymes while they listened intently with their headphones on? If so, then this is the right book for you! In this dynamic read, we start with the principle that Hip Hop performs an important social function, and consequently so do the mental images generated within it. We start by examining why Hip Hop holds such an important place in our culture and explore its mass market global appeal. We seek to understand how something so controversial and marginal could become so mainstream and central. This book infuses historical contextualization as a backdrop against exploration of particular genres, artists, styles, sounds, images, and rhetorical techniques within the Hip Hop movement. We will analyze how Hip Hop works while studying telling examples from well-known underground sound. After reading this book, you will be able to effectively screen out biases and stereotypes subtly conveyed against Hip Hop within the various media outlets. More importantly, you will be introduced to the six overarching organizing themes, or HipHopetypes that constitute the basis of Underground HipHopology. In the process, you will also develop a heightened appreciation for the power that Hip Hop can generate nationally and internationally. Be forewarned; you will never listen to Hip Hop the same way again!
