Your Wish Is Your Command Kevin Trudeau, 2025-09-30 SUCCESS PRINCIPLES THAT HAVE STOOD THE TEST OF TIME Your Wish is Your Command is not another Self-Help Book. It's a manuscript derived from battle-hardened wisdom passed down through time directly from the world's most powerful and elite circles.

*Blueprint for Immortality* Julian Valderrama, 2016-10-31 Science, spirituality, and timeless laws of success are now being revealed through a trilateral force. The laws of the universe are now describing precisely powerful secrets that allow us to get what we want. Like the law of gravity affects all mass, so do the following principles perpetually govern our lives . . . whether we believe in them or not. "If the genius of invention were to reveal tomorrow the secret to immortality of eternal beauty and youth, for which all humanity is aching, the same inexorable agents which prevent a mass from changing suddenly its velocity would likewise resist the force of the new knowledge until time gradually modifies human thought" (Nikola Tesla). "Whatever the mind of man can conceive and believe, it can achieve" (Napoleon Hill). "For truly I say to you, if you have faith the size of a mustard grain, you will say to this mountain, 'Move from here to there,' and it will move, and nothing will be impossible for you" (Jesus Christ, Matthew 17:20). These timeless principles based on laws of physics are revealing to us why we die and how biological immortality will soon be an absolute reality in our lives.

**Shaolin Invincible** Denis Ark, 2022-03-10 Shaolin Invincible is volume one of a holistic series that is a curation of "nine gates," which are the most common factors of the greatest and most successful martial artists in history. The information within is distilled from studying legends like zen patriarch Bodhidharma, samurai warrior Miyamoto Musashi, and action superstar Bruce Lee. Also included are my own experiences from the past 20+ years in training martial arts & fitness, fighting competitions, meditation, and overall knowledge of health and wellness. The goal is to help readers connect the mind-body-spirit in harmony with these nine characteristics to achieve the ultimate success in life, invincibility. Shaolin Invincible is the ultimate success handbook for martial artists. The book is a guide that incorporates martial arts philosophies and a holistic spiritual approach to cultivate power in the body that helps you fulfill your major purpose in life. The first three gates in this book are designed to help you find the warrior within you.

*Gigged* Sarah Kessler, 2018-06-12 With deep reporting and graceful storytelling, Sarah Kessler reveals the ground truth of a key part of the American workforce. Her analysis is both astute and nuanced, making GIGGED essential reading for

anyone interested in the future of work. —Daniel H. Pink, author of *WHEN* and *DRIVE* The full-time job is disappearing—is landing the right gig the new American Dream? One in three American workers is now a freelancer. This “gig economy”—one that provides neither the guarantee of steady hours nor benefits—emerged out of the digital era and has revolutionized the way we do business. High-profile tech start-ups such as Uber and Airbnb are constantly making headlines for the disruption they cause to the industries they overturn. But what are the effects of this disruption, from Wall Street down to Main Street? What challenges do employees and job-seekers face at every level of professional experience? In the tradition of the great business narratives of our time, *Gigged* offers deeply-sourced, up-close-and-personal accounts of our new economy. From the computer programmer who chooses exactly which hours he works each week, to the Uber driver who starts a union, to the charity worker who believes freelance gigs might just transform a declining rural town, journalist Sarah Kessler follows a wide range of individuals from across the country to provide a nuanced look at how the gig economy is playing out in real-time. Kessler wades through the hype and hyperbole to tackle the big questions: What does the future of work look like? Will the millennial generation do as well as their parents? How can we all find meaningful, well-paid work?
