Women and the Mafia Giovanni Fiandaca, 2007-09-04 The insightful essays in this book shine a new light on the roles of women within criminal networks, roles that in reality are often less traditional than researchers used to think. The book seeks to answer questions from a wide range of academic disciplines and traces the portrait of women tied to organized crime in Italy and around the world. The book offers up accounts of mafia women, and also tales of severe abuse and violence against women.

Translation Studies beyond the Postcolony Ilse Feinauer, Kobus Marais, 2017-01-06 This edited volume explores the role of (postcolonial) translation studies in addressing issues of the postcolony. It investigates the retention of the notion of postcolonial translation studies and whether one could reconsider or adapt the assumptions and methodologies of postcolonial translation studies to a new understanding of the postcolony to question the impact of postcolonial translation studies in Africa to address pertinent issues. The book also places the postcolony in historical perspective, and takes a critical look at the failures of postcolonial approaches to translation studies. The book brings together 12 chapters, which are divided into three sections: namely, Africa, the Global South, and the Global North. As such, the volume is able to consider the postcolony (and even conceptualisations beyond the postcolony) in a variety of settings worldwide.

The Routledge Handbook of Translation and Activism Rebecca Gould, Kayvan Tahmasebian, 2020-06-02 The Routledge Handbook of Translation and Activism provides an accessible, diverse and ground-breaking overview of literary, cultural, and political translation across a range of activist contexts. As the first extended collection to offer perspectives on translation and activism from a global perspective, this handbook includes case studies and histories of oppressed and marginalised people from over twenty different languages. The contributions will make visible the role of translation in promoting and enabling social change, in promoting equality, in fighting discrimination, in supporting human rights, and in challenging autocracy and injustice across the Middle East, Africa, Latin America, East Asia, the US and Europe. With a substantial introduction, thirty-one chapters, and an extensive bibliography, this Handbook is an indispensable resource for all activists, translators, students and researchers of translation and activism within translation and interpreting studies.

The Future of U.S. Empire in the Americas Timothy M. Gill, 2020-03-12 With the rise of President Trump, many are

coming to question where the United States (U.S.) is headed and, whether we might witness an imperial decline under Trump. Social scientists largely recognize the contemporary hegemonic position of the U.S. at the global level, but questions persist concerning the future of the U.S. Empire. With the Trump Administration at the helm, these questions are all the more salient. Drawing on the expertise of a panel of contributors and guided by Michael Mann's model of power, this book critically interrogates the future of U.S. global power and provides insights on what we might expect from the U.S. Empire under Trump. Recognizing that U.S. imperial power involves an array of sources of power (ideological, economic, military, and political), the contributors analyze the Trump Administration's approach towards nine countries in the Western Hemisphere, and five sets of global policies, including inter-American relations, drugs, trade, the environment, and immigration. Each case presents a historical look at the trajectory of relations as they have developed under Trump and what we might expect in the future from the administration. The Future of U.S. Empire in the Americas will be of great interest to students and scholars of U.S. foreign policy, Foreign Policy Analysis, political sociology, and American politics.

L'Argentine des Kirchner (2003-2015) Charles Lancha,2017-01-15 Ce livre décrit la montée en puissance de Néstor Kirchner, investi président de la République argentine le 25 mai 2003 et qui, porté par un idéal péroniste de gauche, va arracher son pays à l'abîme. Osant affronter le FMI et les créanciers, il parvient à relancer l'économie du pays. En 2007, c'est sa femme, Cristina Fernandez de Kirchner, qui lui succède en tant que présidente. Cet ouvrage rend compte des principaux épisodes de ces mandats et insiste sur le rôle capital des grands médias sur l'échec final du kirchnérisme.

International Journal of Labour Research International Labor Office,2014-05-22 The International Journal of Labour Research provides an overview of recent research on labor and social policies from trade union researchers and academics around the world. The journal is multidisciplinary and of interest to trade union researchers, labor ministries, and academics in all the relevant disciplines worldwide —industrial relations,sociology, law, economics, and political science. In the wake of the worldwide fiscal crisis, workers and trade unions turned to cooperatives as a way to preserve jobs and create a different path to economic and social development. This issue of the IJLR reviews some of those initiatives and examines the state of the relationship between trade unions and worker cooperatives.

Por amor a la camiseta Cristian Grosso, 2006 Estaba muerto, desgarrado hasta la lengua, pero yo no podía faltar. En esta confesión tan elocuente, formulada por Diego Maradona alguna vez en la que quiso ser bien ilustrativo sobre el grado de esfuerzo que le había demandado jugar un partido para la selección, se puede resumir una historia de décadas. Aquella ocurrencia fue fruto de la conocida picardía de Diego para encontrarle gracia y contundencia a lo que quiere expresar, pero el arco de reflexiones sobre el tema puede abarcar al prestigioso periodista Simon Kuper, columnista de The Financial Times: En Argentina, un país donde las diferencias sociales, económicas y políticas son tan grandes, el fútbol consigue hacer olvidar todo. El tiempo amasó esa mezcla de sentimientos y la inoculó en el futbolista argentino, bajo la forma de un sentido de identidad que no reconoce igual en todo el mundo: la pertenencia orgullosa a la camiseta nacional. Entonces, además del ejemplo de Maradona, están las anécdotas y los testimonios de Menotti, Bilardo, Passarella, Simeone, Pekerman, Sorin y tantos artífices de lo que hoy es una marca registrada: la selección argentina de fútbol.--Contratapa.
