A Key to Dutch History Commissie Ontwikkeling Nederlandse Canon, 2007 Many think they know the legends behind tulipmania and the legacy of the Dutch East India Tea Company, but what basic knowledge of Dutch history and culture should be passed on to future generations? *A Key to Dutch History* and its resulting overview of historical highlights, assembled by a number of specialists in consultation with the Dutch general public, provides a thought-provoking and timely answer. The democratic process behind the volume is reminiscent of the way in which the Netherlands has succeeded for centuries at collective craftsmanship, and says as much about the Netherlands as does the outcome of the opinions voiced.

Beyond Pippi Longstocking Bettina Kümmerling-Meibauer, Astrid Surmatz, 2011-05-09 Astrid Lindgren, author of the famed Pippi Longstocking novels, is perhaps one of the most significant children's authors of the last half of the twentieth-century. In this collection contributors consider films, music, and picturebooks relating to Lindgren, in addition to the author's reception internationally. Touching on everything from the Astrid Lindgren theme park at Vimmerby, Sweden to the hidden folk songs in Lindgren's works to the use of nostalgia in film adaptations of Lindgren's novels, this collection is distinguished by its intermedial and international scope in the realm of Lindgren research.

Keywords for Children's Literature, Second Edition Philip Nel, Lissa Paul, Nina Christensen, 2021-01-12 Introduces key terms, global concepts, debates, and histories for Children's Literature in an updated edition Over the past decade, there

has been a proliferation of exciting new work across many areas of children's literature and culture. Mapping this vibrant scholarship, the Second Edition of *Keywords for Children's Literature* presents original essays on essential terms and concepts in the field. Covering ideas from "Aesthetics" to "Voice," an impressive multidisciplinary cast of scholars explores and expands on the vocabulary central to the study of children's literature. The second edition of this *Keywords* volume goes beyond disciplinary and national boundaries. Across fifty-nine print essays and nineteen online essays, it includes contributors from twelve countries and an international advisory board from over a dozen more. The fully revised and updated selection of critical writing—more than half of the essays are new to this edition—reflects an intentionally multinational perspective, taking into account non-English traditions and what childhood looks like in an age of globalization. All authors trace their keyword's uses and meanings: from translation to poetry, taboo to diversity, and trauma to nostalgia, the book's scope, clarity, and interdisciplinary play between concepts make this new edition of *Keywords for Children's Literature* essential reading for scholars and students alike.

Without Mercy Renate Dorrestein,2004-06-18 Reminiscent of Andre Dubuss critically acclaimed *In the Bedroom* and Joyce Carol Oates's *We Were the Mulvaney's*, Renate Dorresteins new novel explores the undercurrents of married life and the world of today's teenagers. Perfect was the word both for Phinus and Franka Vermeers marriage and their teenage son, Jem, but in the wake of his senseless murder, grief drives a wedge between them. Determined to resurrect the joy they once knew,

the couple embarks on a weekend in the country to mend their fraying relationship. Their marital troubles, however, run deeper than they realize. Suspenseful, tragic, and strangely touching, *Without Mercy* portrays the preciousness of everyday happiness.
