Quotationary - The A-Z Book of Quotations Nasser Amiri,2024-06-27 Compiled over many years by Nasser Amiri, this is by far the most comprehensive collection ever compiled of carefully selected quotations from the world's great philosophers, writers, historians, musicians and thinkers. Quotationary is a source of inspiration for every writer, book-lover and thinker. It contains the thoughts of many of the finest minds since ancient man started to express his wit and wisdom in aphoristic form. It is inspirational, instructive, amusing and literary; alongside a dictionary and thesaurus it is a must-have purchase for any author, writer, journalist or anyone working with words.

Boundaries Brian N. Winslade,2018-12-13 In an age of moral relativity, is there a place for rules? They govern acceptable behavior on the sports field, but do they have a position in general life and relationships? 3,500 years ago, a new nation emerged as Moses led the Israelites on a journey toward the land God had promised them. They needed boundaries that would govern their worship, interpersonal relationships, and property, and God wrote them down. We refer to them as the Ten Commandments. Over the centuries, they have formed the basis for rule of law in most countries of the world, defining boundaries of fairness and interaction, within which we live and have our being. But are they still relevant in and for the twenty-first century? Some regard them as anachronistic and outdated, superseded by more enlightened thinking. For others, they are timeless. Clearly, Jesus regarded them as pertinent for all who follow him, although in many instances he clarified their intent and application. This book takes a fresh look at the boundaries God gave his emerging special race and how they apply in our current age--a resource for pastors, individual Christ-followers, and a discussion-starter for small groups.

Your personal greatness objective is self-defined. For each of us, the definition of success and the journey to achieve it is different. Yet, no matter how talented or driven you are, your ability to achieve greatness is significantly influenced by many factors outside of your control. Leadership sets the tone—defining not just what they think success looks like, but also how you are expected to show up, collaborate, and grow. Greatness Code: The Formula Behind Unstoppable Success shows how to achieve your personal and career related goals. As Vice Chairman of Korn Ferry and the founder of Cornell International, Inc., Guarino devised a formula for success from thousands of data points over decades, helping people achieve their goals. Anyone who achieves their own greatness gets there by applying their social capital and building on five critical qualities: Persistence Stamina Courage Resilience Passion Your personally defined goal of greatness is achievable for almost anyone using this formula. In addition, Greatness Code provides scientific research and real-life examples that show how to advance at every career stage. It's time for you to gain the edge that these tools can give you.
