We Carry the Fire Richard A. Hoehn, 2021-02-17 *We Carry the Fire* describes a social and political spirituality defined by actions that save families, civilization, and the planet. These actions, based on values articulated in religious congregations, result in tangible outcomes in the real world: people live instead of die, democracy is strengthened, nature is restored, and the human spirit flourishes. The author shows how an action-spirituality is different from me- and escapist-spiritualities. Spiritual meaning is found by working in solidarity with people around the world to love our neighbors, as well as those who aren't our neighbors, as ourselves. As congregations are struggling to adjust to contemporary realities, Hoehn brings the passion and knowledge of a pastor, academic, author, activist, and grassroots organizer down to earth in real time.

International Law As We Know It Lianne J. M. Boer,2021-10-14 Explores the role of international legal scholars in the construction of legal knowledge, looking at examples from the cyberwar debate.

The Audacity of Inclusion Dulcie McCallum,2024-10-28 One beautiful, surprisingly warm spring morning on the isolated islands of Haida Gwaii, an insight smacked Dulcie McCallum in the face with the force of an unexpected tsunami: at the heart of it all, the law was the culprit. Rather than promoting rights, the law was itself the taproot of injustice. For people with an intellectual disability, the law is what defines their disadvantage, not their disability. For every child diagnosed with the label of intellectual disability, there remains a certain lousy predictability to the way they will be treated by society and the prejudice that will haunt them. Officially labelled with the r-word, they have also been tagged with “imbecile” or “moron.” Often treated as objects of pity or charity, segregated in “special” schools, sheltered workshops, and institutions, they are consigned to the sidelines of society. Their erasure as full persons reached unimaginable heights during eugenics, which led to systemic sterilization and en-masse extermination. But fear is warranted, as pervasive victimization remains a threat. Their intentional exclusion has done—and continues to do—inevitable damage. The Audacity of Inclusion will crack open the vault of injustices perpetrated against people who have an intellectual disability, helping shatter preconceptions and opening new ways of seeing people who are forced to live with a legally sanctioned label. In telling their stories, Dulcie had the support and wisdom of self-advocates Canadians Barb Goode, Harold Barnes, and “Sir” David Weremy, and New Zealander the late Sir Robert Martin, each of whom made invaluable contributions.
