The Message of the Kingdom Yliyah Paul, 2002-05-01 You've heard the lies. Now, learn the truth - if you dare! Prepare yourself for a real eye opener! Take off your rose colored glasses before you read this one, because it is probably the most controversial and revealing book ever written! The truth is more precious than the purest gold, and it has been said: the "truth is stranger than fiction". The latter is very true in Satan's world of lies and deception, as will be revealed, for this book shakes the very foundations of most world religions, age old philosophies, and creation theories. However, only the emotionally mature, the truly open minded, and the intellectually brave should explore this book, for the knowledge obtained can alienate as well as enlighten those who discover these truths! There is much truth to be found in these pages, but this book was not written for the masses but for the "few who seek" and love the truth more than their own lives! We are now in The End of Days! The last five years of increase in intensity and number of hurricanes, tornadoes, droughts, and floods (caused mostly by global warming!) plus a significant increase in famine, incurable diseases, terrorism, and instability in the Middle East attest to that conclusion! It's time for the truth in religion, politics, UFO's, extraterrestrials, creation theories,

and the future of mankind and Planet, Earth! Lies and myth have been perpetuated throughout the centuries. With the dawning of a new era, it is time the predestined purpose and nature of humanity and the true identity and nature of The Creator be revealed to those who desire and seek it. The reader will discover how Satan “has deceived the whole world” through false teachers and mistranslation. Evolution and Creationism (or Creation Science) along with other scientific methods are merged into an easy to understand synthesis, for both have some validity in the creation of the universe. “The straight and narrow way” that leads to eternal life is made plain and easy to understand, and it is the same religion found in The Messiah’s message expressed nearly 2000 years ago, which, believe it or not is not and was not: Christianity, Islam, Hinduism, Buddhism, Taoism, nor most versions of Judaism! The Creator is described as all knowing and omnipotent in spirit as well as in physical and scientific terms. For example, he and his host have the power to appear and disappear as Spirit Beings, or they can choose to take physical form and travel about the universe in their “chariots of fire” via wormholes at incredible speeds. Time and space are of no consequence to The Eternal One and his Heavenly Host, for they have long ago conquered both. They rule and nurture all life in the universe and will soon return to rule Planet Earth, when “The Seed” they have planted has come into fruition. At his Messiah’s coming, his “clouds of glory” will be so numerous, “the sun will be darkened and the moon will not shed its light”! Earthquakes, floods, droughts, tornadoes, hurricanes, volcanoes, famine, disease, wars, terrorism, and economic woes will continue to increase in intensity and frequency as the Four Horsemen of The Apocalypse come to full gallop as the time of the end approaches. The author predicted the recent increase in terrorism and natural disasters with the first edition of this book in 1996, which was drafted in 1989! Time is running out for man as we know him! A relatively rare breed of human will “inherit the earth” as “The Wheat” described in Matthew 5:3-10 & 13:23 planted as his “seed of righteousness” 6,000 years ago in Adam. NOTE: This book does not call for any violence, Jihad, or “Holy War” against any government or religion. For, “those who live by the sword shall die by the sword”. Vengeance is mine says “The Most High”, and when his “Day of Indignation” has come, rest assured, vengeance will be duly executed! For, “they come from a far country, from the end of Heaven - even the Most High and the weapons of indignation to destroy the whole land” (Isaiah 13:5). “Behold, they shall come with fire and chariots like the whirlwind” (Isaiah 66:15). And what do these chariots look like? “Their appearance and their work was as it were a wheel in the middle of a wheel” (Ezek 1:16). Now look again at the front cover! Get the picture - what the “clouds of glory” really look like? The reader will discover the science behind magic and the truth behind myth. This is a last chance calling for those who love truth and are found worthy to be “saved” from the coming destruction and allowed to live in the coming wonderful world and rule with the Messiah for 1000 years. This writing constitutes fulfillment of the prophecy of the “Message of the Kingdom” as correctly translated in Mark 13:10 & Matthew 24:14, which is to be published/preached into all the world” just before The End of The Age.

Energy, Third Edition Sophia Chen, Andrew Dean Foland, 2021-09-01 Praise for the previous edition: ...presents a great deal of very useful information in a concise and entertaining way...a wonderful addition to a science classroom library or useful as reference or enrichment material...—NSTA Recommends Energy is the central concept of physics. Unable to be created or destroyed but transformable from one form to another, energy ultimately determines what is and isn't possible in our universe. Energy, Third Edition gives readers an appreciation for the limits of energy and the quantities of energy in the world around them. This fascinating eBook explores the major forms of energy: kinetic, potential, electrical, chemical, thermal, and nuclear. Each succinct chapter is centralized around a single quantity of energy—for instance, the potential energy in Lady Liberty's torch or the chemical energy in a bag of sugar—making Energy, Third Edition a uniquely engaging resource for physics students.

Mathematica Theologica Richard R. Mata, 2017-06-08 Mathematica Theologica consists of a classical ontological argument in the genre of the likes of William Paley, J. L. Mackie, and Thomas Aquinas. What sets the argument within Mathematica Theologica apart from the arguments given by the aforementioned classical philosophers, is the fact that Mathematica Theologica addresses every philosophical argument ever given, which is why Mathematica Theologica is The Universe Defined.
