Beginners Guide to Vedic Astrology Fahad Khan,2015-02-12 It is said that everything is written even before the birth of the child. His destiny is written and we are but a puppet in hands of God. God has made this universe indeed and set rules that we may not know fully because God alone is the all knowing. He in all probability has millions of rules and laws such as law of gravitation, vaastu, fengshui, Chinese astrology, vedic astrology, numerology, dowsing and not denying some sciences that we developed like Chemistry, Physics. God has set a path to run this world and these hidden knowledge were discovered only when God allowed. This book teaches basics of understanding one of many rules and laws which we term as Vedic Astrology.

LALKITAB in Vedic Astrology Saket Shah,2020-02-26 Lal Kitab, originally published in urdu language, enshrines such effective astrological principles and remedial measures that it has rightly been termed as The Wonder Book of Astrology. The science of palmistry too has been explained in such an exquisite manner that each of the 42 divisions of the human brain have been related to the different houses of a man's birth chart in such a scientific manner that the sketch of the human brain reflects accurately on the lines of the palm. On the basis of these lines of the palm one can draw the actual horoscope of an individual and can do the placement of planets in various houses of the birth chart. The date of birth and the birth ascendant can be found out by reading the lines and mounts of the palm, which means that an individual's accurate birth chart can be drawn by seeing the lines of his palm. Similarly, by studying the different aspects of a man's residential house

his birth chart can be accurately prepared on the basis of the sutras explained in the Lal Kitab

Vedic Astrology for Beginners A. M. Latha, 2017-04-02 In our lives at some point of time we may come across certain situations which may take our peace of mind in order to move ahead or get rid of that rut. This all happens due to our past Karmic influences. As a human beings in spite of all efforts, we struck there and helplessly looking for someone to lend their hand to come out of it. But very few people come to us at that point of time to help us and many times we need to undergo severe pains and sufferings to move forward. Here comes the astrology the divine cosmic science which helps us to read and understand our karmic structure through the natal horoscope chart. In order to understand our karma either we need to go to an astrologer or one has to learn by themselves to read the chart. The future predicted by the astrologer may come true or not depending on several factors of your birth details and knowledge of the astrologer. So for those who want to analyze their chart by self-learning is very helpful. But astrology is not an easy science to learn for a novice without some support. Again, finding a person and taking the course is tedious because of professional and family issues. Here comes the role of good books which helps you to learn it easily. Hence, for those in need of it, this basic book has been written with maximum care, so that you can read any advanced book after going through this. The book covers the essential fundamental concepts which are required to understand your astrological chart. The science is itself is a big ocean to put in the form of a book. But in order to experience it, a drop of knowledge is given here. Here you can say something like you are learning the Alphabets of Astrology. But this is only a beginning, an end is limitless. So, enjoy reading this book. It is not for any advanced astrology lovers. If you want to understand some advanced concepts of astrology learn the basics very well. Good Luck!!

How to Read a Birth Chart Dinesh Shankar Mathur, 2008

Attukalijyothisham Āttukāl Rādhākṛṣṇan, 2006-01-01 A complete guide book on Hindu astrology; with special reference to horoscope.

32 Secrets of Birth Chart Saket Shah, 2025-04-07 When I first began studying Vedic astrology, I was searching for

answers. Why do we suffer certain patterns over and over? Why do some people walk into our lives like fate, only to leave like storms? Why are some born with abundance, while others carry invisible burdens? I didn't just want to know when something would happen. I wanted to know why it needed to happen. In the sacred silence of the scriptures, in the dusty margins of forgotten manuscripts, in the heartbeat of my own chart—I began to see glimpses of something deeper. Hidden patterns. Mysterious laws. Secrets that weren't taught in mainstream texts, but whispered through experience, devotion, and inner knowing. Thus, this book was born—not from a place of authority, but from a place of wonder. Each of the 32 secrets in this book is a doorway. They come from classical Vedic astrology, Jaimini's cryptic brilliance, and deeper meditations on karma and consciousness. But more than anything, they come from years of living through my chart and helping others walk through theirs. This is not a technical manual. It's a spiritual map. A mystical initiation. For those who are tired of predictions and hungry for purpose. If this book has awakened something in you—some memory of who you were and what you came here to heal—then it has fulfilled its purpose. To the reader who sees themselves in these pages, To the astrologer who senses truth beyond technique, To the soul who is both seeker and secret— This book was written for you. With light, devotion, Saket Shah

Predictive Techniques In Varshaphala Dr. K S Charak,2003

GK Win Degree System of Astrology: New Method of Astrology Tirupur S. Gopalakrishnan(gk),2019-06-12 It is a simple method for prediction through which, even a person with a basic knowledge of astrology can give predictions based on the birth chart. The method utilizes the degrees of the planets in the birth chart .The planets in the highest degree and lowest degree are taken into account. Even planets which are 6/8 positions away from each other, will be combined when their degrees are close. Through this method we can predict whose relationship will be beneficial for him/her. We can also predict the planets which will support him though out his/her life, the gods whom should be worship and so on. Predictions together with the planets in the transit and the birth chart are also easily given.

Ashtakavarga Simplified Marc Boney M a,2018-11-27 Within the vast ocean of knowledge that is the astrology of ancient India, the ashtakavarga system occupies a unique place for evaluating both the static potentials of a birth chart and for dynamically qualifying the effects of transits. In fact, there is saying in the tradition that to evaluate the effects of transits

of planets without ashtakavarga is a criminal act. Ashatakavarga means Eight-Fold Division and refers to how eight factors distribute benefic points to other signs/houses from their natal position. This distribution results in a summary point total for each sign/house and an individual point total for each planet for every sign/house. The use of these totals for interpretation has many applications and can shed light on the strengths and weakness of a birth chart that may otherwise be hidden.
