**Roger Mason**

**Finance for Non-Financial Managers** Pierre G. Bergeron,2007-03-22 This ground breaking text continues to guide managers, executives, and business students with little experience in the field of finance. Finance for Non-Financial Managers, Fifth Edition, builds on a great success by offering a practical introduction to financial decision making for students with no previous exposure to accounting or finance principles. This fifth edition has been written to improve the clarity of many finance techniques and the relationship between the various concepts covered in the book, enabling students to master the language and concepts of finance and accounting to assist them in future careers as managers or entrepreneurs.

**Mastering Project Portfolio Management** Michael Bible,Susan Bivins,2011-09-01 Official reference material for the Portfolio Management Professional (PfMP) Credential Examination This unique text provides a holistic view of project portfolio management (PPM) that includes people, process, tools, and techniques that work synergistically within the organization to produce portfolio decisions with the best chance of success. It illustrates the entire PPM process from strategic planning through portfolio evaluation and adjustment, including prioritizing objectives, identifying and evaluating candidate projects, selecting optimal portfolios using portfolio analysis, establishing project and portfolio performance metrics, measuring portfolio performance, and project portfolio governance. Rather than just an abstract discussion, Mastering Project Portfolio Management simulates real-world portfolio management through sample scenarios demonstrating advanced decision-making techniques and the use of decision-making software that readers are given access to. This book guides readers step-by-step through the entire project portfolio management process and is ideal for corporate and government training programs and as a primary text for graduate level academic courses.

**Finance for Non-Financial Managers** Gene Siciliano,2003-05-16 Financial reports speak their own language, and managers without a strong finance background often find themselves bewildered by what is being said. Finance for NonFinancial Managers helps managers become familiar with essential financial information, showing them how to speak the language of numbers and implement financial data in their daily business decisions. In addition, it clarifies how and why

financial decisions impact business and operational objectives.
