Writing CGI Applications with Perl Kevin Meltzer,Brent Michalski,2001 Are women insane? Are they really gluttons for

punishment? Often left picking up their panties rather than the person they hoped to build a lifetime with, women continuously miss the obvious problem in dating ... and according to Shaun Upshaw, it's NOT men (at least not men alone). Driven by a guilty conscience, tormented by broken hearts left in his path and a concern for his daughter's future, Upshaw seeks to balance the dating game by injecting a dose of common sense. He feels it's the least he can do to repair the damage of the deadly dating schemes practiced by most men. In a very candid, clear fashion, Shaun brilliantly explains the pitfalls and problems of dating while offering some rules of engagement. This book will cause you to experience a varied array of emotions. You will feel angry, appalled, astonished, broken, used, and down right dumb. So why read this book? Great question... You will be enlightened and informed. Forced to the crossroad of decisions, you will have to look yourself in the mirror and answer some self-evaluating questions. To date or not to date... If your answer is 'to date'... you NEED this book.

The Web Server Handbook Pete Palmer, Adam Schneider, Anne Chenette, 1996 Even if others abandon you, you must never abandon yourself. This simple truth became Terry Helwig's lifeline as she was forced to grow up too soon. Terry grew up the oldest of six girls in the big-sky country of the American Southwest, where she attended twelve schools in eleven years. Helwig's stepfather Davy, a good-hearted and loving man, proudly purchased a mobile home to enable his family to move more easily from one oil town to another, where Davy eked out a living in the oil fields. Terry's mother, Carola Jean, a wild rose whose love often pierced those who tried to claim her, had little interest in the confines of home and motherhood. In Davy's absence, she sought companionship in local watering holes—a pastime she dubbed “visiting Timbuktu.” She repeatedly left Terry in charge of the household and her five younger sisters. Despite Carola Jean's genuine attempts to “better herself,” her life spiraled ever downward as Terry struggled to keep the family whole. In the midst of transience and upheaval, Terry and her sisters forged an uncommon bond of sisterhood that withstood the erosion of Davy and Carola Jean's marriage. But ultimately, to keep her own dreams alive, Terry had to decide when to hold on to what she loved and when to let go. Unflinching in its portrayal, yet told with humor and compassion, Terry Helwig's luminous memoir, *Moonlight on Linoleum*, explores a family's inner and outer landscapes of hope, despair, and redemption. It will make you laugh, cry, and hunger for more.
