The Riddles of Harry Potter Shira Wolosky, 2010-12-20 The Riddles of Harry Potter draws readers into the deeper meanings of these phenomenally successful books, arguing that they launch and pursue interpretive quests in an ongoing effort to understand patterns and their attendant meanings, implications, and consequences.

Watching Movies with Christian Eyes Too Susan Maluschka, 2021-11-19 Being a teenager is hard work. Thanks to a combination of hormone overload, peer pressure, and social beliefs, teens and even preteens often feel misunderstood or alienated and are treated as unimportant or an outcast. These feelings are a combination of many things but generally come down to trying to figure out your place in the world from under your parent's thumb. Sports and video games sometimes help you escape the pressures of life for a little while, but they are not solutions. You need answers that can help you get a clearer picture of where you're going in life and what you want to be like when you get there. Through movies, we can see the best and worst in ourselves. These studies will help you as a young adult (ages eleven to sixteen) to see beyond the movie's storyline and into the heart of the feelings and issues the characters are dealing with. If you haven't had to deal with some of these issues yet, hang on. They're coming. You need to give serious thought now about how you will choose to deal with these issues when they do come up. No one can do it for you. Going through these questions is a good way to get started thinking. The world is ever-changing, but we have the one thing that will never change--God's Word. Living in this world can be rough, but you can be the one to make it better. Not all of the movies are rated to be seen by someone your age, but they don't have to be. You don't have to see the movies to do this study. The questions will guide you through the scenes so you can focus on the issues without dealing with the emotions that accompany visual images. Despite this, some topics may still be too sensitive for some people. For this reason, movies that focus solely on death or evil are noted with an asterisk on the Contents page because viewer discretion is advised.

Unmedicated Madisyn Taylor, 2018-01-23 The cofounder of the holistic lifestyle website DailyOM “provides inspiration and hands-on guidance in a compassionate and soulful way for anyone looking to help themselves or their loved ones” (Dr. Peter D’Adamo, New York Times bestselling author of Eat Right 4 Your Type) through four pillars of natural wellness. Madisyn Taylor was plagued by depression and anxiety, suffering from chronic physical problems that left her desperate for solutions. Spending decades searching for answers, she first turned to the medical community, which put her on a rollercoaster course of numerous doctors, tests, and an unhealthy reliance on medications that left her numb and lifeless. With her happiness and future on the line, she then made the decision to become unmedicated, reaching out to the alternative, holistic health realm. After years of practice and research, Madisyn developed a natural wellness program that put her back in the driver’s seat of her health, and ultimately, her life. Unmedicated is her thoughtful account of how she broke free from binding mental chains and physical ailments to be happy, healthy, and productive. It is also a guide for you to apply her practical techniques to your own healing journey. Madisyn offers a daily program of easy-to-follow actions based on four pillars that will build a lifelong foundation for health: clear your mind; strengthen your body; and nurture your spirit. By giving “much-needed hope to those who have yet to find a solution to their suffering” (Jen Sincero, New York Times bestselling author of You Are a Badass), Unmedicated is a gentle, compassionate, and achievable path that empowers you to take back your life and live fully.

The Tao of Potter Brian Donohue, 2011-09-23 The stories have been told: now it is time to learn their lessons. Life lessons and psychological insight drawn from the Harry Potter books.

Stop Making Others Rich: How Authors Can Make Bank By Selling Direct Morgana Best, 2022-07-31 Do you want to have an author store and don't know where to start? Or have one and don't know how to make the most of it? Take back your power and control your author finances with an author store. Your store is not just another retailer—with the right store, you can upsell, retarget customers, bundle products such as an ebook and a print book or whatever you like! No more rules. No more nastygrams. No more spending most of your ad budget to subsidise retailers, sending your readers to a page with other authors' books on it. With a store, you can get paid now. That's right, now and not in 60 days. And no more retailer cuts. Ever wondered who buys your books? Not any more. Now you have data and, depending on your storefront, analytics. This book answers questions such as: What should you do when starting out? Which storefront would suit? Shopify, Payhip, WooCommerce, PayPal button, or one of the others? What do you need to start a store, and if you have a store, how do you optimize it? Do you really need to train people to buy from your store? What about international sales tax? (It depends on buyer location, not just yours.) Want to sell print but don't want to pay for print upfront, handle stock, or go to the Post

Office? And much more! Such as: Time to think differently about advertising! And How to manage change in the industry. Plus other insider tips! USA Today Bestselling author, Morgana Best, started selling print direct in 1993 and ebooks (as well as print) direct from her websites in 2003. She wasn't alone. In 2007, indie authors turned to the retailers, but now the tide is turning back to selling direct. Learn from an actual fiction author who has been selling direct for decades. *Stop Making Others Rich: How Authors Can Make Bank By Selling Direct* is the definitive book on authors selling direct.

Childhood, Agency, and Fantasy Ingrid E. Castro, 2021-01-12 Joining the emergent interdisciplinary investment in bridging the social sciences and the humanities, *Childhood, Agency, and Fantasy: Walking in Other Worlds* explores linkages between children's agency and fantasy. Fantasy as an integral aspect of childhood and as a genre allows for children's spectacular dreams and hopeful realities. Friendship, family, identity, loyalty, belongingness, citizenry, and emotionality are central concepts explored in chapters that are anchored by humanities texts of television, film, and literature, but also by social science qualitative methods of participant observation and interviews. Fantasy has the capacity to be a revolutionary change agent that in its modernity can creatively reflect, critique, or reimagine the social, political, and cultural norms of our world. Such promise is also found to be true of children's agency, wherein children's beings and becomings, rooted in childhood's freedoms and constraints, result in a range of outcomes. In the endeavor to broaden theory and research on children's agency, fantasy becomes a point of possibility with its expanding subjectivities, far-reaching terrain, and spirit of adventure.
