Joseph W. Williams

Lay Aside the Weight T. D. Jakes, 2002 Utilizing five principles T.D. Jakes developed to help himself lose over 100 pounds, you'll be excited to see immediate results in how you think about food.

Fat Religion Lynne Gerber, Susan Hill, LeRhonda Manigault-Bryant, 2021-05-13 *Fat Religion: Protestant Christianity and the Construction of the Fat Body* explores how Protestant Christianity contributes to the moralization of fat bodies and the proliferation of practices to conform fat bodies to thin ideals. Focusing primarily on Protestant Christianity and evangelicalism, this book brings together essays that emphasize the role of religion in the ways that we imagine, talk about, and moralize fat bodies. Contributors explore how ideas about indulgence and restraint, sin and obedience are used to create and maintain fear of, and animosity towards, fat bodies. They also examine how religious ideology and language shape attitudes towards bodily control that not only permeate Christian weight-loss programs, but are fundamental to secular diet culture as well. Furthermore, the contributors investigate how religious institutions themselves attempt to define and control the proper religious body. This volume contributes to the burgeoning field of critical fat studies by underscoring the significance of religion in the formation of historical and contemporary meanings and perceptions of fat bodies, including its moralizing role in justifying weight bias, prejudice, and privilege. The chapters in this book were originally published as a special issue of *Fat Studies: An Interdisciplinary Journal of Body Weight and Society*.

Pursuing Perfection Maja Whitaker, 2025-03-28 The pursuit of bodily “perfection” is a cultural impetus persistent throughout history, which has become a dominating force in modern Western culture, where the image you present to the world on social media counts for everything. A new generation of theologians are wrestling with these issues in their everyday lives and their areas of scholarship. There is, they argue, a real need for an interdisciplinary work that is academically robust and practically meaningful to our cultural moment.

Spirit Cure Joseph W. Williams, 2013-02-14 Joseph W. Williams examines the changing healing practices of pentecostals in the United States over the past 100 years, from the early believers to the later generations of pentecostals and their charismatic successors.

The Gastronomica Reader Darra Goldstein, 2010-02-21 Described in the 2008 *Saveur* 100 as At the top of our bedside reading pile since its inception in 2001, the award-winning *Gastronomica: The Journal of Food and Culture* is a quarterly

feast of truly exceptional writing on food. Designed both to entertain and to provoke, The Gastronomica Reader now offers a sumptuous sampling from the journal's pages—including essays, poetry, interviews, memoirs, and an outstanding selection of the artwork that has made Gastronomica so distinctive. In words and images, it takes us around the globe, through time, and into a dazzling array of cultures, investigating topics from early hominid cooking to Third Reich caterers to the Shiite clergy under Ayatollah Khomeini who deemed Iranian caviar fit for consumption under Islamic law. Informed throughout by a keen sense of the pleasures of eating, tasting, and sharing food, The Gastronomica Reader will inspire readers to think seriously, widely, and deeply about what goes onto their plates. Gastronomica is a winner of the Utne Reader's Independent Press Award for Social/Cultural Coverage

Loved by God T. D. Jakes, 2000 God's Love Is So Extravagant...But How Has it Changed Your Life? God has loved you with an everlasting love, but in the midst of everyday pressures it's sometimes hard to remember. In *Loved by God*, you will see that God's love for you is real and greater than you can even imagine. This fascinating study of Ephesians Chapter takes a practical look at: The three most important spiritual blessings which allow any believer to walk in God's abundance. The difference between natural and spiritual wealth...and how to work outwardly what God has placed in you inwardly. Why being chosen by God impacts your purpose, relationships, destiny, and ministry. If you've never fully grasped what it means to be loved by God, it's time to open your eyes to these exciting and life-changing truths. Your walk with Him will never be the same!

Healthy Habits for a Fit Family J. Ron Eaker, 2011-02 The fantastic, the supernatural, the poetic, and the macabre entwine in this incomparable culmination of storytelling. Imaginative stories of wit and intelligence weave through vivid landscapes that are alternately wondrous and terrifying. Bringing together major literary figures from the 19th and 20th centuries—from Alfred Lord Tennyson and Edith Wharton to Edgar Allan Poe and Oscar Wilde—these masters of English and American literature created unforgettable tales where goblins and imps comele with humans from all walks of life. This deftly curated assemblage of notable classics and unexpected gems from the pre-Tolkien era will captivate and enchant readers. Forerunners of today's speculative fiction, these are the authors that changed the fantasy genre, forever.
