

The Institutes Of Biblical Law

Rousas John Rushdoony

The Institutes of Biblical Law Vol. 3 R. J. Rushdoony, 2009-11-16 God's law is much more than a legal code; it is a covenantal law. It establishes a personal relationship between God and man. The first section summarizes the case laws. The author tenderly illustrates how the law is for our good, and makes clear the difference between the sacrificial laws and those that apply today. The second section vividly shows the practical implications of the law. The examples catch the reader's attention; the author clearly has had much experience discussing God's law. The third section shows that would-be challengers to God's law produce only poison and death. Only God's law can claim to express God's covenant grace in helping us.

The Institutes of Biblical Law Vol. 1 R. J. Rushdoony, 2009-11-16 To attempt to study Scripture without studying its law is to deny it. To attempt to understand Western civilization apart from the impact of Biblical law within it and upon it is to seek a fictitious history and to reject twenty centuries and their progress. The Institutes of Biblical Law has as its purpose a reversal of the present trend. It is called Institutes in the older meaning of the that word, i.e., fundamental principles, here of law, because it is intended as a beginning, as an instituting consideration of that law which must govern society, and which shall govern society under God. To understand Biblical law, it is necessary to understand also certain basic characteristics of that law. In it, certain broad premises or principles are declared. These are declarations of basic law. The Ten Commandments give us such declarations. A second characteristics of Biblical law, is that the major portion of the law is case law, i.e., the illustration of the basic principle in terms of specific cases. These specific cases are often illustrations of the extent of the application of the law; that is, by citing a minimal type of case, the necessary jurisdictions of the law are revealed. The law, then, asserts principles and cites cases to develop the implications of those principles, with its purpose and direction the restitution of God's order.

The Institutes of Biblical Law Vol. 2 R. J. Rushdoony, 2009-11-16 The relationship of Biblical Law to communion and community, the sociology of the Sabbath, the family and inheritance, and much more are covered in the second volume. The purpose of this second volume is to point men to God and His Word for the government of their lives and our world. To serve and magnify God is the greatest of privileges and callings, as is the reconstruction of all things in terms of the Word of God. This, after all, is the purpose of life, to be conformed to God. Contains an appendix by Herbert Titus.

Law & Liberty R. J. Rushdoony,2009-11-16 In this concise volume, R. J. Rushdoony expounds on the central themes of the application of Biblical law to every area of life. This book is a great starting point to understanding Rushdoony's larger expositions on Biblical law.

Symposium on Biblical Law (JCR Vol. 2 No. 2) R. J. Rushdoony,Greg L. Bahnsen, As a result, the break-down in secular legal structures throughout the world—a legal crisis which is becoming increasingly obvious to voters, politicians, and humanistic scholars—has not brought with it a cry for the restoration of biblical law, the only alternative which has any possibility of survival in the long run.

The Civic Gospel William Reynolds,Julie A. Webber,2009 This book is a result of the times in which we are living. These times demand a response. When the authors began to write this book, it was not popular to dissent against the Bush

administration. In fact, dissent was and still is equated with terrorism. Now, it might seem that the tide is turning and maybe after the 2008 election some of this nightmare we have been experiencing will change. At least that is the optimistic view. But there are small traces that the struggle the authors discuss in this book will continue well into the 21st century. The intermingling of the political and the religious is still swirling in the present context. The Civic Gospel, as the authors discuss it, is the notion that preaching the Gospel is preaching politics and vice versa. This book is about that struggle and the issues related to it.
