Summary of Living the 80/20 Way by Richard Koch QuickRead, Lea Schullery, Learn how living the 80/20 way can help you find happiness and success by simply doing less. Like most people in today's society, you may be tired of the daily grind. You simply wake up, head to work, sit at your desk all day, head home, eat dinner, go to bed, and do it all again the next day. There has to be more, right? Well, according to Koch, we are living life all wrong; instead of working to live, we live to work. We spend most of our time exerting our energy at work, only to find that when we get home, we are too exhausted and to give our best selves to our families and friends. Here's where the 80/20 principle comes in. The 80/20 principle refers to the observation that roughly 80 percent of results stem from 20 percent of causes. For example, the world's top 20 percent of people generate 80 percent of the world's wealth. While this principle has been used successfully in the business and economics world, it can now be applied to the lives of any individual. In other words, we can achieve more by doing less. As you read, you'll learn how to find your happiness islands, how to save money like the wealthy, and lastly, how living a simple life may be the key to success. Summary: The Idea-Driven Organization BusinessNews Publishing, 2015-07-01 The must-read summary of Alan Robinson and Dean Schroeder's book: *The Idea-Driven Organization*. This complete summary of the ideas from Alan Robinson and Dean Schroeder's book *The Idea-Driven Organization* details how the best ideas to improve a business often come from the front-line. According to Robinson and Schroeder, you should listen to these ideas and apply them. This is exactly what an idea-driven organisation does. For this concept to work, organisations must have systems in place to push and pull these ideas. There are five steps to building an idea-driven organisation: 1. Understand the power of front-line ideas 2. Realise this needs different leadership 3. Align your strategy and management 4. Implement your front-line idea system 5. Use these ideas to innovate Added-value of this summary: • Save time • Understand the power of front-line ideas • Build an idea-driven organisation and benefit from innovative ideas To learn more, read "The Idea-Driven Organization" and start listening to those that know your business the best!

The 4-Hour Work Week: By Timothy Ferriss | Summary & Analysis Elite Summaries, 4-Hour Work Week, by Timothy Ferris | Summary & Analysis. A smarter you in 15 minutes. What is your time worth? In these times, the economy is unpredictable; people need to do away with retirement concepts that don't work for their life plan, if there is no proper

management of income. It doesn't matter whether one is earning huge salaries, or living a humble life. This audiobook has been designed to teach steps to be taken in a luxurious lifestyle. The author has further elaborated this by giving Tim as an example. Initially, Tim used to earn \$40,000 annually, but later on he started earning the same amount on a monthly basis. Further, the audiobook teaches you how to outsource your life abroad, by embracing virtual aid which will cost you only five dollars per hour. Moreover, it touches on how people can travel without necessarily resigning from their jobs, ways of eliminating almost half the amount of work you do in two days, by use of principles of a forgotten Italian economist, ways of trading in a career that requires a long haul for work, that are short with busting and frequent mini-retirements.

Summary: How I Made My First Million on the Internet BusinessNews Publishing, 2013-02-15 The must-read summary of Ewen Chia's book: *How I Made My First Million on the Internet... And How You Can Too!* This complete summary of the ideas from Ewen Chia's book *How I Made My First Million on the Internet* shows that the Internet, though an extraordinarily powerful marketing machine, should be approached in the same way as real life business models. This summary suggests how to apply these measures to Internet marketing. Never go into a completely cold market, for example, but target a niche within a market that already exists. A profitable market will have the following online features: popular sellers on eBay/Amazon, they will be present on trend watchers such as TrendWatching.com, the business keywords will rate highly on search engines. Relationships are especially important in online marketing: people receive so many spam offers they want to be able to trust you before buying. Focus on the problem your product solves, rather than the product itself. When people contact you, be swift in your reply, even if that means they get an auto-responder first. Added-value of this summary: • Save time • Understand key concepts • Develop your business knowledge To learn more, read *How I Made My First Million on the Internet* and discover the business models and how to apply them to the Internet marketplace, step-by-step.

The 80/20 Principle, Third Edition Richard Koch, 2011-11-09 Be more effective with less effort by learning how to identify and leverage the 80/20 principle: that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts. The 80/20 principle is one of the great secrets of highly effective people and organizations. Did you know, for example, that 20 percent of customers account for 80 percent of revenues? That 20 percent of our time accounts for 80 percent of the work we accomplish? The 80/20 Principle shows how we can achieve much more with much less effort, time, and resources, simply by identifying and focusing our efforts on the 20 percent that really counts. Although the 80/20 principle has long influenced today's business world, author Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness, and improve our careers and our companies. The unspoken corollary to the 80/20 principle is that little of what we spend our time on actually counts. But by concentrating on those things that do, we can unlock the enormous potential of the magic 20 percent, and transform our effectiveness in our jobs, our careers, our businesses, and our lives.

Summary: The 80/20 Individual BusinessNews Publishing, 2014-10-28 The must-read summary of Richard Koch's book: *The 80/20 Individual: How to Accomplish More by Doing Less - the Nine Essentials of 80/20 Success at Work*. This complete summary of the ideas from Richard Koch's book *The 80/20 Individual* shows that none of us are productive all the time: the 80/20 principle states that 80% of the results we achieve come from just 20% of our actions. In his book, the author explains nine guidelines that everyone can use to reach their creativity and productivity potential by finding ways to be more effective when in the 20% zone. This summary will teach you how to boost your productivity and ensure that you use your biggest talents in the 20% zone to get the most out of your efforts. Added-value of this summary: • Save time • Understand key concepts • Expand your knowledge To learn more, read *The 80/20 Individual* and ensure that you are focusing your efforts where they matter most.

Summary of Living the 80/20 Way Thorough Summaries, 2021-05-29 *Living the 80/20 Way* shows you how to apply the 80/20 principle, an economic concept which states that the vast majority of results come from a small proportion of effort, to your personal life. With pragmatic, easily applicable advice about how to create more with less, the author encourages the reader to focus on what's important and to think outside the box.

Summary BusinessNews Publishing, 2013 This ebook offers a summary of the book *The 80/20 Principle* by Richard Koch. Richard Koch argues persuasively in *The 80/20 Principle* that 80percent of the results in any system will flow from just 20percent of the efforts. Trying to eliminate the 80 percent is usually ineffective; therefore, try to expand the 20 percent. He

gives the reader 10 techniques for increasing productivity in the 20 percent, explaining why they are valuable. For example, he suggests that identifying the top 20 percent of profitable business can help shrink the 80 percent, because if you realise an area of your b.
