Social Reading Cultures on BookTube, Bookstagram, and BookTok Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni, 2024-04-30 This book examines the reading cultures developed by communities of readers and book lovers on BookTube, Bookstagram, and BookTok as an increasingly important influence on contemporary book and literary culture. It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers. The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices, bookish social media has elevated the agency and visibility of readers and book consumers within literary culture. It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture. Concise and accessible, this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature, sociology, media, and cultural studies, as well as teachers and professionals in the book and library industries.

Still Reading Romance Josefine Smith, Kathleen W. Taylor Kollman, 2025-04-01 In a world that commodifies feminism, is

adapting romance novels for small and big screen projects, and the Romance Writers Association is evolving to a more inclusive representative group, it is imperative for researchers to reevaluate the cultural assumptions and gender norming work happening in the romance genre. It is time to question the cultural capital of traditional archetypes, explore the experience of romance readers, and question how romance and cultural studies researchers create quantitative, qualitative, and mixed methods research. This work centers around a data set collected with a revised version of Janice Radway's Reading the Romance survey that will be shared with all the authors of this anthology. By having access to this pool, authors will have the opportunity to explore different elements of reader experience and cultural norms in romance fiction, and potentially reflect on changes since Janice Radway's seminal work. The norms and negotiations readers experience while consuming romance is especially interesting as romancelandia becomes a more mainstream part of popular culture with the popularity of Bridgerton and romance series like Ice Planet Barbarians exploding on BookTok. No other book in romance or popular culture studies identifies a data set as the connecting element, and to do so creates an exciting opportunity to create a more inclusive study of popular romance, offer truly interdisciplinary research on the question of how readers read romance, and generate diverse areas of future scholarship. This edited volume explores multiple issues in romance fiction, based on survey data from real romance readers. An updated version of Janice Radway's influential survey looking at romance readers in the early 1980s, this time scholars explore romance readers' habits and attitudes in the twenty-first century. Each contributor in this volume uses the same survey data to make unique statements about gender, intersectionality, popular fiction, and popular culture. By using a common data set but approaching it from different perspectives, this unique volume is able to apply multiple methodologies to the same subject.

What Readers Do Beth Driscoll, 2024-02-21 Shining a spotlight on everyday readers of the 21st century, Beth Driscoll explores how contemporary readers of Anglophone fiction interact with the book industry, digital environments, and each other. We live in an era when book clubs, bibliomemoirs, Bookstagram and BookTok are as valuable to some readers as

solitary reading moments. The product of nearly two decades of qualitative research into readers and reading culture, *What Readers Do* examines reading through three dimensions - aesthetic conduct, moral conduct, and self-care - to show how readers intertwine private and social behaviors, and both reinforce and oppose the structures of capitalism. Analyzing reading as a post-digital practice that is a synthesis of both print and digital modes and on- and offline behaviors, Driscoll presents a methodology for studying readers that connects book history, literary studies, sociology, and actor-network theory. Arguing for the vitality, agency, and creativity of readers, this book sheds light on how we read now - and on how much more readers do than just read.

It Starts with Us: Special Collector's Edition Colleen Hoover, 2024-11-26 This special collector's edition of the "stunning sequel" (Publishers Weekly, starred review) to Colleen Hoover's #1 New York Times bestselling novel—now a major motion picture starring Blake Lively—*It Ends with Us*, features a beautiful foil jacket over a hardcover case embossed with the author's signature, newly designed endpapers, a Reading Group Guide, and four delicious, fan-favorite *Atlas* recipes. Lily and her ex-husband, Ryle, have just settled into a civil coparenting rhythm when she suddenly bumps into her first love, *Atlas*, again. After nearly two years separated, she is elated that for once, time is on their side, and she immediately says yes when *Atlas* asks her on a date. But her excitement is quickly hampered by the knowledge that, though they are no longer married, Ryle is still very much a part of her life—and *Atlas Corrigan* is the one man he will hate being in his ex-wife and daughter's life. Switching between the perspectives of Lily and *Atlas*, *It Starts with Us* picks up right where the epilogue for the "gripping, pulse-pounding" (Sarah Pekkanen, New York Times bestselling author) bestselling phenomenon *It Ends with Us* left off. Revealing more about *Atlas*'s past and following Lily as she embraces a second chance at true love while navigating a jealous ex-husband, it proves that "no one delivers an emotional read like Colleen Hoover" (Anna Todd, New York Times bestselling author).

It Ends with Us Colleen Hoover, 2016-08-02 From the #1 New York Times bestselling author of *Regretting You*, *It Starts with Us*, and *All Your Perfects*, a "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) about a young woman in a new relationship who can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston,

and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

Quinn and Graham's perfect love is threatened by their imperfect marriage. The memories, mistakes, and secrets that they have built up over the years are now tearing them apart.
