**John Newton Boucher**

Night Riders in the Tallgrass Mo Griffin, 2013-02 Once a lawman, always a lawman Ty McCord is a flint-hard lawman hell-bent on outrunning a dangerous and often violent past. He travels on a long journey that takes him through Texas and eventually to the far reaches of the lawless Kansas frontier. His plan is straightforward. A quiet new life as a rancher will begin when he arrives in the remote and sparsely settled ocean of Kansas prairie grass. As he works his way along in the rugged territory, Ty's designs for a peaceful existence are soon set upon by his years of wearing a badge. Nearly a year following his arrival in the tallgrass he weds Liz, a refined and headstrong beauty. Abruptly their world is bushwhacked by a band of military-style horse thieves preying on the prairie ranches. In no time a desperate shorthanded marshal begs Ty for his help in putting an end to the night-riding raiders and the threat of angry ranchers taking matters into their own hands. Against the dead set wishes of Liz and their new child Ty reluctantly agrees to join Marshall Seward's failing struggle to bring the savage outlaws to justice. In due time the raids become personal and deadly.

**Death in the Long Grass** Peter Hathaway Capstick, 1977 A professional hunter recounts his own experiences and those of his colleagues with the animals of the African wilderness.

*Tallgrass* Sandra Dallas, 2007-04-03 Her life turned upside-down when a Japanese internment camp is opened in their small Colorado town, Rennie witnesses the way her community places suspicion on the newcomers when a young girl is murdered.

**Fire in North American Tallgrass Prairies** Scott L. Collins, Linda L. Wallace, 1990 Based on papers presented at a 1987 symposium, Fire in North American Grasslands, cosponsored by the Ecological Society of America and the Botanical Society of America, this book represents an important contribution to key unanswered questions concerning the role of fire in grassland ecosystems: How often did fires occur in the past? Were they primarily natural or caused by humans? At what time of year did grasslands normally burn? How should fire be used as a management tool? What constitutes a proper prescribed burning regime both with and without grazing?

A Death in the Tiwi Islands Eric Venbrux, 1995-01-01 This compelling book is an extended case study of the social and legal ramifications of a homicide in a Tiwi community. The author gives a detailed account of the life of the victim and the events surrounding his murder, and describes the cycle of mortuary and seasonal rituals with their elaborate songs and

dances. He also looks at the dramatic changes in Tiwi society over the last 100 years, and examines how the Tiwi have responded to the intervention of Western culture. In many areas, he finds, they have adapted and retained their own value system. Venbrux's account of the investigation and trial following the homicide provides timely and important insights into the issue of Aboriginal People, traditional law and the Australian criminal justice system. Through the strong narrative thread of this book we are presented with an incisive picture of a culture amid conflict and change.
