## Theodore Parker

*Poems* Angela Herrick, 2013-11-18 When in love The heart wishes to be full. Love wishes to take her place. Nothing better is what comes from loving hearts... Love always shows her truth and power. In *Poems*, Angela Herrick shares a diverse collection of verse that intimately explores all the realms of love. In her reflections, Herrick encourages others to lift their imaginations and open their hearts to experiences that release feelings and explore new beginnings. Through creative interplay between mythical characters, Herrick links the planets of the universe with Earth while illustrating the power of love to overcome differences, barriers to happiness, and past hurts. While focusing on kindness, loyalty, and forgiveness, Herrick's poems prove that love is a gift that should never be taken for granted. *Poems* intertwines planetary and earthly journeys in a lyrical exploration of love and all that encompasses the greatest emotion of all.

**Intellectual Agency and Virtue Epistemology: A Montessori Perspective** Patrick Frierson, 2019-12-12 Drawing on the work of Maria Montessori and contemporary virtue epistemologists such as Linda Zagzebski and Jason Baehr, *Intellectual Agency and Virtue Epistemology* presents a new interpretation of the nature of intellectual agency and its associated virtues. Focusing on Montessori's interpretation of specific virtues including sensory attentiveness, intellectual love and intellectual humility, it discusses why these are virtues, why one can be held responsible for them, and how they relate to each other. Moreover, it considers pedagogical implications of considering these capacities to be virtues. *Intellectual Agency and Virtue Epistemology* not only reveals the value of seeing Montessori as a virtue epistemologist, it encourages educationalists to take seriously the cultivation of intellectual virtues as an important part of the education of children.

*Christianity Versus War* Daniel Crouse Moomaw, 1924

*The Peace We Can't Reach* Meg Gorzycki, 2023-09-28 Propelled by George Floyd's murder in her hometown of Minneapolis, Meg Gorzycki addresses the question of why peace is difficult to cultivate and sustain, and finds that America has always had a love-hate relationship with peace. *The Peace We Can't Reach* posits that peace is more than the absence of war and aggression, and in its most profound sense is shalom, the commitment to live for the well-being of all so that compassion and justice might prevail. Exploring shalom from the perspective of war, police brutality, mass shootings, and economic injustice, this book offers evidence that neither democracy nor Christianity as Americans have known them are capable of achieving peace. It asserts that the keys to peace are personal and social narratives that give people a sense of

identity and their highest purpose, and concludes that gaining control over these narratives is vital to shalom.
