**The Papers of Martin Luther King, Jr., Volume VI** Martin Luther King Jr., 2023-11-15 Dedicated to documenting the life of America's best-known advocate for peace and justice, The Papers of Martin Luther King, Jr. breaks the chronology of its series to present King's never-before-published sermon file. In 1997 Mrs. Coretta Scott King granted the King Papers Project permission to examine papers kept in boxes in the basement of the Kings' home. The most significant finding was a battered cardboard box that held more than two hundred folders containing documents King used to prepare his celebrated sermons. This private collection that King kept in his study sheds considerable light on the theology and preaching preparation of one of the most noted orators of the modern era. These illuminating papers reveal that King's concern about poverty, human rights, and social justice was clearly present in his earliest handwritten sermons, which conveyed a message of faith, hope, and love for the dispossessed. His enduring message can be charted through his years as a seminary student, as pastor of Dexter Avenue Baptist Church, as a leader of the Montgomery bus boycott, and, ultimately, as an internationally renowned proponent of human rights who saw himself mainly as a preacher and advocate of the social gospel. Ten of the original and unedited sermons King submitted for publication in the 1963 book *Strength to Love* and audio versions of King's most famous sermons are the culmination of this groundbreaking work. Dedicated to documenting the life of America's best-known advocate for peace and justice, The Papers of Martin Luther King, Jr. breaks the chronology of its series to present King's never-before-published sermon file. In 1997 Mrs. Coretta Scott Kin

**Why The CIA Killed JFK and Malcolm X** John Koerner, 2014-11-28 This book breaks new ground in two important areas that have yet to be linked and explored by any JFK-assassination historian. John Koerner argues that the CIA's secret drug trade in Laos, and the president's effort to end it, provided the primary motive that the CIA needed to assassinate the president. A lot of effort has been made to examine the president's Vietnam policy, but precious little attention has been paid to the opium trade in Laos that was making the CIA wealthy and powerful beyond its wildest dreams. This book chronicles the president's secret war with the CIA over Laos, a high-stakes game that cost him his life. Koerner also links the JFK assassination and the drug trade with the other three major assassinations of the 1960s: Malcolm X, Martin Luther King, and Robert F. Kennedy. We will see that all four of the assassinations are linked together, all funded and executed by the CIA to silence the four most vocal leaders who were opposed to the agency's pro-war and pro-drug policy in Laos and Vietnam.

Finally, Koerner examines the impact this has had on the course of history, and imagines a world where these men had lived.

**Walking in Line** James D. Croone, 2025-03-28 As a Black American, James Croone can speak to many of the dismays of racism. Through years of teaching in Bible colleges and pastoring, he remains perplexed how one can hold on to biases against those of other ethnicities and proudly proclaim to be a follower of Jesus Christ. However, this has been a standard fixture throughout history from those who have interpreted God's word to enslave, oppress, and extort those made in his image. One would only believe that through advanced developments in studies of resources, archeology, and linguistics analysis—and, most importantly, being in tune with God's Spirit—we would have a better grasp of the gospel, ridding ourselves of these pseudo-interpretations. Much of what is touted in media, publications, or friends with opinions conveys solutions that are irrational and fueled by anger and reprisal. Civil unrest, reforms, laws, and financial retribution are shortlived, external solutions; bias is an internal problem. No matter how stringent laws can be, there are always loopholes. There are no loopholes internally, though, if one truly walks in line with the gospel. This book aims to assist in transforming the hearts of those wrestling with bias and lead them to the path of restoration.

*African Traditional And Oral Literature As Pedagogical Tools In Content Area Classrooms* Lewis Asimeng-Boahene, Michael Baffoe, 2013-12-01 For a long time, many American educators and educational stakeholders have drawn their ideas for educational reforms from ideas generated in Europe and Asia for the changing demographics of America's diverse classrooms. This book is therefore motivated by a bold attempt at advocating for the revision of existing pedagogic

fora and the creation and addition of new fora that would provide for the inclusion of thoughts, perspectives and practices of African traditional oral literature in the pedagogical tools of content area classrooms especially in North America. The articles that are presented in this book provide theoretical frameworks for using African traditional oral literature and its various tenets as teaching tools. They bring together new voices of how African literature could be used as helpful tool in classrooms. Rationale for agitating for its use as ideal for pedagogic tool is the recurrent theme throughout the various articles presented. The book explores how educators, literacy educators, learners, activists, policy makers, and curriculum developers can utilize the powerful, yet untapped gem of African oral literature as pedagogical tools in content area classrooms to help expand educators repertoire of understanding beyond the 'conventional wisdom' of their pedagogic creed. It is a comprehensive work of experienced and diverse scholars, academicians, and educators who have expertise in multicultural education, traditional oral literature, urban education, children's literature and culturally responsive pedagogy that have become the focus of U.S. discourses in public education and teacher preparation. This anthology serves as part of the quest for multiple views about our 'global village', emphasizing the importance of linking the idea of diverse knowledge with realities of global trends and development. Consequently, the goal and the basic thrust of this anthology is to negotiate for space for non-mainstream epistemology to share the pedagogical floor with the mainstream template, to foster alternative vision of reality for other knowledge production in the academic domain. The uniqueness of this collection is the idea of bringing the content and the pedagogy of most of the genres of African oral arts under one umbrella and thereby offering a practical acquaintance and appreciation with different African cultures. It therefore introduces the world of African mind and thoughts to the readers. In summary, this anthology presents an academic area which is now gaining its long overdue recognition in the academia.

Burden Courtney Hargrave, 2018-08-14 The true story behind the film starring Academy Award winner Forest Whitaker and Garrett Hedlund; written and directed by Andrew Heckler; produced by Academy Award nominee Robbie Brenner (Dallas Buyers Club) A powerful, timely story about an African American reverend whose faith compelled him to help a KKK member leave a life of hate "Honest, empowering, incredibly enjoyable, and unforgettable."—Bret Witter, bestselling co-author of *The Monuments Men*, *Dewey*, and *Stronger* In 1996, the town of Laurens, South Carolina, was thrust into the spotlight when a white supremacist named Michael Burden opened a museum celebrating the Ku Klux Klan in the community's main square. Journalists and protestors flooded the town, and hate groups rallied to the establishment's defense, dredging up the long history of racism and injustice. What came next is the subject of the film *Burden*, which won the 2018 Sundance Film Festival Audience Award. Shortly after his museum opened, Burden abruptly left the Klan in search of a better life. Broke and homeless, he was taken in by Reverend David Kennedy, an African American leader in the Laurens community, who plunged his church, friends, and family into an inspiring quest to save their former enemy. In this

spellbinding Southern epic, journalist Courtney Hargrave further uncovers the complex events behind the story told in Andrew Heckler's film. Hargrave explores the choices that led to Kennedy and Burden's friendship, the social factors that drive young men to join hate groups, and the difference one person can make in confronting America's oldest sin.

**A Testament of Hope** Martin Luther King,1990-12-07 We've got some difficult days ahead, civil rights activist Martin Luther King, Jr., told a crowd gathered at Memphis's Clayborn Temple on April 3, 1968. But it really doesn't matter to me now because I've been to the mountaintop. . . . And I've seen the promised land. I may not get there with you. But I want you to know tonight that we as a people will get to the promised land. These prophetic words, uttered the day before his assassination, challenged those he left behind to see that his promised land of racial equality became a reality; a reality to which King devoted the last twelve years of his life. These words and other are commemorated here in the only major one-volume collection of this seminal twentieth-century American prophet's writings, speeches, interviews, and autobiographical reflections. A Testament of Hope contains Martin Luther King, Jr.'s essential thoughts on nonviolence, social policy, integration, black nationalism, the ethics of love and hope, and more.
