Jazz Religion, the Second Line, and Black New Orleans Richard Brent Turner, 2016-10-17 This scholarly study demonstrates “that while post-Hurricane Katrina New Orleans is changing, the vibrant traditions of jazz . . . must continue” (Journal of African American History). An examination of the musical, religious, and political landscape of black New Orleans before and after Hurricane Katrina, this revised edition looks at how these factors play out in a new millennium of global apartheid. Richard Brent Turner explores the history and contemporary significance of second lines—the group of dancers who follow the first procession of church and club members, brass bands, and grand marshals in black New Orleans’s jazz street parades. Here music and religion interplay, and Turner’s study reveals how these identities and traditions from Haiti and West and Central Africa are reinterpreted. He also describes how second line participants create their own social space and become proficient in the arts of political disguise, resistance, and performance.

Hoodoo Saints and Root Warriors Mawiyah Kai EL-Jamah Bomani, 2025-11-08 This is a spiritual guidebook on how to successfully use the ancestral energy of cultural sheroes and heroes in the fight against persecution, privilege, white supremacy, reproduction restrictions, and LGBTQIA+ discrimination. This is a war manual intent on aiding its readers with the specifics of how to thrive in a world hell-bent on our annihilation. By working magick with the 12 Hoodoo saints in this book, we learn how to create a more balanced society that supports and honors all BIPOC and AAPI folks. Using the tools in book, readers will explore everyday ways to tell the world, I matter, and I refuse to be silenced. Conjuring the Calabash author Mawiyah Kai EL-Jamah Bomani introduces these revolutionary warriors and explains why their energy is necessary right now. She even teaches how to canonize our own elevated ancestor or spiritual icon. Hoodoo is conjure; it is rootwork; it is Black folks' spiritual hygiene and a weapon for social change. Hoodoo is a way of communicating with the universal spirits; it is a channeling of powerful and beloved figures. This book shares inspiring stories, shows how to incorporate those saints into daily spell work, and expands any practitioner's repertoire through rituals, dice divination, altar work, and more.

Rituals and Traditional Events in the Modern World Jennifer Laing, Warwick Frost, 2014-10-30 Many events have evolved over centuries, drawing on local customs and conditions. However, as the world becomes increasingly globalised, traditional events and the identities they support are increasingly being challenged and rituals may be lost. Reacting against this trend towards homogeneity, communities strive to preserve and even recreate their traditional events, which may require rituals to

be resurrected or reinvented for a new audience. The aim of this book is to explore the role of traditional events and rituals in the modern world. The 16 chapters cover a range of case studies of the performance of ritual through events, including their historical antecedents and development over time, as well as their role in society, link with identities both seemingly fixed and fluid and their continued relevance. The cases examined are not museum pieces, but rather vibrant festivals and events that continue to persist. Drawing on the power of history and cultural tradition, they are manifestations of heritage, existing in three temporalities: celebrating the past, occurring in the present and aiming to continue into and influence the future. Iconic events including Chinese New Year, Hogmanay and the New Orleans Mardi Gras are examined and examples are drawn from a diverse range of countries such as South Korea, China, Laos, the United States, Scotland, Italy, India and Haiti. This volume provides a deep understanding upon the role of tradition and ritual within events, from a global perspective and will be valuable reading for students, researchers and academics interested in events, heritage and culture.

Marsala Maroon Traci Andrighetti, 2020-08-17 An ax murder leaves Franki less than jazzed... Jazz Fest is in full swing in The Big Easy, but PI Franki Amato is singing the blues. The owner of an historic Italian grocery and deli is murdered in a manner eerily reminiscent of the Axeman of New Orleans, a notorious serial killer who hasn't struck in over a century, and someone Franki knows has been arrested for the crime. Adding to her distress, Franki, her mom, and her meddling Sicilian nonna finally meet her fiancé's family, but the tone of their encounter is decidedly downbeat. And just as her personal life strikes a sour note, the killer jazzes up his techniques. The pressure is on Franki to decipher an odd assortment of clues—an old gramophone record, a stolen trumpet, and a bottle of marsala wine. If she doesn't, she could be the next one to get the ax. Marsala Maroon is book 6 in the Franki Amato Mysteries, but it can be read as a standalone. Downtown Mardi Gras Leslie A. Wade, Robin Roberts, Frank de Caro, 2019-08-01 After Hurricane Katrina devastated New Orleans and the surrounding region in 2005, the city debated whether to press on with Mardi Gras or cancel the parades. Ultimately, they decided to proceed. New Orleans's recovery certainly has resulted from a complex of factors, but the city's unique cultural life—perhaps its greatest capital—has been instrumental in bringing the city back from the brink of extinction. Voicing a civic fervor, local writer Chris Rose spoke for the importance of Carnival when he argued to carry on with the celebration of Mardi Gras following Katrina: "We are still New Orleans. We are the soul of America. We embody the triumph of the human spirit. Hell, we ARE Mardi Gras. Since 2006, a number of new Mardi Gras practices have gained prominence. The new parade organizations or krewes, as they are called, interpret and revise the city's Carnival traditions but bring innovative practices to Mardi Gras. The history of each parade reveals the convergence of race, class, age, and gender dynamics in these new Carnival organizations. *Downtown Mardi Gras: New Carnival Practices in Post-Katrina New Orleans* examines six unique, offbeat, Downtown celebrations. Using ethnography, folklore, cultural studies, and performance studies, the authors analyze new Mardi Gras's connection to traditional Mardi Gras. The narrative of each krewe's development is fascinating and unique, illustrating participants' shared desire to contribute to New Orleans's rich and vibrant culture.

Water Graves Valérie Loichot, 2020-01-15 *Water Graves* considers representations of lives lost to water in contemporary poetry, fiction, theory, mixed-media art, video production, and underwater sculptures. From sunken slave ships to the devastation of Hurricane Katrina, Valérie Loichot investigates the lack of official funeral rites in the Atlantic, the Caribbean Sea, and the Gulf of Mexico, waters that constitute both early and contemporary sites of loss for the enslaved, the migrant, the refugee, and the destitute. Unritual, or the privation of ritual, Loichot argues, is a state more absolute than desecration.

Desecration implies a previous sacred observance--a temple, a grave, a ceremony. Unritual, by contrast, denies the sacred from the beginning. In coastal Louisiana, Mississippi, Georgia, Miami, Haiti, Martinique, Cancun, and Trinidad and Tobago, the artists and writers featured in *Water Graves*—an eclectic cast that includes Beyoncé, Radcliffe Bailey, Edwidge Danticat, Édouard Glissant, M. NourbeSe Philip, Jason deCaires Taylor, Édouard Duval-Carrié, Natasha Trethewey, and Kara Walker, among others—are an archipelago connected by a history of the slave trade and environmental vulnerability. In addition to figuring death by drowning in the unritual—whether in the context of the aftermath of slavery or of ecological and human-made catastrophes—their aesthetic creations serve as memorials, dirges, tombstones, and even material supports for the regrowth of life underwater.

This publication explores a growing movement among designers to design low-cost solutions for this other 90%. Through partnerships both local and global, individuals and organizations are finding unique ways to address the basic challenges of survival and progress faced by the world's poor and marginalized.
