The Routledge Handbook of Gender and Communication Marnel Niles Goins, Joan Faber McAlister, Bryant Keith Alexander, 2020-11-29 This volume provides an extensive overview of current research on the complex relationships between gender and communication. Featuring a broad variety of chapters written by leading and upcoming scholars, this edited collection uses diverse theoretical frameworks to provide insight into recent concerns regarding changing gender roles, representations, and resources in communication studies. Established research and new perspectives address vital themes in this comprehensive text, including the shifting politics of gender, ethical and technological trends in gendered media, and gender in daily life. Comprising 39 chapters by a team of international contributors, the Handbook is divided into six thematic sections: • Gendered lives and identities • Visualizing gender • The politics of gender • Gendered contexts and strategies • Gendered violence and communication • Gender advocacy in action These sections examine central issues, debates, and problems, including the ethics and politics of gender as identity, impacts of media and technology, legal and legislative battlegrounds for gender inequality and LGBTQ+ human rights, changing institutional contexts, and recent research on gender violence and communication. The final section links academic research on gender and communication to activism and advocacy beyond the academy. The Routledge Handbook of Gender and Communication will be an invaluable reference work for students and researchers working at the intersections of gender studies and communication studies. Its international perspectives and the range of themes it covers make it an essential and pragmatic pedagogical resource.

Television Dramas and the Global Village Carolyn A. Lin, Diana I. Ríos, 2021-10-18 This book discusses the role of television drama series on a global scale, analyzing these dramas across the Americas, Europe, Asia, Australia, and Africa. Contributors consider the role of television dramas as economically valuable cultural products and with their depictions of gender roles, sexualities, race, cultural values, political systems, and religious beliefs as they analyze how these programs allow us to indulge our innate desire to share human narratives in a way that binds us together and encourages audiences to persevere as a community on a global scale. Contributors also go on to explore the role of television dramas as a medium that

indulges fantasies and escapism and reckons with reality as it allows audiences to experience emotions of happiness, sorrow, fear, and outrage in both realistic and fantastical scenarios.

Maurice David Greven,2023-09-15 Maurice, James Ivory's 1987 adaptation of the E.M. Forster novel, follows an Edwardian man's journey from the awakening of his desire for and love of men to self-acceptance. One of the most politically resistant films of the 1980s, Maurice dared to depict a young man's coming-out story and a happy ending for its lovers, Maurice and Alec. James Ivory and producer Ismail Merchant, a couple whose cinema is synonymous with period film adaptation, released Maurice during the first AIDS decade, a time of flagrant transatlantic homophobia. Criticism following its release described Ivory as a superficial and staid director, while the film was received as a regression to the uncinematic and overly faithful style that characterized the early adaptations by Merchant Ivory Productions. Offering a close reading of Forster's novel and an analysis of Ivory's distinctive visual style, Richard Robbins's indelible score, and the performances of James Wilby, Hugh Grant, and Rupert Graves, David Greven argues that the film is a model of sympathetic adaptation. This study champions the film as the finest of the Merchant Ivory works, making a case for Ivory's underappreciated talents as a director of great subtlety and intelligence, and for the film as one worth recuperating from its detractors. Understanding Maurice as a fully realized work of art and adaptation, this volume offers insight into how a stunning novel of gay love became a classic of queer film.

Artist Management in the Music Industries Yiyi Wang,2024-11-19 Artist Management in the Music Industries: A Sui Generis Form of Management provides one of the first substantive, academic examinations of the role of an artist manager. This book deconstructs the nature of Artist Management, unveiling the pivotal role of the artist manager in creating and sustaining a dynamic environment referred to as the 'Loop', where success is realised by navigating four variables - Risks, Relationships, Emotions, and Expectations (2Rs and 2Es) - within and beyond the 'Loop'. This book offers a new perspective on Artist Management as a sui generis discipline that does not fit easily inside standard conceptions of management. Featuring ethnography and interviews, this book sheds light on the realworld challenges and successes in the field. It is a must-read for researchers, students, and practitioners in the music business, music marketing, and artist management, offering invaluable insights into the practices that shape the cultural landscape.

The Douglas Murray Collection Douglas Murray,2022-07-07 Enjoy two Sunday Times bestsellers in one in The Douglas Murray Collection, two controversial and devastatingly honest depictions of our world today. The Strange Death of Europe: This book is not only an analysis of demographic and political realities, but also an eyewitness account of a continent in self-destruct mode. It includes reporting from across the entire continent, from the places where migrants land to the places they end up, from the people who appear to welcome them in to the places which cannot accept them. Told from this first-hand perspective, and backed with impressive research and evidence, the book addresses the disappointing failure of

multiculturalism, Angela Merkel's U-turn on migration, the lack of repatriation and the Western fixation on guilt. Murray travels to Berlin, Paris, Scandinavia, Lampedusa and Greece to uncover the malaise at the very heart of the European culture, and to hear the stories of those who have arrived in Europe from far away. He ends with two visions of Europe - one hopeful, one pessimistic - which paint a picture of Europe in crisis and offer a choice as to what, if anything, we can do next. **The Madness of Crowds: A TIMES AND SUNDAY TIMES BOOK OF THE YEAR** In this devastating book, Douglas Murray examines the twenty-first century's most divisive issues: sexuality, gender, technology and race. He reveals the astonishing new culture wars playing out in our workplaces, universities, schools and homes in the names of social justice, identity politics and 'intersectionality'. Readers of all political persuasions cannot afford to ignore Murray's masterfully argued and fiercely provocative book, in which he seeks to inject some sense into the discussion around this generation's most complicated issues. He ends with an impassioned call for free speech, shared common values and sanity in an age of mass hysteria.
