**The Woodlands House** JOHN L. BISOL,2018-11-14 Dorothy Talbot aka the Witch Fidelia Bloodworth, together with her familiar Moonstone, has moved from her mansion, leaving the VICTORIAN under the care of her coven sisters - for a time indeterminate. Realizing that the only way she can fully develop her powers is to seek the privacy of the forest and in seclusion, away from external influences, study and hone her Craft. The Woodlands House provides her the perfect retreat for the Witch to commune with new spirits and enter new realms. Her hope is to become that which cannot be challenged.

**Yea, Alabama! A Peek into the Past of One of the Most Storied Universities in the Nation** David M. Battles,2015-06-18 This Yea, Alabama historical series explores the narrative of the storied University of Alabama in Tuscaloosa, Alabama in the United States, in a way not previously published. Years of research into primary documents, many only recently discovered or rediscovered, bring to the fore many new facts, new stories, new characters, new revelations, and new photos that offer the fullest picture of the University yet. This history of bringing higher education to what was just a few years earlier the ...

*The Art of Stereography* Douglas Heil,2017-02-02 Three-dimensional stereoviews were wildly popular in the mid-19th century. Yet public infatuation fueled highbrow scorn, and even when they fell from favor, critics retained their disdain. Thus a dazzling body of photographic work has unjustly been buried. This book explores how compelling images were made by carefully combining subject matter, composition, lighting, tonality, blocking and depth. It draws upon the fine arts, the mass media, humanities, history, and even geology. Throughout, overlooked photographers are celebrated, such as the one who found extraordinary visual parallels within nature, anticipating Cezanne and Seurat--or the one who refused to play favorites during a bitter war and found humanity on both sides--or the one who took a favorite American glen and found menace all about. Stereographers were actually more like film directors or television producers than large format photographers: the best ones fused artistry with commercial appeal.

*Anime and the Visual Novel* Dani Cavallaro,2014-10-16 This book describes the thematic and structural traits of a recent and popular development within the realm of anime: series adapted from visual novels. Visual novels are interactive fiction games in which players creatively control decisions and plot turning points. Endings alter according to the player's choices, providing a motivation to replay the game and opt for alternative decisions each time. Pictorial sumptuousness, plot depth

and subtle characterization are vital aspects of the medium. Anime based on visual novels capitalizes on the parent games' attributes, yielding thought-provoking yarns and complex personalities.

Not Now, Not Ever Julia Gillard,2022-10-05 This is a barn-burning piece of Australian feminist history in the making. MATILDA, BETTER READ THAN DEAD Then it was done. After staying silent, I'd had my say. At no time did I feel worked up or hotly angry. I felt strong, measured, controlled. Yet emotion did play its role in the energy of the speech. The frustration that sexism and misogyny could still be so bad in the twenty-first century. The toll of not pointing it out. On 9 October 2012, Prime Minister Julia Gillard stood up and proceeded to make all present in Parliament House that day pay attention - and left many of them squirming in their seats. The incisive 'misogyny speech', as her words came to be known, continues to energise and motivate women who need to stare down sexism and misogyny in their own lives. With contributions from Mary Beard, Jess Hill, Jennifer Palmieri, Katharine Murphy and members of the Global Institute for Women's Leadership, Julia Gillard explores the history and culture of misogyny, tools in the patriarchy's toolbox, intersectionality, and gender and misogyny in the media and politics. Kathy Lette looks at how the speech has gained a new life on TikTok, as well as inspiring other tributes and hand-made products, and we hear recollections from Wayne Swan, Anne Summers, Cate Blanchett, Brittany Higgins and others of where they were and how they first encountered the speech. While behaviours may have improved since the misogyny speech, there remains a way to go and Julia Gillard explores the roadmap for the future with next-generation feminists Sally Scales, Chanel Contos and Caitlin Figueiredo to motivate us with that rallying cry: Not now, not ever! Proceeds from the book will go to the Global Institute for Women's Leadership (GIWL).
