A Brief History of the Knights Templar Helen Nicholson, 2014-03-07 Much has been written about the Knights Templar in recent years. A leading specialist in the history of this legendary medieval order now writes a full account of the Knights of the Order of the Temple of Solomon, to give them their full title, bringing the latest findings to a general audience. Putting many of the myths finally to rest, Nicholson recounts a new history of these storm troopers of the papacy, founded during the crusades but who got so rich and influential that they challenged the power of kings.

DK Eyewitness Travel Guide: France Katherine Spenley, Robin Gauldie, 2012-02-01 The chapters of this book have been divided into 16 color-coded regions that reflect the diversity of France. These are based on the country's historical regions that were often defined by their geography and landscape as much as by their influence and power. Each has developed its own special flavor; its own architecture, cuisine, customs, music, dress, dialect and even language. The pages of the Eyewitness Travel Guide will give a taste of these areas and show you what there is to see and do. Annually revised and updated with beautiful new full-color photos, illustrations, and maps, this guide includes information on local customs, currency, medical services, and transportation. Consistently chosen over the competition in national consumer market research. The best keeps getting better!
