Nuns' Chronicles and Convent Culture in Renaissance and Counter-Reformation Italy K. J. P. Lowe,2003-12-04 This well-illustrated and innovative book analyses convent culture in sixteenth-century Italy through the medium of three unpublished nuns' chronicles. It uses a comparative methodology of 'connected differences' to examine the intellectual and imaginative achievement of these nuns, and to investigate how they fashioned and preserved individual and convent identities by writing chronicles. The chronicles themselves reveal many examples of nuns' agency, especially with regard to cultural creativity, and show that convent traditions determined cultural priorities and specialisms, and dictated the contours of convent ceremonial life.
